Dear Mathew Kuburd:

On July 8, 2026, the U.S. Environmental Protection Agency issued a Notice of Violation and a Compliance Order/Settlement Agreement (Settlement Agreement) for violations of the Federal underground storage tank (UST) regulations at Trailside Convenience Bait and Tackle facility, 750 Highway 47 South, Isle, Minnesota. The violations were identified during an EPA UST inspection conducted on May 12, 2026.

On July 24, 2026, EPA received your signed copy of the Settlement Agreement. Supporting documentation that the violations have been corrected was received on July 14, 2026. Your payment of \$1,630.00 was confirmed by our finance office on July 30, 2026. The Settlement Agreement states that it is effective upon EPA's final approval. I have enclosed a signed and dated copy of the approved Settlement Agreement. The original Settlement Agreement will remain in EPA's file. We also have accepted and processed your payment as part of the settlement process.

If you have any questions, please feel free to contact Kevin Hill at hill.kevin@epa.gov or (312) 886-6087.

Sincerely,

JULIANE GRANGE
