Re: Termination of Administrative Order Issued Pursuant to Section 7003 of RCRA
Docket No. RCRA-08-2020-0003

Dear Mr. Merrell:

On January 20, 2023, RN Industries, Inc. submitted a written request to terminate the Administrative Order on Consent ("Order" Docket number RCRA-08-2020-0003) to the U.S. Environmental Protection Agency, according to section XXIV paragraph 102 of the Order. The EPA has determined that all requirements of the Order have been satisfactorily completed. This letter serves as written notice that the Consent Order is hereby terminated.

Based upon observations during the inspection on October 26, 2022, and review of the information submitted in the progress reports since the issuance of the Order on November 13, 2019, the EPA has determined that there has been no significant deterioration in environmental conditions at the Facility since the Corrective Measures performed pursuant to the Order were completed.

Please note, however, that this letter does not terminate the obligation of RN Industries, Inc. to comply with the ongoing record availability and retention responsibilities in section XII of the Order.

If you have any comments or questions concerning this notification, please feel free to contact Kristin McNeill of my staff at mcneill.kristin@epa.gov or (303) 312-6278, or for legal questions, Erin Agee of the Office of Regional Counsel at (303) 312-6374.
