Noble County Annex Building

**Case Docket No. CWA-05-2013-0001**

The U.S. Environmental Protection Agency (U.S. EPA), Region 5, is providing this notice of its intent to file a combination Complaint and Proposed Consent Agreement and Proposed Final Order (Proposed CAFO) against the Noble County Drainage Board (Respondent) for violations of Sections 301 and 404 of the Clean Water Act. This Proposed CAFO will settle civil violations alleging that the Respondent discharged fill material into approximately 3,300 feet of the Simon Drain between County Road East 200 South and Black Creek (aka Bilger Ditch) without a Section 404 permit in December 2007. The surface waters of Simon Drain were replaced with a subsurface tile drain. The alleged violations are of environmental significance because surface water habitat, flood storage and nitrogen uptake have been lost. The U.S. EPA and Respondent have agreed in principle that Respondent will pay a civil penalty of \$15,000 to resolve this violation. In addition, Respondent must obtain a Section 404 permit from the U.S. Army Corps of Engineers and the Indiana Department of Environmental Management to otherwise legitimize the discharge of fill material into Simon Drain.

A copy of the Proposed CAFO may be viewed on-line at:
