Subject: Closure of Administrative Order - South Chouteau County Water and Sewer District (MT0001925), SDWA-08-2025-0032

Good afternoon,

The EPA has decided to close the Administrative Order (Order) regarding the South Chouteau County Water and Sewer District. The EPA has determined that there are no remaining requirements of the Order. The system completed the lead service line inventory and public notice requirements and made the inventory publicly available.

Please be aware that you are still required to comply with the National Primary Drinking Water Regulations (drinking water regulations), 40 C.F.R. part 141. Violation of the drinking water regulations may result in a court-imposed injunction and/or penalties.

Thank you for resolving these issues. If you have any questions regarding this matter, please contact me.

Rachel Brookins, P.E.
