Ref Docket # CWA-05-2014-0003

Good afternoon,

Please allow a 30 day extension for my reply to the complaint that I received in mail. I am hoping to have my reply complete in less then 3 weeks and just need a little more time in preparing one. This is a very comprehensive and detailed reply to rush. And between the recent weather we have been having and some personal things that have recently happened it has been hard to finish.

I will copy this request and mail two letters to each of you. I hope this is sufficient enough for what I am asking.

Thank you,

Wayne Erickson
