Deckers Creek Limestone
EPA Docket # CWA-03-2018-0035DW

Dear Mr. Gwynne:

The U.S. Environmental Protection Agency (“EPA”) has received confirmation from Greer Industries, Inc. (“Greer”) that they have recorded the deed restrictions for the stream preservation areas on October 18, 2021. Greer utilized these preservation areas as compensatory mitigation for the Deckers Creek Limestone site to comply with EPA’s Administrative Order, Docket Number CWA-03-2018-0035DW. Submission of these deed restrictions confirms the completion of the required mitigation. Based upon this submission, EPA has determined that Greer has met the requirements of the aforementioned order and considers this docket to be closed.
