PWS ID # UTAH22013

Dear Mr. Bousfield:

The public water supply system referenced above (the system) has violated certain provisions of the National Primary Drinking Water Regulations at 40 C.F.R. part 141 (the drinking water regulations) according to records that the United States Environmental Protection Agency (EPA) has obtained from the Utah Department of Environmental Quality.

EPA promulgated the drinking water regulations under the authority of the Safe Drinking Water Act (the Act), 42 U.S.C. §§ 300f, et seq. EPA is issuing this notice of violation pursuant to § 1414(a) of the Act, 42 U.S.C. § 300g-3(a), which authorizes EPA to issue an administrative compliance order or file a lawsuit concerning the system if the State of Utah (the State) does not commence an appropriate enforcement action within 30 days of receiving this notice.

The violations are listed below.

<u>Date(s) of Violation</u>	<u>Violation</u>

2006 – 2010	Failure to report above violations to the State [40 C.F.R. §141.21(g)(1), and 141.31(b)]

EPA is also sending a copy of this notice of violation to the system. Also enclosed for the benefit of the system is a copy of EPA's Small Business Regulatory Enforcement and Fairness Act (SBREFA) fact sheet containing information on compliance assistance resources and tools available to small businesses and small governments, in case these resources apply to this situation. SBREFA does not eliminate the responsibility to comply with the drinking water regulations. By providing this information sheet, EPA has not necessarily determined that the system is in fact a "small entity" as that term is defined in SBREFA.

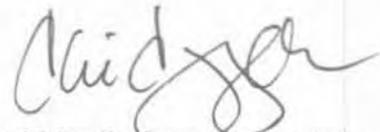

If the State does not commence an appropriate enforcement action concerning the system within 30 days from your receipt of the notification, EPA will likely issue an administrative order to the owner and/or operator of the system.

Please have your staff notify Mario Mérida at (303) 312-6297 within 20 days if your records show any discrepancies with the violations cited above, if your staff learns of any change in the system's compliance status, or if there are any questions or comments. Thank you for your assistance.

Sincerely,
