The City of New York, :
: :
Respondent. :
: :
Proceeding under Section 3008 of the :
Solid Waste Disposal Act, as amended. :
-----X

**CONSENT AGREEMENT AND
FINAL ORDER**

Docket Number RCRA-02-2009-7101

PRELIMINARY STATEMENT

This administrative proceeding was instituted pursuant to Section 3008 of the Solid Waste Disposal Act, as amended by various statutes including the Resource Conservation and Recovery Act of 1976 and the Hazardous and Solid Waste Amendments of 1984 (“HSWA”), 42 U.S.C. § 6908 (collectively these statutes referred to as “RCRA” or the “Act”). The United States Environmental Protection Agency (“EPA”) has promulgated regulations governing the handling, management and disposal of hazardous waste at 40 C.F.R. Parts 260-279.

Section 3008 of RCRA, 42 U.S.C. § 6928, authorizes the Administrator to enforce violations of the Act and the regulations promulgated or authorized pursuant to it. Complainant in this proceeding, the Director of the Division of Enforcement and Compliance Assistance (“Complainant”) of the U.S. Environmental Protection Agency, Region 2 (“EPA”) has been duly delegated the authority to institute this action.

Pursuant to Section 3006(b) of RCRA, 42 U.S.C. § 6926(b), “[a]ny State which seeks to administer and enforce a hazardous waste program pursuant to [Subchapter III, Hazardous Waste Management; 42 U.S.C. §§ 6921-6939e] may develop and...submit to the Administrator [of EPA] an application...for authorization of such program.” If EPA then grants a State’s request to operate such a hazardous waste program, Section 3006 further provides that “[s]uch State is authorized to carry out such program in lieu of the Federal program under this subchapter in such State and to issue and enforce permits for the storage, treatment, or disposal of hazardous waste....”

Pursuant to Section 3006(b) of the Act, 42 U.S.C. § 6926(b), the State of New York received on May 29, 1986 final authorization from EPA to administer its base hazardous waste program. Since 1986, New York State has been authorized to enforce many other hazardous waste requirements promulgated by EPA pursuant to RCRA. *See 67 Fed. Reg.* 49864 (August 1, 2002) and *70 Fed. Reg.* 1825 (January 11, 2005). This includes most EPA regulations issued as of July 1999. Section 3008(a) of the Act, 42 U.S.C. § 6928(a), authorizes EPA to enforce the regulations constituting the authorized State program.

Pursuant to Section 22.13 of the revised Consolidated Rules of Practice, Title 40 of the Code of Federal Regulations (“C.F.R.”), 40 C.F.R. § 22.13(b) (64 Fed. Reg. 40181, July 23, 1999), where parties agree to settlement of one or more causes of action before the filing of a Complaint, a proceeding may simultaneously be commenced and concluded by the issuance of a Consent Agreement and Final Order (“CA/FO”) pursuant to 40 C.F.R. §§ 22.18(b)(2) and (3). This administrative proceeding constitutes one that is simultaneously being commenced and concluded pursuant to said provisions of 40 C.F.R. § 22.18(b).

It has been agreed by the parties that settling this matter by entering into this CA/FO pursuant to 40 C.F.R. §§ 22.13(b) and 22.18(b)(2) and (3) is an appropriate means of resolving specified claims against Respondent without further litigation. To that end, the parties have periodically met and held several settlement discussions. This CA/FO is being issued pursuant to said provisions of 40 C.F.R. Part 22. No findings of fact or conclusions of law have been judicially or administratively adjudicated. The following constitute EPA’s findings of fact and conclusions of law based on information of which Complainant was aware as of June 1, 2008.

EPA FINDINGS OF FACT

1. Respondent is the City of New York (“Respondent” or “City”), a municipality existing under the laws of the State of New York.

2. For all times relevant to the matters set forth below, the Department of Citywide Administrative Services (“DCAS”), an agency of the City, has been and continues to be, responsible for the purchasing, inspecting and distributing of City-owned supplies and equipment; managing 53 buildings within New York City; purchasing, selling and leasing non-residential real property; and locating space for City agencies.

3. Since at least 1996, the City, through DCAS carrying out its aforementioned (§ 2, above) activities and conducting normal building maintenance operations at such facilities, has generated (and continues to generate) “solid waste,” as defined in 6 NYCRR § 371.1, some of which constitutes “hazardous waste,” as defined in 6 NYCRR § 371.1(d), and some of which constitutes “universal waste,” as defined in 6 NYCRR § 374-3.1(i)(11).

4. In or around March 1986, EPA received notice that hazardous waste is generated at each of the following facilities (identified by address below) that are maintained by DCAS (unless otherwise noted, all facilities are located in New York County):

- a. 520 First Avenue;
- b. 253 Broadway;
- c. 100 Gold Street;
- d. 52 Chambers Street;
- e. 141 Livingston Street in Brooklyn (Kings County);
- e. 27 Madison Avenue;
- f. 346 Broadway; and
- g. 851 Grand Concourse in Bronx County.

5. In response to the aforementioned (§ 4, above) notifications, in or around March 1986, EPA issued the following EPA identification numbers:

- a. NYD981185200 for 520 First Avenue;
- b. NYR000065094 for 253 Broadway;
- c. NYD986998169 for 100 Gold Street;
- d. NYR000076539 for 52 Chambers Street;
- e. NYR000104414 for 141 Livingston Street in Brooklyn (Kings County);
- e. NYR000030403 for 27 Madison Avenue;
- f. NYD982534323 for 346 Broadway; and
- g. NYR000110619 for 851 Grand Concourse in Bronx County.

6. On or about the following dates listed below, duly designated representatives of EPA conducted inspections, pursuant to Section 3007 of RCRA, 42 U.S.C. § 6927, at the following respective locations in New York County for the purpose of evaluating compliance with RCRA and the regulations implementing its provisions:

- a. 520 First Avenue – August 5, 2003;
- b. 235 East 20th Street – August 5, 2003;
- c. 100 Centre Street – July 29, 2004;
- d. 346 Broadway – December 29, 2004 and December 14, 2005;
- e. 52 Chambers Street – November 29, 2005;
- f. 100 Gold Street – November 30, 2005; and
- g. 125 Worth Street – November 30, 2005.

7. On or about June 30, 2004, EPA issued to DCAS, pursuant to Section 3007 of RCRA, 42 U.S.C. § 6927 (“3007 IRL”), a request that it submit to EPA information and documents concerning compliance with RCRA and the regulations implementing its provisions, and the response thereto was sent to EPA on or about January 10, 2005.

8. Both prior and subsequent to August 27, 2004, DCAS used the following equipment in carrying out its aforementioned (¶ 2, above) activities at all or some of said 53 facilities:

- a. mercury containing light bulbs, including fluorescent lighting (bulbs), and reactive lamps, such as sodium vapor lamps; and
- b. computer monitors.

9. Prior to August 27, 2004, DCAS had taken each of the following items out of service at said facilities in order to dispose of them, with such items constituting a solid waste when taken out of service to be disposed of:

- a. the aforementioned (¶ 8, sub-¶ a., above) spent light bulbs;
- b. the aforementioned (¶ 8, sub-¶ b., above) previously used computer monitors.

10. Prior to August 27, 2004, DCAS had not determined, and did not have a third-party determine for it, whether each of the following constituted a hazardous waste, including at the facilities identified in paragraph 6, above:

- a. the aforementioned (¶ 9, sub-¶ a., above) spent light bulbs; and/or
- b. the aforementioned (¶ 9, sub-¶ b., above) previously used computer monitors.

11. During the following inspections referenced in paragraph 6, above, some of the aforementioned (¶ 9, sub-¶ a., above) spent light bulbs were stored in containers or packages that were open or only partially closed and/or were not labeled so as to identify the contents therein:

- a. 346 Broadway (December 14, 2005);
- b. 52 Chambers Street;
- c. 100 Gold Street; and
- d. 125 Worth Street.

EPA CONCLUSIONS OF LAW

1. For all times relevant hereto, Respondent has been a “person” (as that term has been defined in Section 1004(15) of RCRA, 42 U.S.C. § 6903(15), and in Title 6 of the New York Codes, Rules, and Regulations (“6 NYCRR”) § 370.2(b)).¹

¹ All words or phrases defined herein by reference to statutory and/or regulatory provisions are subsequently used as so defined.

2. For all times relevant hereto, Respondent has been a “generator,” as that term is defined in 6 NYCRR § 370.2(b), of the hazardous waste generated at the 53 facilities managed by DCAS.

3. For all times relevant hereto, each of the aforementioned (¶ 2 of the “EPA Findings of Fact,” above) facilities constituted an “existing hazardous waste management facility” (or “existing facility”) within the meaning of 6 NYCRR § 370.2(b).

4. Pursuant to 6 NYCRR § 372.2(a)(2), a person who generates a solid waste must determine whether that solid waste is a hazardous waste using the procedures specified in that provision (such determination subsequently referred to as a “hazardous waste determination”).

5. The City is responsible for the obligations and liabilities of DCAS.

6. Respondent’s failure at the different locations to have made, or to have a third-party make on its behalf, a hazardous waste determination for each of the following constitutes separate violations of 6 NYCRR § 372.2(a)(2):

a. the aforementioned (¶ 9, sub-¶ a. of the “EPA Findings of Fact,” above) spent light bulbs;

b. the aforementioned (¶ 9, sub-¶ b. of the “EPA Findings of Fact,” above) previously used computer monitors.

7. Spent hazardous waste light bulbs, *inter alia*, must be managed:

a. by a “small quantity handler” of such bulbs (as so defined by 6 NYCRR § 374-3.1(i)(9)), pursuant to 6 NYCRR § 374-3.2(d)(4) in a way that prevents releases of any universal waste or component of universal waste to the environment, including, *inter alia*, in such a way to contain such bulbs in containers or packages that are structurally sound, adequate to prevent breakage and compatible with the contents of such bulbs;

b. by a “large quantity handler” of such bulbs (as so defined by 6 NYCRR § 374-3.1(i)(6)), pursuant to 6 NYCRR § 374-3.3(d)(4) in a way that prevents releases of any universal waste or component of universal waste to the environment, including, *inter alia*, in such a way to contain such bulbs in containers or packages that are structurally sound, adequate to prevent breakage and compatible with the contents of such bulbs.²

² Pursuant to 6 NYCRR § 374-3.1(i)(12), a “universal waste handler” is defined, *inter alia*, as “[a] generator...of universal waste.” The term “generator” pertinent to universal waste is defined in 6 NYCRR § 374-3.1(i)(4) with reference to each specific site: “‘Generator’

8. Each spent hazardous waste light bulb or the container or package in which such bulbs are contained must be labeled or marked clearly with one of the following phrases: “Universal Waste-Lamp(s),” or “Waste Lamp(s)” or “Used Lamp(s)”:

a. pursuant to 6 NYCRR § 374-3.2(e)(5) for a small quantity handler of such waste;

b. pursuant to 6 NYCRR § 374-3.3(e)(5) for a large quantity handler of such waste.

9. Respondent’s failure at the different locations to have managed the aforementioned (¶ 11 of the “EPA Findings of Fact” section, above) spent light bulbs, or to have a third-party manage said bulbs on its behalf, in accordance with the requirements of 6 NYCRR § 374-3.2(d)(4) constitutes separate violations of said provision.

10. Respondent’s failure to have labeled or marked the containers or packages containing the aforementioned (¶ 11 of the “EPA Findings of Fact” section, above) spent light bulbs, or to have a third-party label or mark said bulbs on its behalf, in accordance with the requirements of 6 NYCRR § 374-3.2(e)(5) constitutes separate violations of said provision.

11. Each of the following constitutes a requirement of Subchapter III of RCRA, 42 U.S.C. §§ 6921-6939e for purposes of Section 3008(a) of RCRA, 42 U.S.C. § 6928(a):

- a. 6 NYCRR 372.2(a)(2);
- b. 6 NYCRR § 374-3.2(d)(4);
- c. 6 NYCRR § 374-3.3(d)(4);
- d. 6 NYCRR § 374-3.2(e)(5); and
- e. 6 NYCRR § 374-3.3(e)(5).

12. Respondent is liable pursuant to Section 3008(a) of RCRA, 42 U.S.C. § 6928(a), for each of the aforementioned (¶s 6, 9 and 10 of this section, above) violations.

AGREEMENT ON CONSENT

Based upon the foregoing, and pursuant to Section 3008 of RCRA and the “Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation or Suspension of Permits” (40 C.F.R. Part 22), it is hereby agreed by and between Complainant and Respondent, as follows:

means any person, by site, whose act or process produces hazardous waste identified or listed in [6 NYCRR] Part 371...or whose act first causes hazardous waste to become subject to regulation.”

Jurisdiction/Effective Date/Compliance Order Provisions

1. For the purpose of this proceeding and in the interest of an expeditious resolution of this matter, pursuant to 40 C.F.R. § 22.18(b)(2), Respondent: **a)** admits the EPA has jurisdiction pursuant to Section 3008 of RCRA, 42 U.S.C. § 6928, to commence an administrative proceeding for the violations alleged in the “EPA Conclusions of Law” section, above; **b)** neither admits nor denies the EPA Findings of Fact and EPA Conclusions of Law set forth in this Consent Agreement; **c)** consents to the assessment of the civil penalty as set forth below; **d)** consents to perform in good faith and to complete the Supplemental Environmental Project in accordance with the terms and conditions set forth below; **e)** consents to the issuance of the Final Order accompanying this Consent Agreement; and **f)** waives any right to seek judicial review of, or otherwise to contest in any forum, the attached Final Order.

2. Pursuant to 40 C.F.R. § 22.31(b), the effective date of this CA/FO shall be the date when such document is filed with the Regional Hearing Clerk of the United States Environmental Protection Agency, Region 2.

3. Commencing on the effective date of this CA/FO, Respondent shall henceforth, for all solid wastes generated at the aforementioned (¶ 2 of the “EPA Findings of Fact” section, above) facilities make (or have a third-party make on its behalf) the required determination whether any and/or all of such wastes are hazardous wastes (and such requirement shall include solid waste previously generated and stored on-site for which no such prior determination had been made).

4. Commencing on the effective date of this CA/FO, Respondent shall, for all spent hazardous waste light bulbs henceforth (*i.e.* on or after the effective date of this CA/FO) generated at each of the aforementioned (¶ 2 of the “EPA Findings of Fact” section, above) facilities manage such bulbs in accordance with the requirements of 6 NYCRR § 374-3.2(d)(4) (or 6 NYCRR § 374-3.3(d)(4), as appropriate), and further shall label or mark such bulbs in accordance with the requirements of 6 NYCRR § 374-3.2(e)(5) (or 6 NYCRR § 374-3.3(e)(5), as appropriate).

Penalty Payment Provisions

5. Respondent shall pay a civil penalty in the amount of **FIFTY THOUSAND (\$50,000.00) DOLLARS**, to be paid within forty-five (45) days³ of the effective date of this CA/FO. Payment shall be made by check or by electronic fund transfer (EFT). If payment is made by check, the check shall be made payable to the “**Treasurer, United States of America,**” and shall be identified with a notation thereon listing the following: ***In the Matter of City of New York, Docket Number RCRA-02-2009-7101.*** If Respondent makes payment by check then it

³ All subsequent use of the word “days” shall mean, and be synonymous with, “calendar days.”

shall be *received* at the address listed below in this paragraph on or before the date specified. The check making payment shall be mailed to the following address:

U.S. Environmental Protection Agency
Fines and Penalties
Cincinnati Finance Center
P.O. Box 979077
St. Louis, Missouri 63197-9000

Alternatively, if Respondent chooses to make payment by EFT, then the EFT shall be *received* on or before the required date. Further, if payment is made by EFT, Respondent shall then provide the following information to the remitter bank:

- a. Amount of Payment
- b. SWIFT address: **FRNYUS33, 33 Liberty Street, New York, New York 10045**
- c. Account Code for Federal Reserve Bank of New York receiving payment: **68010727**
- d. Federal Reserve Bank of New York ABA routing number: **021030004**
- e. Field Tag 4200 of the Fedwire message should read: **D 68010727 Environmental Protection Agency**
- f. Name of Respondent: **City of New York**
- g. Case docket number: **RCRA-02-2009-7101.**

6. Whether Respondent makes payment by check or by the EFT method, Respondent shall promptly after payment has been made furnish reasonable proof that such payment has been made, and such proof shall be furnished to each of:

Lee A. Spielmann, Assistant Regional Counsel
Environmental Protection Agency, Region 2
290 Broadway, 16th floor
New York, New York 10007-1866

Karen Maples, Regional Hearing Clerk
Environmental Protection Agency, Region 2
290 Broadway, 16th floor
New York, New York 10007-1866

7. Failure to pay the amount in full within the time period set forth above may result in referral of this matter to the United States Department of Justice or the United States Department of the Treasury for collection. Furthermore:

a. If payment is not made on or before the date when such payment is made due under the terms of this document, interest for said payment shall be assessed at the annual rate established by the Secretary of the Treasury pursuant to 31 U.S.C. § 3717, on the overdue amount from the date said payment was to have been made through the date said payment has been received.

b. A late payment handling charge of \$15.00 will be assessed for each thirty (30) day period or any portion thereof, following the date such payment was to have been made, in which payment of the amount remains in arrears. In addition, a 6% per annum penalty will be applied to any principal amount that has not been received by the EPA within ninety (90) days of the date for which such payment was required hereunder to have been made.

Supplemental Environmental Project

8. In recognition that environmental auditing plays a critical role in protecting human health and the environment by affording the opportunity to identify, correct and ultimately prevent violations of environmental regulations, the City and EPA hereby agree that the City shall implement a Supplemental Environmental Project (“SEP”) as part of the settlement of the aforementioned alleged violations at various facilities owned and/or operated by the City, as set forth below.⁴ The City shall implement a City-wide multi-facility audit (“Audit Program”) to assess its compliance with hazardous and/or universal waste regulations pertaining to spent bulbs (as defined below in paragraph 9) and used computer monitors (as defined below in paragraph 9) and, if necessary, shall promptly correct any violations that exist without incurring any additional penalties (to the extent not otherwise specifically provided for below) for any civil RCRA violations existing as a result of the City’s (or an agency thereof) past handling of spent bulbs or used computer monitors, including any such violations that might be uncovered during said audit. Further, as part of this SEP, the City shall also endeavor to increase the recycling of spent bulbs and used computer monitors. The SEP shall commence no later than twelve (12) months after the effective date of this CA/FO, subsequently referred to as the SEP Initiation Date (“SID”), thereby allowing the City time to secure any necessary support contractors and/or consultants and ensure that signed contracts are in place and personnel are ready for work on the SEP on or before the SID.

9. The following definitions apply for purposes of this SEP:

⁴ While EPA’s investigative activities have mainly focused on DCAS, as noted in the “EPA Findings of Fact” section, above, Respondent City has voluntarily agreed to include other City agencies within the scope of this SEP.

a. "Agency" shall mean any department or division of the government of the City acting under the authority of, or otherwise answerable to, the Mayor of the City of New York. As used herein, "agency" includes, but is not necessarily limited to, the following: the New York City Police Department, the New York City Fire Department, the New York City Department of Sanitation, the New York City Department of Education, the New York City Department of Housing Preservation and Development, the New York City Parks Department, the New York City Department of Transportation and the New York City Department of Corrections.

b. "Bulb" shall be defined as the term "lamp" is defined in 6 NYCRR § 374-3.1(i)(5).⁵

c. "City" refers to Respondent City and any agency of the City (as defined above in sub-paragraph "a." The term "City" shall apply either to Respondent City or to a specific agency(ies) thereof, depending upon the appropriate context.)

d. "City facility" means all contiguous land, and structures, other appurtenances, and improvements on the land, in which hazardous waste is being or has been generated, treated, stored, disposed of or otherwise managed, that are owned or operated by any City agency and/or at which the City, either through its employees or a contractor, is responsible for handling and/or disposing of bulbs or computers, including, but not limited to, those facilities compiled in the two lists of Covered Facilities annexed hereto as Attachment "1." The City may from time to time revise the lists of Covered Facilities to update them (i.e., to add properties under City ownership or operation or to delete properties that the City no longer owns or operates).

e. "Computer" shall be defined as any computer monitor containing lead or mercury that is solid waste regulated by the applicable rules listed in paragraph 12, below.⁶

⁵ Said provision, in the subpart for universal wastes, provides:

'Lamp' also referred to as 'universal waste lamp' is defined as the bulb or tube portion of an electric lighting device. A lamp is specifically designed to produce radiant energy, most often in the ultraviolet, visible, and infra-red regions of the electromagnetic spectrum. Examples of common universal waste electric lamps include, but are not limited to, fluorescent, high intensity discharge, neon, mercury vapor, high pressure sodium, and metal halide lamps.

f. For any other term or phrase used herein but not specifically defined, such term or phrase shall be used as defined in 6 NYCRR § 370.2(b) or 6 NYCRR § 374-3.1(i), as applicable.

10. This SEP shall not apply to:

a. facilities, buildings, or other properties the City leases from private entities that, under the terms of the lease agreement, are responsible for managing and/or disposing of spent bulbs and/or used computers;

b. facilities, buildings or other properties that are owned and/or operated by the New York City Department of Environmental Protection; and

c. facilities, buildings or other properties that the City owns but leases (including through licensing agreements) to other non-City entities (*e.g.*, private tenants, the State of New York; the Port Authority of New York and New Jersey) that, under the lease agreement, are responsible for the managing and/or disposing of spent bulbs or used computers.

11. Within ninety (90) days of the SID, the City shall send a written directive to any non-City entity that occupies, leases or otherwise uses a facility not to dispose of any spent bulbs or used computers in the general waste stream and shall also instruct any such entity to manage them in accordance with applicable law. The content and form of such directive shall be submitted to EPA for its review and approval. The City shall send the EPA-approved directive to such non-City entities on an annual basis for the three calendar years following the execution of this Consent Agreement. The City shall provide EPA with a list of all such entities and/or facilities that received copies of said EPA-approved directive.

12. The City shall audit compliance with the following state solid, hazardous and universal waste rules to the extent that these rules apply to the handling and/or disposing of spent bulbs and/or used computers, and to the extent that such rules are applicable to an individual City facility:

- a. 6 NYCRR Part 370: Hazardous Waste Management System: General
- b. 6 NYCRR Part 371: Identification and Listing of Hazardous Waste
- c. 6 NYCRR Part 372: Standards Applicable to Generators of Hazardous Waste
- d. 6 NYCRR Subpart 374-3: Standards for Universal Waste

⁶ Unless otherwise expressly noted, all subsequent references to specific paragraphs in the text shall be to paragraphs in the "Agreement on Consent" section.

13. Within ninety (90) days of the SID, the City shall submit to EPA for its approval the following items:

- a. Audit protocols and audit checklists (as more specifically referenced in paragraph 14, below) that will set forth the overall procedures by which the City shall implement the terms of this SEP and pursuant to which said audits will be conducted. Said protocols shall reflect any differences among the types of City facilities being audited (*e.g.*, police department facilities, fire department facilities, sanitation department facilities), and, where differences indicate the desirability of different auditing procedures, a separate protocol shall be developed for each type of City facility;
- b. Identify in writing to EPA suitable personnel and consultants to perform each of the audits identified in paragraph 12, above (and as further described below);
- c. Agenda and course material for the Facility Manager Training Program; and,
- d. The City or some third-party acting on its behalf, shall define what constitutes a representative sample of City facilities within each agency to be inspected in accordance with the terms of this SEP. A representative sample of City facilities shall at a minimum consist of a designated fraction of said facilities within an individual agency that will be inspected for a designated time period of adequate duration sufficient to evaluate that agency's overall compliance with applicable regulations governing the handling and/or disposal of spent bulb and used computers. Unless otherwise approved in advance by EPA in writing, a representative sample of City facilities shall consist, however, of no fewer than the following:

If an agency owns, controls, operates or otherwise has overall supervisory responsibility for fewer than 100 facilities ("Small Agency"), it shall inspect 25% of its facilities, or a minimum of five facilities, whichever number is greater;

If an agency owns, controls, operates or otherwise has overall supervisory responsibility for 100 or more facilities but fewer than 500 facilities ("Medium Agency"), it shall inspect either 15% of its facilities or 25 total facilities, whichever number is greater;

If an agency owns, controls, operates or otherwise has overall supervisory responsibility for 500 or more facilities ("Large Agency"), it shall inspect either 10% of such facilities or 75 total facilities, whichever number is greater.

14. To audit the City's compliance with rules for managing and disposing of spent bulbs, its audit protocols (previously referenced in paragraph 13, above) shall include those "Checklist Items" set forth in EPA's "Protocol for Conducting Environmental Compliance Audits of Used Oil and Universal Waste Generators under the Resource Conservation and Recovery Act," dated March 2000, that are relevant and applicable to the City's proper handling and/or disposing of spent bulbs.

15. The City shall complete Phase I (the identification and training of facility management personnel) within sixty (60) days of the date when final EPA approval of the audit protocols (referenced in paragraphs 13 and 14, above) has occurred. Phase I shall consist of the following:

a. The City shall identify facility management personnel ("Agency Facility Manager(s)") within each agency who have authority over, and have suitable familiarity with, a sufficient number of facilities within his/her respective agency to conduct appropriate inspections as required under the terms of this SEP.

b. Each Agency Facility Manager shall undergo an EPA-approved comprehensive training program ("Facility Manager Training Program") administered by The City University of New York School of Professional Studies (or another suitable organization previously approved by EPA) on how to conduct the multi-facility audit for his/her individual agency. The training shall include, but not be limited to, familiarizing each Agency Facility Manager with the hazardous and universal waste rules at issue, including the regulations listed in paragraph 12, above, and the relevant audit protocols and audit checklists, including the Checklist Items, referenced in paragraph 14, above.

16. Within sixty (60) days of completing Phase I of the Audit Program (as set forth in paragraph 15 of this section, above), each Agency Facility Manager shall commence Phase II of the Audit Program Procedure (the implementation of the Audit Program), which shall be completed within twelve (12) months and shall consist of the following:

a. Once trained in the manner described in sub-paragraph "b" of paragraph 15, above, each Agency Facility Manager shall oversee the audit by his/her staff (or designated employees of the City) of a representative sample of City facilities within his/her individual agency as identified previously. For each such individual agency, the staff (or designated employees of the City) shall inspect a representative sample of the City facilities (as developed and defined in sub-paragraph "d" of paragraph 13, above), using the audit protocols and checklists developed by the City together with EPA.

b. In the event that the audit of a representative sample of City facilities within an agency indicates applicable hazardous waste or universal waste regulations

(including, but not limited to, an illegal disposal of spent bulbs or used computers) have not been complied with, then the Agency Facility Manager of that agency shall forthwith issue a management directive to all City facilities within said agency describing each such failure to comply and the corrective action for each such failure. The management directive shall instruct all City facilities within that agency, if applicable, to implement the corrective action.

c. "Noncompliance" shall, for purposes of implementing the provisions of sub-paragraph "d" of this paragraph and any related provision of this SEP, include at a minimum the following activities: a) illegally disposing of spent bulbs or used computers; b) failing to make a required hazardous waste determination; c) any other mishandling or mismanaging of spent bulbs or used computers; and d) any violations of 6 NYCRR Subpart 374-3 with regard to spent bulbs. Common instances of noncompliance that may be uncovered during the course of the audit are set forth in Schedule "A."

d. In the event that noncompliance with applicable hazardous waste or universal waste regulations is discovered at City facilities that are inspected during the first round of audits ("Round 1"), the responsible Agency Facility Manager shall be required to have his/her staff (or designated employees of the City) conduct additional inspections of other City facilities within the ownership or control of that agency. In determining whether an additional round(s) of auditing is required, each Agency shall refer to the categories of violations set forth on Schedule "A." The Agency shall be required to conduct an additional round of auditing if (i) 5% or more of the facilities inspected during the last round of inspections exhibit one or more instances of Level 1 Noncompliance; (ii) 15% or more of the facilities inspected during the last round of inspections exhibit one or more instances of Level 2 Noncompliance; (iii) 25% or more of the facilities inspected during the last round of inspections exhibit one or more instances of Level 3 Noncompliance; or (iv) 25% or more of the facilities inspected during the last round of inspections exhibit one or more instances of any type of noncompliance.⁷

e. In the event that an additional round of auditing is required (Round 2) pursuant to the terms of paragraph 16(d), the number of facilities that an Agency must inspect in any Round 2 inspection shall be no greater than the same number of the facilities that it inspected during Round 1. Round 2, if necessary, shall begin no more than 30 days following the conclusion of the prior round of auditing. If Round 2 audits need to be conducted for one or more Agencies, the City's time to complete the SEP as specified in paragraph 17 of this section, below, shall be increased by six (6) months. At any time,

⁷ By way of clarification of the term "last round" as used in sub-paragraph "d": if an Agency were determining whether to conduct a third round of inspections, it would have to look at the results of the second, *i.e.* the "last" round of inspections; for purposes of this sub-paragraph, "last round" means the most immediately prior round.

EPA may waive the requirements for an Agency to conduct an additional round of auditing, or reduce the number of additional facilities that an Agency has to inspect, if EPA is satisfied that the Agency has taken sufficient steps to address noncompliance at its facilities. Following completion of any Round 2 audits, the City and EPA shall confer to determine whether additional audits shall be conducted. EPA may then request the City to conduct an additional round of audits. The City retains the right to refuse to conduct such additional round of audits but, if the City so refuses, EPA reserves the right to bring an enforcement action(s) for any remaining uncorrected violations.

f. For any City facility in which an instance of original noncompliance has occurred and was discovered pursuant to the provisions of sub-paragraph "d" of this paragraph, the Agency Facility Manager shall re-inspect all areas of each such facility. Any such re-inspection(s) shall occur after corrective action (in accordance with the provisions of paragraph 24, below) has been implemented (such re-inspections following the discovery of original noncompliance shall henceforth be referred to, for purposes of this paragraph, as "first round re-inspections"). In the event that noncompliance with applicable hazardous waste or universal waste regulations is still occurring at a City facility during a first round re-inspection, the Agency Facility Manager shall conduct an additional re-inspection of any such City facility (such additional re-inspections shall henceforth be referred to, for purposes of this paragraph, as "second round re-inspections"). Any such second round re-inspections shall occur after corrective action (in accordance with the provisions of paragraph 24, below) has been implemented and after the first round re-inspections have been conducted. The first round re-inspections and the second round re-inspections shall be conducted in an effort to ensure that any previously identified illegal handling and/or disposal violations for either spent bulbs or used computers have been corrected. Where necessary, re-inspections following second round re-inspections shall be conducted to ensure that any previously identified illegal handling and/or disposal violations for either spent bulbs or used computers have been corrected. Re-inspections shall be deemed completed for purposes of this sub-paragraph: **1)** when all illegal handling and/or disposal violations for both spent bulbs and used computers at City facilities have been corrected, and **2)** when compliance with regulations governing the handling and/or disposing of spent bulbs and used computers has been attained at such facilities.

g. Round 1 inspections (and any associated audit evaluations), Round 2 inspections and re-inspections (and any associated audit evaluations) shall be conducted even if the total costs exceed what was projected as the original cost.

17. Unless otherwise agreed to by EPA in writing and subject to the conditions set forth in paragraph 16(e), above, the City (or some third party acting on behalf of the City) shall implement and satisfactorily complete the SEP within nineteen (19) months of the SID.

18. As part of the audits, facilities and/or agencies shall accurately determine, for each inspected facility, the types and quantities of spent bulbs and used computers that have been generated at and by each entity for at least one year prior to the commencement of the implementation of the Audit Program, as well as estimate the amount of such waste expected to be generated in subsequent years. Additionally, the audit shall identify past and current compliance or non-compliance with the applicable hazardous and/or universal waste requirements at each of these facilities. While the audits may be conducted using the most useful information relevant to the particular subject facility and/or agency, the City may choose to review the following types of records that are commonly used in the management of such equipment and that may, in some cases, be required by federal, state or local environmental, transportation or health and safety regulations:

1. bulbs and computer purchase records;
2. computer inventories;
3. disposition/disposal records;
4. bulb and computer transportation/shipping records;
5. manifests for transporting bulbs and computers;
6. bulb and computer shipment logs;
7. bulb and computer shipment invoices;
8. bulb and computer Material Safety Data Sheets (MSDSs);
9. interviews with staff members who handle or otherwise manage waste; and,
10. any other records pertaining to the acquisition, handling and/or disposition of bulbs and computers not otherwise listed herein.

19. As part of the audit, the City shall examine whether each City facility is sending its computers for reuse, repair, or recycling, and whether each agency is now managing cathode ray tubes ("CRTs") in a manner that is consistent with EPA's final rule on CRT management as set forth in 71 *Fed. Reg.* 42,927 (July 28, 2006), "Hazardous Waste Management System; Modification of the Hazardous Waste Program; Cathode Ray Tubes." The City shall also examine whether it can increase recycling of CRTs.

20. At each City facility, the City or some third-party acting on its behalf (with the use of such third-party subject to prior EPA approval) shall, as part of the Audit Program, identify bulb and computer storage and/or management areas by conducting walk-throughs, using site maps or taking other appropriate steps.

21. The City or some third-party acting on its behalf (with the use of such third-party subject to prior EPA approval), in inspecting a representative sample of City facilities for each agency, shall inspect the following at each such facility to be inspected: universal waste lamp storage areas; used and/or broken computer storage areas; and dumpsters or indoor/outdoor waste storage or disposal areas where bulbs and computers have been (or are likely in the future to be) stored for disposal and/or disposed of.

22. The City shall disclose in writing to EPA all regulatory violations discovered during each audit regarding the handling or disposal of spent bulbs or used computers; the disclosure(s) shall be incorporated in the next quarterly report, as required under paragraph 25(b), following discovery of such violations.

23. EPA shall not impose gravity-based penalties for instances of noncompliance discovered if such instances are within the scope of the audit under this SEP and are timely disclosed and corrected, and provided that the applicable provisions of the SEP have been satisfied. EPA shall consider the least expensive means for coming into compliance in calculating potential economic benefit penalties for any disclosed instances of noncompliance, provided that such methods comply with regulatory requirements. Where any disclosed instances of noncompliance entail economic benefits and the potential economic benefit for such corrective action is calculated to be less than ten thousand dollars (\$10,000) for the sum total of all such instances at an agency whose noncompliance falls within the ambit of this SEP, the penalties will be considered *de minimis* and may be waived by EPA.

24. The City shall effect corrective action, as follows:

a. The City shall be responsible for correcting each instance of noncompliance with applicable hazardous and universal waste regulations identified during the Audit Program and shall take those steps necessary to prevent the recurrence of any such instance. The City shall correct any such instance(s) of noncompliance identified during the Audit Program as soon as possible, but no later than twenty-one (21) days from the date of discovery of any such instance.

b. In the event the City is unable to correct an identified violation within twenty-one (21) days, it shall request an extension of time from EPA in writing. The City shall provide with such a request a corrective action schedule, accompanied by a justification for the extension requested. Any extension of the corrective action period shall be subject to EPA approval. Such approval shall not be unreasonably withheld. EPA acknowledges that where corrective action necessitates a request for capital appropriation from the New York City Council or any other relevant governing or funding authority, the corrective action may take longer. In any such instance where such a request is necessary, the City shall endeavor to expeditiously obtain such funding and, if necessary, authorization to expend such money for such corrective action.

Reporting

25. The City shall provide to EPA reports, as set forth below in this paragraph:

a. Unless otherwise agreed to by the parties in writing, within sixty (60) days of final EPA approval of the audit protocols (referenced in paragraph 13, above), the

City shall provide to EPA written disclosure of the status of its efforts to comply with and fulfill the commitments undertaken pursuant to paragraphs 13 and 15, above.

b. Starting no later than 90 days after the implementation of Phase II of the Audit Program (as referenced in paragraph 16, above), the City shall provide to EPA a quarterly summary of the status of the SEP and written disclosure of violations. The document shall address all Agencies at which SEP activities were undertaken in that quarter, shall be submitted to EPA within thirty (30) days after the end of each calendar year quarter (*i.e.* April 30, July 31, October 31, January 31), and shall include disclosure of: **1)** any violations discovered at an inspected City facility; **2)** the corrective action undertaken by the agency for any such facility(ies); **3)** the status of any such corrective action undertaken; and **4)** the means taken by the individual agency responsible (or the City) to prevent recurrence of such instances of noncompliance at each such facility.

c. Within three (3) months of the conclusion of the SEP, the City shall submit a draft completion report to EPA for comment and approval. The report shall at a minimum summarize: **1)** number of facilities inspected; **2)** any instances of noncompliance found in carrying out the aforementioned inspections of said facilities and whether (and, if so, how) such noncompliance has been remedied; **3)** any new procedures implemented as a result of the audit; **4)** any changes to existing policies or practices as a result of the audit (including copies of documents or memos issued that detail changes in operating procedures); **5)** detailed cost breakdown of each component of the audit, including costs saved (if any) and any expenditures made; and **6)** the amount of waste already reduced and projected to be reduced as a consequence of the City having conducted the audit.

26. Following receipt of the draft completion report as set forth in sub-paragraph “c” of paragraph 25, above, EPA will notify the City in writing that it either (i) accepts said report, or (ii) rejects said report.

27. If EPA accepts the draft completion report said report shall constitute a final report. In the event that EPA rejects said report, EPA shall notify the City in writing of any questions it has and/or deficiencies in said report (such notification henceforth referred to as the “notification of deficiency”), and EPA shall grant the City an additional thirty (30) days in which to answer any questions, to correct any deficiencies in said report, and to resubmit said report to EPA. EPA and the City shall, if appropriate, meet to discuss and resolve the issues causing rejection of said report, and the terms of any agreement reached in any such meeting shall be set forth in writing.

28. If EPA accepts the resubmitted draft completion report, said report shall constitute a final report. In the event that EPA rejects the resubmitted draft completion report, EPA shall

issue a second notification of deficiency to the City in accordance with paragraph 27, above, and EPA shall permit the City the opportunity to object in writing to the second notification of deficiency within ten (10) days of the City's receipt thereof. EPA and the City shall have thirty (30) days after said receipt to reach agreement on the contents of the resubmitted draft completion report. If no agreement is reached within this 30-day period, unless EPA has in writing extended said 30-day period, EPA shall then 1) provide a written statement of its decision to the City, which decision shall be final and binding upon the City, and 2) have the right to seek stipulated penalties in accordance with paragraph 33, below.

29. In all documents or reports the City submits to EPA pursuant to the terms and conditions of this Consent Agreement, the City shall, by a responsible and authorized official, sign and certify under penalty of perjury that the information contained in any such document or report is true, accurate and correct by attesting as follows:

I certify under penalty of perjury that I have examined and am familiar with the information submitted in this document and all attachments, and that, based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the information set forth in this document is true, accurate and complete. I am aware that there are significant penalties for submitting materially false information, including the possibility of fines and imprisonment.

The responsible official(s) of the City shall send all communications to EPA regarding this SEP to:

Leonard Voo, Chief
Hazardous Waste Compliance Section
RCRA Compliance Branch
Division of Enforcement and Compliance Assistance
U.S. Environmental Protection Agency
290 Broadway, 21st floor
New York, New York 10007-1866

Required Expenditure of Money on the SEP and Stipulated Penalties

30. The City agrees that failure timely to comply with any term or condition required pursuant to this SEP shall be deemed a violation of this CA/FO, and the City shall become liable for stipulated penalties for any such violation(s) pursuant to the provisions regarding stipulated penalties as set forth below.

31. The total expenditure for the completion of the SEP as set forth in this document shall be not less than three hundred thousand dollars (\$300,000). Specifically, this expenditure shall fund consultants and other associated costs required to implement, oversee and manage the City-

wide Audit Program. Non-performance or unsatisfactory performance of the SEP in a manner that is not in compliance with the terms and conditions of this Consent Agreement shall result in stipulated penalties, as set forth below. The City shall provide EPA with documentation requested by EPA to confirm the City's required expenditure of money to effect the implementation of the SEP.

32. In the event the City does not commence the SEP, or the City performs all or some of the SEP but fails within the time period set forth in paragraph 17, above (or approved pursuant to paragraph 34, below), to spend the required amount of money set forth in paragraph 31, above, to implement this SEP, the City shall pay a stipulated penalty in an amount equal to two (2) times the difference between the required expenditure for the SEP as set forth in paragraph 31, above, and the amount the City has expended that EPA determines is properly credited toward the SEP.

33. For any failure to properly perform the SEP (other than that set out in paragraph 32, above), the City shall pay stipulated penalties in the amounts set forth below:

a) stipulated penalties shall accrue per day per violation for the following time periods and for noncompliance with the following types of matters: **1)** failure to comply with any deadline set forth in paragraphs 13 and 15, above; **2)** failure to comply with any deadline set forth in paragraph 16, above; **3)** failure to disclose to EPA any instances of noncompliance with applicable regulations governing the handling and/or disposal of spent bulbs or used computers in accordance with the deadline set forth in paragraph 22, above; **4)** failure to effect corrective action in accordance with the deadlines set forth in paragraph 24 of this paragraph, above; and **5)** failure to include the required public statement set forth in paragraph 41, below. If the City is determined by EPA to be liable to EPA for stipulated penalties, such liability shall commence on the first day of noncompliance and continue until performance is satisfactorily completed. Stipulated penalties as set forth in this paragraph shall be as follows:

STIPULATED PENALTY AMOUNTS

<u>Period of Failure to Comply</u>	<u>Penalty Per Day</u>
1st to 20th day	\$800
21st to 60th day	\$2,500
61st day to 120th day	\$3,000
121st day and beyond	\$5,000

b) for reporting requirements penalties shall accrue per day per violation for the following time periods and for noncompliance with the following types of matters: **1)** failure to meet any reporting deadline set forth in paragraph 25, above; **2)** failure timely to submit to EPA any documents or reports required under the terms of this SEP; and **3)** failure to compile and/or maintain required records and documents. If the City is determined by EPA to be liable to EPA for stipulated penalties, such liability shall

commence on the first day of noncompliance and continue until performance is satisfactorily completed. Stipulated penalties as set forth in this paragraph shall be as follows:

STIPULATED PENALTY AMOUNTS

<u>Period of Failure to Comply</u>	<u>Penalty Per Day</u>
1st to 20th day	\$500
21st to 60th day	\$1,000
61st to 120th day	\$2,000
121st day and beyond	\$3,000

34. EPA, Region 2, may grant an extension of the date(s) of performance or such other deadlines as established in this Consent Agreement with regard to any of the SEP components, if the City has first demonstrated in writing good cause for such extension. If the City submits a request for extension, such request shall be accompanied by supporting documentation and be submitted to EPA no later than fourteen (14) days prior to any due date set forth herein, or other deadline established pursuant to this Consent Agreement. EPA may grant such extension in its discretion, and any such extension (or denial thereof) shall be in writing. Such an extension shall not be unreasonably withheld.

35. The determination of whether the SEP has been satisfactorily completed, whether the City has complied with all the terms of the Consent Agreement and whether costs are creditable to the SEP shall be in the sole discretion of EPA and in accordance with the terms of the SEP. Should EPA have any concerns about the satisfactory completion of the SEP or a component of the SEP, EPA will communicate those concerns to the City and provide it with an opportunity to respond. If EPA makes a determination that the SEP has been satisfactorily completed, it will provide the City with written confirmation of the determination within a reasonable amount of time.

36. Unless the City provides EPA with a written explanation pursuant to paragraph 37, below, all stipulated penalties are due and payable within thirty (30) days of the City's receipt from EPA of a written demand for payment of the penalties. All stipulated penalty payments shall be identified as such and shall be made in accordance with the payment instructions (with the exception of the time deadline) set forth in paragraph 5, above.

37. After receipt of a demand from EPA for stipulated penalties pursuant to the preceding paragraph, the City shall have twenty (20) days in which to provide EPA with a written explanation of why it believes that a stipulated penalty is not appropriate for the cited violation(s) of this SEP.

38. The Director of the Division of Enforcement and Compliance Assistance (“DECA”), Region 2 (“the Director”), may, in her sole discretion, reduce or eliminate any stipulated penalty(ies) due if the City has in writing demonstrated to EPA’s satisfaction good cause for such action by EPA. If, after review of the City’s submission pursuant to the preceding paragraph, EPA determines that the City has failed to comply with the provisions of this SEP, and the Director does not, in her sole discretion, eliminate the stipulated penalty(ies) demanded by EPA, EPA shall notify the City, in writing, that either the full stipulated penalty(ies) or a reduced stipulated penalty(ies) must be paid by the City. The City shall pay the stipulated penalty amount(s) indicated in EPA’s notice within twenty (20) days of the City’s receipt of such written notice from EPA.

39. At any time prior to the City’s payment of stipulated penalties, the Director may, for good cause as independently determined by her, reduce or eliminate the stipulated penalty(ies). If the Director makes such determination, EPA shall notify the City in writing of the change.

40. Failure of the City to pay the civil penalty under this CA/FO or any stipulated penalty(ies) demanded by EPA pursuant to this SEP may result in referral of this matter to the United States Department of Justice or the United States Department of the Treasury for collection.

41. Any public statement, oral or written, made by the City (or any third-party acting on its behalf) with regard to the SEP shall include the following language: “This project was undertaken in connection with a settlement of an enforcement action taken by EPA against the City of New York.”

42. The City hereby certifies that, as of the date of its execution of this Consent Agreement, the City is not required to implement or complete the SEP pursuant to any federal state or local law, regulation or other requirement; that with the exception of this Consent Agreement, the City is not required to implement or complete the SEP as set forth herein by any agreement, grant, or as injunctive relief in this or any other case; and that the City had not planned before August 5, 2003, to perform any of the work that is part of this SEP.

43. The City certifies that it has not received and is not presently negotiating to receive credit in any other enforcement action for any of the aforementioned SEP components, and further certifies that the City in good faith believes that the SEP is in accordance with EPA’s 1998 Final Supplemental Environmental Projects policy set forth at 63 *Fed. Reg.* 24796 (May 5, 1998).

44. The City shall not use or expend any money received from the federal government, as a grant or otherwise, to directly finance, implement or perform any aspect or portion of the SEP.

45. EPA reserves its right to proceed against the City and seek all remedies authorized

by law for all violations outside the scope of the SEP as defined in this Consent Agreement and for violations within the scope of the SEP that were not timely reported or timely corrected. EPA, administratively or through a judicial action, reserves its right to seek and obtain a) injunctive relief and b) civil penalties when the amount of economic benefit exceeds the level considered *de minimis* under the terms of this Consent Agreement. Nothing in this document is intended or is to be construed as waiving, prejudicing or otherwise affecting the rights and/or remedies EPA reserves in this paragraph.

46. Any changes to the terms of the SEP, except for scheduling changes pursuant to paragraph 34 of this section, above, may only be made by a writing signed by EPA and the City.

Other Provisions of the Agreement on Consent

47. Within seven (7) days of the effective date of this CA/FO, the City and EPA shall set forth in writing a SEP Schedule with specific dates for commencing and completing the tasks set forth in the SEP, adhering to the timeframes described in paragraphs 8 through 46 of this section, above. Nothing in this CA/FO shall preclude the City from commencing and completing any task of the SEP sooner than the date set forth in the SEP Schedule. If the City completes a task before the date set forth in the SEP Schedule, the City will not be required to complete any future SEP tasks until the completion dates set forth for such tasks in the SEP Schedule.

48. Prior to the SID, the City may request a meeting with EPA to discuss whether any provisions of the SEP will impose an undue hardship on an individual Agency because of specific issues that prevent or impede that Agency from effectively implementing the SEP Audit as set forth in this CA/FO. The City may propose, and EPA may accept, a modified means of implementing the SEP for such specific Agency, which shall address any such issues. Any such proposal must be submitted no later than 90 days prior to the SID unless good cause is shown.

49. Nothing in this Consent Agreement (including any of the provisions of the SEP) is intended or is to be construed to waive, extinguish or otherwise affect the City's obligation to comply in full with all applicable provisions of federal, state or local law governing the generation, handling, storage, treatment, transport and/or disposal of solid waste and hazardous waste.

50. This Consent Agreement is being voluntarily and knowingly entered into by the parties in full and final settlement of the civil liability that might have attached under Section 3008 of RCRA, 42 U.S.C. § 6928, as a result of the violations described in the "EPA Findings of Fact," above, and set forth in the "EPA Conclusions of Law" section, above, and Respondent's payment of the civil penalty in accordance with the terms and conditions set forth above shall resolve any such liability.

51. Respondent's payment of the penalty in accordance with the requirements set forth in this document and any action taken in compliance with or otherwise in connection with this Consent Agreement shall not affect the right of the EPA (or the United States on behalf of EPA) to pursue appropriate injunctive relief or otherwise seek equitable relief or criminal sanctions for any violation(s) of law resulting or arising from Respondent's generation, handling, storage, treatment, transport and/or disposal of solid waste and hazardous waste.

52. Respondent has read the Consent Agreement, understands its terms, voluntarily consents to its issuance and its terms and conditions, including payment of the full amount of the civil penalty in accordance with the terms and conditions set forth above and performance in good faith through completion of the SEP. Respondent also consents to the issuance of the accompanying Final Order.

53. Respondent waives its right to request and/or obtain a hearing on, or any other judicial review of, this Consent Agreement or the accompanying Final Order, including any right to contest any of the "EPA Findings of Fact" and "EPA Conclusions of Law" set forth in this Consent Agreement and any right to contest any of the terms or conditions set forth in this Consent Agreement.

54. Respondent waives any right it might have pursuant to 40 C.F.R. § 22.8 to be present during discussions with, to be served with, and to reply to any memorandum or communication addressed to the Regional Administrator or the Deputy Regional Administrator where the purpose of such discussion, memorandum, or communication is to discuss a proposed settlement of this matter or to recommend that such official accept this Consent Agreement and issue the attached Final Order.

55. Respondent consents to service of a copy of the executed Consent Agreement and Final Order by an EPA employee other than the Regional Hearing Clerk of EPA, Region 2.

56. This Consent Agreement and any provision herein shall not be construed as an admission of liability in any criminal or civil action or administrative proceeding, except in an action, suit or proceeding to enforce this Consent Agreement or any of its terms and conditions.

57. The provisions of this Consent Agreement shall be binding upon Respondent, its officials, authorized representatives and successors or assigns.

58. Nothing herein is intended or is to be construed to waive, prejudice or otherwise affect the right of EPA, or the United States on behalf of EPA, from pursuing any appropriate action permitted by law against Respondent or its responsible official(s) for any material misrepresentations or false information provided to EPA in any document or report required to be submitted in compliance with the provisions of this Consent Agreement.

59. The signatory for Respondent certifies that: **a)** he or she is duly and fully authorized to enter into and ratify this Consent Agreement and all the terms and conditions set forth in this Consent Agreement, and **b)** he or she is duly and fully authorized to bind Respondent and its responsible officials to comply with and abide by all the terms and conditions of this Consent Agreement, including those of the SEP.

60. Each of Complainant and Respondent shall bear her/its respective costs and fees in this matter.

Docket Number RCRA-02-2009-7101

FINAL ORDER

The Regional Administrator of EPA, Region 2, concurs in the foregoing Consent Agreement in the case of *In the Matter of City of New York*, bearing Docket Number RCRA-02-2009-7101. Said Consent Agreement, having been duly accepted and entered into by the parties, is hereby ratified and incorporated into this Final Order, which is hereby issued and shall take effect when filed with the Regional Hearing Clerk of EPA, Region 2. 40 C.F.R. § 22.31(b). This Final Order is being entered pursuant to the authority of 40 C.F.R. § 22.18(b) (3) and shall constitute an order issued under authority of Section 3008(a) of RCRA, 42 U.S.C. § 6928(a).

DATED: August 7, 2009

SCHEDULE A - VIOLATIONS

**Schedule A – Possible Violations of Regulations for Management of
Spent Lamps and Waste CRTs**

Consent Agreement and Final Order
In the Matter of the City of New York
Docket Number RCRA-02-2009-7101

Schedule "A"

Schedule "A" categorizes possible violations of the Universal Waste Lamp and Used, Broken, Cathode Ray Tube ("CRT") rules that may be discovered at City facilities in the course of the audit program. The sole purpose of Schedule "A" is to provide criteria for this proceeding for determining whether a City agency will be required to conduct additional rounds of auditing based on instances of noncompliance discovered during prior auditing. The categories of violation are by no means intended to convey that certain types of noncompliance with the Universal Waste Lamp regulations are less serious or more serious than others. Moreover, any instance of noncompliance identified at an inspected facility must be remedied by corrective action, and the agency must issue an agency-wide directive instructing employees to implement corrective actions based on the findings of the facility audits.

The list set forth below is not intended to be a comprehensive list of all types of noncompliance that may be uncovered during the audit. If an instance of noncompliance is discovered during the course of the audit that is not set forth on Schedule "A," EPA shall use its discretion in determining what additional auditing will be required.

Universal Waste Lamps

Level 1 Noncompliance

- Any waste lamp is being disposed of onsite or in the facilities' general waste stream 6 NYCRR § 374-3.2(b)
- Any waste lamp is being sent or taken to a place other than another universal waste handler, a destination facility, or a foreign destination 6 NYCRR § 374-3.2(i)
- Any waste lamp is not stored in any package or container at the facility 6 NYCRR § 374-3.2(d)(4)(i)
- Employees at the facility have not been trained in managing waste lamps in accordance with 6 NYCRR § 374-3.2(g)
- Employees at the facility are not following protocols with regard to broken waste lamps, or lamps that show evidence of breakage 6 NYCRR § 374-3.2(d)(4)(ii)
- The facility is a large quantity handler of universal waste and does not have a U.S. EPA identification number 6 NYCRR § 374-3.3(c)
- The facility is a large quantity handler and has not been keeping a record of its offsite shipments for a period of three years 6 NYCRR § 374-3.3(j)(2)(3)
- The agency has no means of demonstrating the length of time that any waste lamp has been accumulating at the facility 6 NYCRR § 374-3.2(f)(3)
- Any waste lamp was shipped off-site without a bill of lading accompanying the shipment 6 NYCRR § 374-3.2(i)(3)

Level 2 Noncompliance

- Any waste lamp is stored in packages or containers, but the packages or containers do not meet the requirements of 6 NYCRR § 374-3.2(d)(4)(i)
- Any container or package is not labeled 6 NYCRR § 374-3.2(e)(5)
- Any waste lamp is being stored appropriately but has been accumulated at the facility for more than 1 year from the date the waste is generated 6 NYCRR § 374-3.2(f)(1)

Level 3 Noncompliance

- Any waste lamp container or package is labeled, but the label does not state “Universal Waste – Lamp(s),” “Waste Lamp(s),” or “Used Lamp(s)”
- The facility has proper waste lamp storage containers, but any storage container is not closed 6 NYCRR § 374-3.2(e)(5)

Used, Broken CRTs

Level 1 Noncompliance

- Disposal of any CRT onsite, in the facility’s general waste stream or in a dumpster
- Storage of any used or broken CRT outside a building with a roof, floor, and walls and not in an appropriate container 40 CFR § 261.39(a)(1)(i)(ii)
- Export of any used or broken CRT to a foreign destination without the appropriate notification to EPA 40 CFR § 261.39(5)

Level 2 Noncompliance

- Storage of any CRT in an unlabeled container 40 CFR § 261.39(a)(2)
- Transport by an agency of any CRT without the proper containers 40 CFR § 261.39(a)(3)

Level 3 Noncompliance

- Any CRT container is labeled, but the label does not state “Used cathode ray tube(s)-contain leaded glass” or “Leaded glass from televisions or computers,” or the label does not state “Do not mix with other glass materials” 40 CFR § 261.39
