Re: Administrative Order for Compliance  
Docket No. CWA-08-2010-0003

Dear Mr. Gard:

On January 26, 2010, Deron Lawrence of ENTRIX requested, on your behalf, an extension of time in which to prepare the restoration or mitigation plan required by paragraph 5 of Section III of the above-referenced administrative order for compliance (AO). The extension was requested to allow time for a hydrologic and functional assessment of your property (lots 21 and 22 of the River Park Subdivision near Dubois) to be conducted during the early part of the growing season.

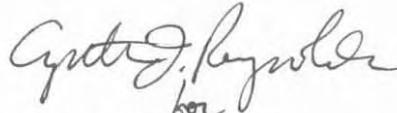

This letter confirms that the U.S. Environmental Protection Agency (EPA) has agreed to an extension of time in which to submit the restoration plan to EPA. The plan now will be due no later than May 14, 2010. Furthermore, Mr. Lawrence indicated to EPA that it may be possible to submit the restoration or mitigation plan to EPA prior to that date if weather conditions allow for an assessment to be conducted earlier than mid-April.

We look forward to receiving the restoration or mitigation plan prepared by your consultants. If you have further questions concerning the requirements of the AO, please contact Monica Heimdal, Enforcement Officer, at 303-312-6359, or Peggy Livingston, Enforcement Attorney, at 303-312-6858.

Sincerely,

Andrew M. Gaydosh
