STATUS REPORT

COMES NOW Complainant and files this Status Report in response to the Order to File Status Report filed on September 27, 2010. In response to that Order, Complainant states the following.

The Complaint sent May 20, 2010 via certified mail by the United States Postal Service was not successfully served on the Respondent. After confirming the Respondent's existing address, a second attempt at service by the United States Postal Service upon Respondent was unsuccessful.

No Answer has been filed.

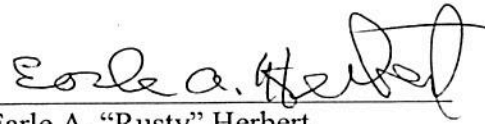

The Complainant does not intend to file a motion for default at this time.

From information received, it appears that the Complainant's facility has come into compliance.

After confirmation that the Respondent's facility has come into compliance, it is expected

that the Complaint will be withdrawn. It is further expected that the confirmation of compliance process should not take more than three weeks and thus it is projected that the Complaint will be withdrawn by approximately October 29, 2010.
