Subject: Closure of Administrative Order - J & E Infanger (WY5601370), SDWA-08-2026-0044

Good morning,

The EPA has decided to close the Administrative Order (Order) regarding the J & E Infanger Public Water System. The EPA has determined that there are no remaining requirements of the Order, as the System submitted documentation that the old WL01 has been properly abandoned.

Please be aware that you are still required to comply with the National Primary Drinking Water Regulations (drinking water regulations), 40 C.F.R. part 141. Violation of the drinking water regulations may result in a court-imposed injunction and/or penalties.

Thank you for resolving these issues. If you have any questions regarding this matter, please contact me.

Rachel Brookins, P.E.
