IV. FINDINGS OF FACT

26. Respondent is a “person” as defined in Section 2(s) of FIFRA, 7 U.S.C. § 136(s), and as such is subject to FIFRA and the regulations promulgated thereunder.
27. On May 8, 2025, the EPA conducted an inspection at Respondent’s Facility, which is an EPA-registered pesticide producing establishment assigned EPA Establishment Number 92031-GA-1.
28. During the inspection, the inspector collected the label and two sale and distribution records from October 20, 2023, and March 15, 2024, of ISO-10 (EPA Reg. No. 92031-1). At that time, Respondent stated that the collected label was an accurate representation of the label on the ISO-10 package for which the two sale and distribution records were collected.
29. A review of the EPA’s Pesticide Product and Label System found that ISO-10 has had its labeling amended on multiple occasions. In accordance with 40 C.F.R. § 152.130(c), ISO-10 may be distributed or sold under the previously approved labeling for no more than 18 months after approval of the revised label. The following lists the three most recently approved labels and the date after which the ISO-10 pesticide with that label may no longer be sold:
 - (a) The EPA-approved label of September 25, 2017 (2017 label), which may no longer be used on products sold or distributed after March 25, 2019;
 - (b) The EPA-approved label of May 13, 2022 (2022 label), which may no longer be used on products sold or distributed after November 13, 2023; and
 - (c) The EPA-approved label of February 21, 2023 (2023 label), which is the current approved label.
30. A review of the ISO-10 label collected during the inspection was conducted on May 23, 2025. The review found that the collected label differed from the approved 2023 label as follows:
 - (a) The collected label states, “meets requirement for emerging viral pathogen claim” but does not include any of the qualifying language associated with this statement found on the 2022 label and 2023 label. The emerging viral pathogens claim was not on the 2017 label.
 - (b) The collected label omits the entire Pesticide Storage discussion under the Storage and Disposal section that was approved for use on the 2017 label, 2022 label, and the 2023 label.
 - (c) The collected label states: “Wear appropriate Personal Protection Equipment (PPE) including respiratory protection i.e. N100 mask....” This language was not found on 2017 label, 2022 label, or the 2023 label.
 - (d) The collected label states: “This product meets AOAC Use-Dilution test standards for hospital grade disinfectants,” which was found on the 2017 label. This language was not

found on the 2022 label or 2023 label. The sale of this pesticide with this label language was not allowed after March 25, 2019.

- (e) The collected label states: “[M]eeting all requirements as a hospital grade disinfectant,” which was found on the 2017 label. This language was not found on the 2022 label or 2023 label. The sale of this pesticide with this label language was not allowed after March 25, 2019.
 - (f) The collected label includes a Contact Time section which was found on the 2017 label. This language was not found on the 2022 label or 2023 label. The sale of this pesticide with this language was not allowed after March 25, 2019.
31. Based on the EPA’s review of the ISO-10 label, the label did not include the necessary Directions for Use, Precaution Statement, or Pesticide Storage and Disposal instructions, as required by 40 C.F.R. § 156.10(a)(1)(vii), (viii), and (i)(2)(ix). Moreover, the label collected differed from the EPA-approved label and was used outside of the allowable 18-month period following approval, which is prohibited by 40 C.F.R. § 152.130(a) and (c).
32. The collected label includes a QR code that links to the IsoKlean website, www.isoklean.com, which is considered labeling. On August 15, 2023, and April 21, 2025, the EPA conducted a review of the labeling, specifically the IsoKlean website, and found that the IsoKlean website contains claims not found on the EPA-approved 2023 label, including, but not limited to, the following claims:
- (a) “Power Of Three EPA Registered Disinfectants Blended Into 1 Powerful Formulation!”
 - (b) “Cutting-Edge Healthcare Solutions;”
 - (c) “EPA-Registered Safety;”
 - (d) “Eco-Friendly Options: by doing more with less chemicals;”
 - (e) “Elevate Guest Safety with Premier Disinfection;”
 - (f) “Unmatched Cleanliness: Achieve superior standards of cleanliness, fostering a safer and more conducive learning environment for students and staff alike;” and
 - (g) “IsoKlean Iso-10 is effective against Pseudomonas Aeruginosa, Staph, MRSA, COVID-19, Feline Calicivirus and more.”
33. Based on the EPA’s review of the labeling described in Paragraph 32 above, specifically the IsoKlean website, Respondent made false or misleading claims concerning the effectiveness of the pesticide, representations comparing the pesticide to other pesticides, true statements giving a false or misleading impression, and claims as to the safety of the pesticide, all of which are statements and representations prohibited under 40 C.F.R. § 156.10(a)(5)(ii), (iv), (vii) and (ix).

V. ALLEGED VIOLATIONS

34. The EPA alleges that Respondent violated Section 12(a)(1)(E) of FIFRA, 7 U.S.C. § 136j(a)(1)(E), by distributing or selling a misbranded pesticide on multiple occasions between October 20, 2023, and March 15, 2024, and violated Section 12(a)(1)(B), 7 U.S.C. § 136j(a)(1)(B), by distributing or selling a pesticide with claims that differ substantially from those accepted in connection with its registration, as outlined in Section IV of this CAFO.

VII. TERMS OF PAYMENT

39. Respondent consents to the payment of a civil penalty, which was calculated in accordance with the Act, in the amount of **NINE THOUSAND ONE HUNDRED AND EIGHTY DOLLARS (\$9,180.00)**, which is to be paid within thirty (30) days of the Effective Date of this CAFO.
40. Respondent shall pay the civil penalty and any interest, fees, and other charges due using any method, or combination of appropriate methods, as provided on the following EPA website: <https://www.epa.gov/financial/makepayment>. For additional instructions, see: <https://www.epa.gov/financial/additional-instructions-making-payments-epa>. In addition, Respondent shall identify every payment with Respondent's name and the docket number of this CAFO, Docket No. **FIFRA-04-2025-3023(b)**.
41. Respondent shall send proof of payment, within twenty-four (24) hours of payment of the civil penalty, to:

Regional Hearing Clerk

and

Kimberly Tonkovich
Enforcement and Compliance Assurance Division
Chemical Safety and Land Enforcement Branch
tonkovich.kmberly@epa.gov

and

42. "Proof of payment" means, as applicable, confirmation of credit card or debit card payment, confirmation of wire or automated clearinghouse transfer, and any other information required to demonstrate that payment has been made according to EPA requirements, in the amount due, and identified with Respondent's name and Docket No. **FIFRA-04-2025-3023(b)**.
43. Interest, Charges, and Penalties on Late Payments. Pursuant to 31 U.S.C. § 3717, 31 C.F.R. § 901.9, and 40 C.F.R. § 13.11, if Respondent fails to timely pay any portion of the civil penalty, interest, or other charges and penalties per this CAFO, the entire unpaid balance of the civil penalty and all accrued interest shall become immediately due and owing, and the EPA is authorized to recover the following amounts.
- (a) Interest. Interest will begin to accrue from the Effective Date of this CAFO. If the civil penalty is paid in full within thirty (30) days of the Effective Date of this CAFO, interest is waived. However, if the civil penalty is not paid in full within thirty (30) days of the Effective Date of this CAFO, interest will continue to accrue until any unpaid portion of the civil penalty as well as any interest, penalties, and other charges are paid in full. To protect the interests of the United States, the rate of interest is set at the IRS standard underpayment rate, as any lower rate would fail to provide Respondent adequate incentive for timely payment.
 - (b) Handling Charges. Respondent will be assessed monthly a charge to cover the EPA's costs of processing and handling overdue debts.
 - (c) Late Payment Penalty. A late payment penalty of six percent (6%) per annum will be assessed monthly on all debts, including any portion of the civil penalty, interest, penalties, and other charges that remain delinquent more than ninety (90) days.
44. Late Penalty Actions. In addition to the amounts described in the prior Paragraph, if Respondent fails to timely pay any portion of the civil penalty, interest, or other charges and penalties per this CAFO, the EPA may take additional actions. Such actions the EPA may take include, but are not limited to, the following:
- (a) refer the debt to a credit reporting agency or a collection agency (*see* 40 C.F.R. §§ 13.13 and 13.14);
 - (b) collect the debt by administrative offset (i.e., the withholding of money payable by the United States government to, or held by the United States government for, a person to satisfy the debt the person owes the United States government), which includes, but is not limited to, referral to the Internal Revenue Service for offset against income tax refunds (*see* 40 C.F.R. Part 13, Subparts C and H);
 - (c) suspend or revoke Respondent's licenses or other privileges, or suspend or disqualify Respondent from doing business with the EPA or engaging in programs the EPA sponsors or funds (*see* 40 C.F.R. § 13.17); and/or
 - (d) request that the Attorney General bring a civil action in the appropriate district court to recover the amount assessed pursuant to Section 14(a)(5) of FIFRA, 7 U.S.C. § 136/(a)(5).

45. Allocation of Payments. Pursuant to 31 C.F.R. § 901.9(f) and 40 C.F.R. § 13.11(d), a partial payment of a debt will be applied first to outstanding handling charges, second to late penalty charges, third to accrued interest, and last to the principal that is the outstanding civil penalty amount.
46. Tax Treatment of Penalties. Penalties, interest, and other charges paid pursuant to this CAFO shall not be deductible for purposes of federal taxes.

VIII. EFFECT OF CAFO

47. In accordance with 40 C.F.R. § 22.18(c), Respondent's full compliance with this CAFO shall only resolve Respondent's liability for federal civil penalties for the violations and facts specifically alleged above.
48. In accordance with 40 C.F.R. § 22.18(c), full payment of the civil penalty, as provided in Section VII (Terms of Payment), shall satisfy the requirements of this CAFO; but shall not in any case affect the right of the EPA or the United States to pursue appropriate injunctive or other equitable relief or criminal sanctions for any violations of law.
49. Any violation of this CAFO may result in a civil judicial action for civil penalties as provided in Section 14(a) of the Act, 7 U.S.C. § 136/(a), as well as criminal sanctions as provided in Section 14(b) of the Act, 7 U.S.C. § 136/(b). The EPA may use any information submitted under this CAFO in an administrative, civil judicial, or criminal action.
50. Nothing in this CAFO shall relieve Respondent of the duty to comply with all applicable provisions of FIFRA and other federal, state, or local laws or statutes, nor shall it restrict the EPA's authority to seek compliance with any applicable laws or regulations, nor shall it be construed to be a ruling on, or determination of, any issue related to any federal, state, or local permit, except as expressly provided herein.
51. Nothing herein shall be construed to limit the power of the EPA to undertake any action against Respondent or any person in response to conditions that may present an imminent hazard as provided under the Act.
52. The terms, conditions, and compliance requirements of this CAFO may not be modified or amended except upon the written agreement of both Parties, and approval of the Regional Judicial Officer.
53. The provisions of this CAFO shall apply to and be binding upon Respondent and its successors and assigns. Respondent shall direct its officers, directors, employees, agents, trustees, and authorized representatives to comply with the provisions of this CAFO.
54. Any change in the legal status of Respondent, or change in ownership, partnership, corporate or legal status relating to the Facility, will not in any way alter Respondent's obligations and responsibilities under this CAFO.
55. By signing this Consent Agreement, Respondent acknowledges that this CAFO will be available to the public and agrees that this CAFO does not contain any confidential business information or personally identifiable information.

56. By signing this Consent Agreement, the Complainant and the undersigned representative of Respondent each certify that he or she is fully authorized to execute and enter into the terms and conditions of this CAFO and has the legal capacity to bind the party he or she represents to this CAFO.
57. By signing this Consent Agreement, both Parties agree that each party's obligations under this CAFO constitute sufficient consideration for the other party's obligations.
58. By signing this Consent Agreement, Respondent certifies that the information it has supplied concerning this matter was at the time of submission, and continues to be, true, accurate, and complete for each such submission, response, and statement. Respondent acknowledges that there are significant penalties for submitting false or misleading information, including the possibility of fines and imprisonment for knowing submission of such information, under 18 U.S.C. § 1001.
59. The EPA reserves the right to revoke this CAFO and settlement penalty if and to the extent that the EPA finds, after signing this CAFO, that any information provided by Respondent was materially false or inaccurate at the time such information was provided to the EPA. If such false or inaccurate material was provided, the EPA reserves the right to assess and collect any and all civil penalties for any violation described herein. The EPA shall give Respondent notice of its intent to revoke, which shall not be effective until received by Respondent in writing.
60. It is the intent of the Parties that the provisions of this CAFO are severable. If any provision or authority of this CAFO or the application of this CAFO to any party or circumstances is held by any judicial or administrative authority to be invalid or unenforceable, the application of such provisions to other parties or circumstances and the remainder of the CAFO shall remain in force and shall not be affected thereby.
61. Unless specifically stated otherwise in this CAFO, each party shall bear its own attorney's fees, costs, and disbursements incurred in this proceeding.

IX. EFFECTIVE DATE

62. This CAFO shall become effective upon execution of the Final Order by the Regional Judicial Officer on the date of filing with the Regional Hearing Clerk.
