Our records, obtained from the Utah Department of Environmental Quality (DEQ), indicate the violations noted below. Please have your staff notify Kathelene Brainich at (303) 312-6481 within 20 days if your records show any discrepancies with these determinations of violation.

This notice of violation is issued pursuant to section 1414(a) of the SDWA, 42 U.S.C. § 300g-3(a). If the State does not commence appropriate enforcement action within 30 days from the receipt of this notification, the EPA is authorized either to issue an administrative order under section 1414(g) of the SDWA, 42 U.S.C. § 300g-3(g), requiring the public water system to comply with the regulations or other requirements, or to commence civil action under section 1414(b) of the SDWA, 42 U.S.C. § 300g-3(b).

Please inform EPA of any change in the compliance status of this system. You may wish to have your staff confer with Ms. Brainich to determine the Agency's position concerning this system and to exchange appropriate information. If the State does not commence appropriate enforcement action within 30 days from the receipt of the notification, EPA will proceed with issuance of an administrative order.

A copy of this notice of violation has been concurrently sent to the system identified above. Also enclosed for the benefit of the system is a copy of EPA's Small Business Regulatory Enforcement and Fairness Act (SBREFA) fact sheet containing information on compliance assistance resources and tools available to small businesses and small governments, in case these resources apply to this situation.

EPA has agreed to notify small businesses of their right to comment on regulatory enforcement activities at the same time of an Agency enforcement action. SBREFA does not eliminate the responsibility to comply with the Act.
