> Re: USEPA Approval of R360 Environmental Solutions' Request to Modify Reporting
> Requirements for RCRA 7003 Order RCRA-08-2012-0001 (R360-Calpet), as amended.

Dear Mr. Moore:

The U.S. Environmental Protection Agency is in receipt of a June 11, 2015, email from R360-Environmental Solutions, which is requesting to switch from semi-annual reporting to annual reporting.

Based upon the terms of the RCRA 7003 order (RCRA-08-2012-0001) as amended, under XVII. OPPORTUNITY TO CONFER, AND MODIFICATION and subsequently under VII.E. REPORTING, per VII.E.4., the USEPA has conferred with the U.S. Fish & Wildlife Service and the Wyoming Department of Environmental Quality and collectively determined that R360 Environmental Solutions can transition to submitting annual progress reports, following the submittal of a fourth and last semi-annual progress report. For continuity, the USEPA requests that this last semi-annual progress report embrace the period from July 1, 2015, through December 31, 2015, due on or before January 10, 2016. The first annual report, for the entirety of calendar year 2016, will be due on or before January 10, 2017.

By this correspondence, for R360-Calpet, under XVII.B.-C., the USEPA is modifying this order, as amended, accordingly, to reflect annual reporting rather than semi-annual reporting requirements, as stipulated above.

In closing, if you have any comment(s), concern(s) or question(s) regarding this correspondence, please direct them to Mr. Randy Lamdin, of my staff, who can be reached at the address above or via telephone at (303) 312-6350.

Sincerely,

Kelcey Land, Director
RCRA/CERCLA Technical Enforcement Program
