## UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

In accordance with Section 309(g)(4)(A) of the Clean Water Act ("CWA"), 33 U.S.C. § 1319(g)(4)(A), and 40 C.F.R. § 22.45 of the Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties, Issuance of Compliance or Corrective Action Orders, and the Revocation, Termination or Suspension of Permits ("Consolidated Rules"), the Environmental Protection Agency ("EPA") is providing notice of a proposed Administrative Penalty Assessment against the City of Weston, Missouri, for alleged violations related to its National Pollutant Discharge Elimination System ("NPDES") permit.

Under Section 309(g) of the Clean Water Act, 33 U.S.C. § 1319(g), the EPA is authorized to issue orders assessing civil penalties for various violations of the Clean Water Act. The EPA may issue such orders after filing a Complaint commencing either a Class I or Class II penalty proceeding. The EPA provides notice of the proposed assessment of a Class II civil penalty pursuant to 33 U.S.C. § 1319(g)(4)(A). Class II proceedings are conducted under EPA's Consolidated Rules, 40 C.F.R. Part 22.

In this case, the EPA alleges that Respondent violated the requirements of its NPDES permit (MO0031585), resulting in discharges of pollutants into the waters of the United States, in violation of Sections 301(a) and 402 of the Clean Water Act, 33 U.S.C. §§ 1311(a) and 1342. The EPA alleges that Respondent failed to conduct monitoring at its wastewater treatment plant in the manner required by its permit and that the wastewater treatment plant's discharge to the Missouri River exceeded the permit limitations for biochemical oxygen demand, total suspended solids, oil and grease, and bacteria.

Respondent has reached agreement with EPA on the terms of a proposed Consent Agreement/Final Order which would resolve this matter. Under the proposed Consent Agreement/Final Order, Respondent will pay a civil penalty of \$11,000. Final approval of the proposed Consent Agreement/Final Order is subject to the requirements of 40 C.F.R. § 22.45.

The EPA will receive written comments on the proposed Administrative Penalty Assessment for a period of thirty (30) days from the date of publication of this notice. All such comments shall be submitted to the Regional Hearing Clerk at the address provided below. The procedures by which the public may submit written comments on a proposed Class II order or participate in a Class II proceeding, and the procedures by which a respondent may request a hearing, are set forth in the Consolidated Rules. Persons wishing to obtain additional information on the proceeding, receive a copy of EPA's Consolidated Rules, review the proposed [Consent Agreement/Final Order \(PDF\)](#) (13 pp., 1.58MB, [About PDF](#)), comment upon the proposed penalty assessment, or otherwise participate in the proceeding should contact Kathy Robinson, Regional Hearing Clerk, U.S. Environmental Protection Agency, Region 7, 11201 Renner Blvd, Lenexa, KS 66219. Please reference Docket No. CWA-07-2014-0100. In order to provide opportunity for public comment, EPA will issue no final order assessing a penalty in this proceeding prior to forty (40) days from the date of this notice.
