Subject: Closure of Emergency Administrative Order - Uriah Heeps PWS/084990002, Docket No. SDWA-08-2021-0038
Date: Friday, December 3, 2021 4:59:35 PM

The EPA has decided to close the Emergency Administrative Order (Order) regarding the public water system specified in the subject line. The EPA has determined that there are no remaining requirements of the Order.

Please continue to work with Jamie Harris to complete all required corrective actions from the Level 2 Assessment. Jamie has communicated deadlines for required corrective actions via email. If you anticipate any issues with meeting any of those deadlines, please contact Jamie prior to the dates actions are required.

Please be aware that you are still required to comply with the National Primary Drinking Water Regulations (drinking water regulations), 40 C.F.R. part 141. Violation of the drinking water regulations may result in a court-imposed injunction and/or penalties.

Thank you for resolving these issues. If you have any questions regarding this matter, please contact me.
