STATUS REPORT REGARDING SETTLEMENT

The parties have not held a settlement conference call. Counsel for Complainant called Respondent's representative on September 8, 2010 and left a message to schedule a settlement conference call and to request a return phone call. Respondent's representative did not return the phone call, and has not called counsel for Complainant. On September 17, 2010, counsel for Complainant wrote a letter to Respondent's representative. The letter stated that the parties were required to participate in a settlement conference call. The letter asked Respondent to call Complainant's counsel. Respondent's representative has not called Complainant's counsel. On September 21, 2010, counsel for Complainant attempted to call Respondent's representative again, but received a recording stating that the call could not be completed as dialed.

Respectfully submitted,
