Re: Administrative Order issued to Warm Springs Water District Public Water System,  
PWS ID # WY5600861, Docket No. **SDWA-08-2014-0031**

Dear Mr. Woodward:

Enclosed is an Administrative Order (Order) issued by the United States Environmental Protection Agency (EPA) under the authority of section 1414(g) of the Safe Drinking Water Act, 42 U.S.C. § 300g-3(g). Among other things, the Order alleges that the Warm Springs Water District (District), as owner and/or operator of the Warm Springs Water District Public Water System (System), has violated the National Primary Drinking Water Regulations (Drinking Water Regulations) at 40 C.F.R. part 141.

The Order is effective upon the date received. Please review the Order and within 10 days provide the EPA with any pertinent information you believe the EPA may not have (e.g., any monitoring that may have been done but not submitted, etc.).

If the District complies with the Order, the EPA may close the Order without further action. Failure to comply with the Order may lead to substantial civil penalties and/or a federal court injunction ordering compliance.

The Small Business Regulatory Enforcement and Fairness Act (SBREFA) may apply to this situation. Enclosed is a small business information sheet, outlining compliance assistance resources available to small businesses and small governments, in case these are relevant. SBREFA does not eliminate the responsibility to comply with the Order or the Drinking Water Regulations.

To submit information, to request paper copies of public notice forms and instructions, or to request an informal conference with the EPA, please contact Jill Minter at the above address (with the mailcode 8ENF-W) or by phone at (800) 227-8917, extension 6084, or (303) 312-6084. Any questions from the District's attorney should be directed to Mia Bearley, Enforcement Attorney, who may be reached at the above address (with the mailcode 8ENF-L) or by phone at (800) 227-8917, extension 6554, or (303) 312-6554.

We urge your prompt attention to this matter.

Sincerely,

Arturo Palomares, Director

Re: Notice of Safe Drinking Water Act Enforcement Action against the Warm Springs Water District Public Water System, PWS ID # WY5600861

Dear Commissioners:

The Safe Drinking Water Act (Act) requires that the U.S. Environmental Protection Agency (EPA) notify locally elected officials of certain enforcement actions taken in their area.

An Administrative Order (Order) is being issued to the Warm Springs Water District, which owns the Warm Springs Water District Public Water System, located in Fremont County, WY, directing it to comply with the National Primary Drinking Water Regulations. The violations alleged in the Order include failing to monitor for inorganic contaminants during 2011-2013 and failing to report this violation to the EPA.

For more details, a copy of the Order is enclosed. **The Order does not require any response or action by the County Commission.** If you have any questions regarding this Order, please contact Jill Minter at (303) 312-6084.

Sincerely,

Arturo Palomares, Director

IN THE MATTER OF: )

Warm Springs Water District, )

Respondent. )

Docket No. **SDWA-08-2014-0031**

**ADMINISTRATIVE ORDER**

EPA REGION VIII  
HEARING OFFICE

1. This Order is issued under the authority vested in the Administrator of the United States Environmental Protection Agency (EPA) by section 1414(g) of the Safe Drinking Water Act (Act), 42 U.S.C. § 300g-3(g), as properly delegated to the undersigned officials.
2. Warm Springs Water District (Respondent) is a public body created by or pursuant to Wyoming law that owns and/or operates the Warm Springs Water District Public Water System (System), which provides piped water to the public in Fremont County, Wyoming, for human consumption.
3. The System is supplied by groundwater consisting of a single well. The water is disinfected with gas chlorine prior to storage.
4. The System has approximately 58 service connections used by year-round residents and/or regularly serves an average of approximately 116 year-round residents. Therefore, the System is a "public water system" and a "community water system" as defined in 40 C.F.R. § 141.2 and section 1401 of the Act, 42 U.S.C. § 300f.
5. Respondent is subject to the Act and the National Primary Drinking Water Regulations (Drinking Water Regulations) at 40 C.F.R. part 141. The Drinking Water Regulations are "applicable requirements" as defined in section 1414(i) of the Act, 42 U.S.C. § 300g-3(i).
6. The Drinking Water Regulations include monitoring requirements. The EPA has sent Respondent annual notifications of the specific monitoring requirements that apply to the System.

**VIOLATIONS**

7. Respondent is required to monitor the System's water for certain inorganic contaminants at least once every three years. 40 C.F.R. § 141.23(a) and (c). Respondent failed to monitor the System's water for inorganic contaminants during the triennial period from 2011 through 2013, and, therefore, violated this requirement. Respondent monitored for inorganic contaminants on March 5, 2014.
8. Respondent is required to report any failure to comply with any Drinking Water Regulation to the EPA within 48 hours (except where the Drinking Water Regulations specify a different time period). 40 C.F.R. § 141.31(b). Respondent failed to report the violation cited in paragraph 7, above, to the EPA within 48 hours and, therefore, violated this requirement.

### **ORDER**

Based on the above violations, Respondent is ordered to perform the following actions upon Respondent's receipt of this Order (unless a different deadline is specified below):

9. Respondent shall monitor the System's water for inorganic contaminants as required by the Drinking Water Regulations. 40 C.F.R. § 141.23(a) and (c). Respondent shall report any analytical results to the EPA within the first 10 days following the month in which sample results are received, as required by 40 C.F.R. § 141.31(a).
10. Respondent shall report any violation of the Drinking Water Regulations to the EPA within 48 hours of the violation occurring, as required by 40 C.F.R. § 141.31(b). However, if a different time period for reporting is specified in this Order or the Drinking Water Regulations, Respondent shall report within that different period.
11. If the population or number of connections served by the System falls below 25 individuals or 15 connections, Respondent shall notify the EPA in writing within 10 days.
12. This Order shall be binding on Respondent and any person (e.g., employee, contractor, or other agent) acting in concert with Respondent.
13. If Respondent (a) leases or sells the System to another person or entity, or (b) contracts with or hires any other person or entity to operate the System, Respondent shall, no later than the date of such lease, sale, or other contract, provide a copy of this Order to the lessee, purchaser, or contractor. No later than 10 days thereafter, Respondent shall notify the EPA in writing of the lease, sale, or other contract, with such notification to include the name and contact information of the person who has leased, bought, or contracted to operate the System. Respondent shall remain obligated to comply with this Order even if Respondent leases the System to another person or entity or hires another person or entity to operate the System.
14. Respondent shall send all reporting and notifications required by this Order in writing to:

U.S. EPA Region 8 (8P-W-DW)  
1595 Wynkoop Street  
Denver, Colorado 80202-1129

### **GENERAL PROVISIONS**

15. This Order shall not constitute a waiver, suspension, or modification of any requirement of the Act or the Drinking Water Regulations. Issuance of this Order is not an election by the EPA to forgo any civil or criminal action.

16. Violation of any part of this Order or the Drinking Water Regulations may subject Respondent to a civil penalty of up to \$37,500 (as adjusted for inflation) per day of violation. 42 U.S.C. § 300g-3; 40 C.F.R. part 19.

17. Respondent may seek federal judicial review of this Order pursuant to section 1448(a) of the Safe Drinking Water Act, 42 U.S.C. § 300j-7(a).

18. This Order is effective upon receipt by Respondent and will continue to be in effect until closed by the EPA.

## U.S. EPA Small Business Resources Information Sheet

The United States Environmental Protection Agency provides an array of resources, including workshops, training sessions, hotlines, websites and guides, to help small businesses understand and comply with federal and state environmental laws. In addition to helping small businesses understand their environmental obligations and improve compliance, these resources will also help such businesses find cost-effective ways to comply through pollution prevention techniques and innovative technologies.

### **EPA Compliance Incentives**

EPA provides incentives for environmental compliance. By participating in compliance assistance programs or voluntarily disclosing and promptly correcting violations before an enforcement action has been initiated, businesses may be eligible for penalty waivers or reductions. EPA has two such policies that may apply to small businesses:

#### **EPA's Small Business Compliance Policy**

[www.epa.gov/compliance/incentives/smallbusiness/index.html](http://www.epa.gov/compliance/incentives/smallbusiness/index.html)

This Policy offers small businesses special incentives to come into compliance voluntarily.

#### **EPA's Audit Policy**

[www.epa.gov/compliance/incentives/auditing/auditpolicy.html](http://www.epa.gov/compliance/incentives/auditing/auditpolicy.html)

The Policy provides incentives to all businesses that voluntarily discover, promptly disclose and expeditiously correct their noncompliance.

### **Commenting on Federal Enforcement Actions and Compliance Activities**

The Small Business Regulatory Enforcement Fairness Act (SBREFA) established a SBREFA Ombudsman and 10 Regional Fairness Boards to receive comments from small businesses about federal agency enforcement actions. If you believe that you fall within the Small Business Administration's definition of a small business (based on your North American Industry Classification System designation, number of employees or annual receipts, as defined at 13 C.F.R. 121.201; in most cases, this means a business with 500 or fewer employees), and wish to comment on federal enforcement and compliance activities, call the SBREFA Ombudsman's toll-free number at 1-888-REG-FAIR (1-888-734-3247), or go to their website at [www.sba.gov/ombudsman](http://www.sba.gov/ombudsman).

Every small business that is the subject of an enforcement or compliance action is entitled to comment on the Agency's actions without fear of retaliation. EPA employees are prohibited from using enforcement or any other means of retaliation against any member of the regulated community in response to comments made under SBREFA.

### **Your Duty to Comply**

If you receive compliance assistance or submit a comment to the SBREFA Ombudsman or Regional Fairness Boards, you still have the duty to comply with the law, including providing timely responses to EPA information requests, administrative or civil complaints, other enforcement actions or communications. The assistance information and comment processes do not give you any new rights or defenses in any enforcement action. These processes also do not affect EPA's obligation to protect public health or the environment under any of the environmental statutes it enforces, including the right to take emergency remedial or emergency response actions when appropriate. Those decisions will be based on the facts in each situation. The SBREFA Ombudsman and Fairness Boards do not participate in resolving EPA's enforcement actions. Also, remember that to preserve your rights, you need to comply with all rules governing the enforcement process.

*EPA is disseminating this information to you without making a determination that your business or organization is a small business as defined by Section 222 of the Small Business Regulatory Enforcement Fairness Act or related provisions.*
