Public Water System
Docket No. SDWA-08-2010-0051
PWS ID #UTAH19017

Dear Ms. Brown:

This letter is to inform you of the United States Environmental Protection Agency's (EPA) decision to close the Administrative Order (Order), Docket No. SDWA-08-2010-0051, issued to the USDA Forest Service as owner of the Manti-La Sal National Forest, Dalton Springs Campground public water system, on August 3, 2010. EPA has determined that the USDA Forest Service is now in compliance with the requirements of the Administrative Order and therefore we will close the Order at this time.

Please be aware that the USDA Forest Service, Dalton Springs Campground public water system, is still required to comply with the National Primary Drinking Water Regulations (NPDWRs), 40 C.F.R. part 141. Violation of the NPDWRs may result in a court-imposed injunction and/or penalties of up to \$32,500 per day of violation.

If you have any questions about this matter, please call Mario Mérida at 303-312-6297. Thank you for resolving these issues.

Sincerely,

Lisa Kahn, Team Leader

and Environmental Justice
