Re: Administrative Order issued to the Fremont County Community College District d/b/a Central Wyoming College regarding Sinks Canyon Center Water System, PWS ID #WY5601366, Docket No. SDWA-08-2023-0021

Dear Vice President Noseep:

Enclosed is an Administrative Order (Order) issued by the United States Environmental Protection Agency under the authority of section 1414(g) of the Safe Drinking Water Act, 42 U.S.C. § 300g-3(g). Among other things, the Order alleges that the Fremont County Community College District d/b/a Central Wyoming College (the College), owner of Sinks Canyon Center Public Water System (System), has violated the EPA's drinking water regulations at 40 C.F.R. part 141 (Part 141). The EPA is issuing this Order because our previous compliance assurance efforts have not been effective in returning the System to compliance with Part 141.

The Order is effective upon the date received. Please review the Order and within 10 business days provide the EPA with any pertinent information you believe the EPA may not have (*e.g.*, any monitoring that may have been done but not submitted, any updates to the number of service connections and/or individuals served). If the EPA does not hear from you, the EPA will assume this information is correct. If the College complies with the Order, the EPA may close the Order without further action. Failure to comply with the Order may trigger immediate action by the EPA, including a complaint seeking administrative penalties.

If you have any questions or to request an informal conference with the EPA, please contact Rachel Brookins via email at brookins.rachel@epa.gov, or by phone at (800) 227-8917, extension 6509, or (303) 312-6509. Any questions from the College's attorney should be directed to Peggy Livingston, Senior Assistant Regional Counsel, via email at livingston.peggy@epa.gov or by phone at (800) 227-8917, extension 6858, or (303) 312-6858.

We urge your prompt attention to this matter.

Sincerely,

Colleen Rathbone, Manager
