RE: Complaint and Expedited Settlement Agreement ESA Docket No. RMP-10-ESA-054 Docket No. CAA-05-2010-0064

Chr

2751003A063

Dear Mr. Allen:

Enclosed please find a copy of the fully executed Expedited RMP Settlement Agreement (ESA). The ESA is binding on EPA and Respondent. EPA will take no further action against Respondent for the violations cited in the ESA. The ESA requires no further action on your part.

Please feel free to contact Monika Chrzaszcz at (312) 886-0181, or <u>Chrzaszcz.monika@epa.gov</u>, if you have any questions regarding the enclosed document or if you have any other question about the program. Thank you for your assistance in resolving this matter.

Sincerely. Mark

Mark J. Horwitz, Chief Chemical Emergency Preparedness & Prevention Section

Enclosure

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY ED REGION 5 DEGIONAL HEARING CLERK 77 WEST JACKSON BOULEVARD U.S. EPA REGION 5 CHICAGO, IL 60604-3590 2010 CED TO

2010 SEP 19 PM 3: 10

EXPEDITED SETTLEMENT AGREEMENT (ESA) PLY TO THE ATTENTION OF:

DOCKET NO: <u>RMP-10-ESA-054</u> This ESA is issued to: <u>Cargill Kitchen Solutions</u> At: <u>3100 Bonanza Road, Lake Odessa, Michigan 48849</u> for violating Section 112(r)(7) of the Clean Air Act.

CAA-05-2010-0064

2751003A063

This Expedited Settlement Agreement (ESA) is being entered into by the United States Environmental Protection Agency (EPA), Region 5, by its duly delegated official, the Director, Superfund Division, and by Respondent pursuant to Section 113(a)(3) and (d) of the Clean Air Act (Act), 42 U.S.C. \$ 7413(a)(3) and (d), and by 40 C.F.R. \$ 22.13(b). On May 25, 2010, EPA obtained the concurrence of the U.S. Department of Justice, pursuant to Section 113(d)(1) of the Act, 42 U.S.C. \$ 7413(d)(1), to pursue this administrative enforcement action.

ALLEGED VIOLATIONS

On February 2, 2010, an authorized representative of the EPA conducted a compliance inspection of the subject facility (Respondent) to determine compliance with the Risk Management Plan (RMP) regulations promulgated at 40 C.F.R. Part 68 under Section 112(r) of the Act. EPA found that the Respondent had violated regulations implementing Section112(r) of the Act by failing to comply with the regulations as noted on the attached RMP Violation Checklist (FORM) which is hereby incorporated by reference.

SETTLEMENT

In consideration of Respondent's size of business, its full compliance history, its good faith effort to comply, and other factors as justice may require, and upon consideration of the entire record, the parties enter into this ESA in order to settle the violations, described in the attached FORM, for the total penalty amount of **\$1,710.00**

This settlement is subject to the following terms and conditions:

The Respondent, by signing below, waives any objections that it may have regarding jurisdiction, neither admits nor denies the specific factual allegations contained herein and in the FORM, and consents to the assessment of the penalty as stated above. Respondent waives its rights to a hearing afforded by Section 113(d)(2)(A) of the Act, 42 U.S.C §7413(d)(2)(A), and to appeal this ESA. Each party to this action shall bear its own costs and fees, if any. Respondent also certifies, subject to civil and criminal penalties for making a false submission to the United States Government, that the Respondent has corrected the violations listed in the attached FORM and has sent a cashier's check or certified check (payable to the "Treasurer, United States of America") in the amount of \$1,710.00 in payment of the full penalty amount to the following address:

US Environmental Protection Agency Fines and Penalties Cincinnati Finance Center PO Box 979077 St. Louis, MO 63197-9000

The DOCKET NUMBER OF THIS ESA **must be included on the check.** (The DOCKET NUMBER is located at the top left corner of this ESA.)

This original ESA and a copy of the check must be sent by certified mail to:9 PM 3: 11

Monika Chrzaszcz Chemical Emergency Preparedness and Prevention Section (SC-6J) U.S. Environmental Protection Agency 77 West Jackson Boulevard Chicago, Illinois 60604-3590

Upon Respondent's submission of the signed original ESA, EPA will take no further civil action against Respondent for the alleged violations of the Act referenced in the FORM. EPA does not waive any other enforcement action for any other violation of the Clean Air Act or any other statute.

If the signed original ESA with an attached copy of the check is not returned to the EPA Region 5 office at the above address in correct form by the Respondent within 45 days of the date of Respondent's receipt of it (90 days if an extension is granted), the proposed ESA is withdrawn, without prejudice to EPA's ability to file an enforcement action for the violations identified herein and in the FORM.

This ESA is binding on the parties signing below.

This ESA is effective apon filing with the Regional Hearing Clerk.

FOR RESPONDENT: Date: 8/18/2010 Signature: Name (print): Diret .-Title (print):

Cargill Kitchen Solutions, Lake Odessa, Michigan

FOR COMPLAINANT

Richard C. Karl, Director Superfund Division

Date:

I hereby ratify the ESA and incorporate it herein by reference. It is so ORDERED.

Susan Hedman Regional Administrator

Date: 7-8-10

1	.a.(1)	For stationary sources with any regulated substances held in a process above threshold quantities, is the source included in the community emergency response plan developed under 42 U.S.C. 11003? [68.90(b)(1)]	ΩY	۵N	XN/A
1.	a.(2)	For stationary sources with only regulated flammable substances held in a process above threshold quantities, has the owner or operator coordinated response actions with the local fire department? [68.90(b)(2)]	ΠY		XN/A
1.	1.a.(3) Are appropriate mechanisms in place to notify emergency responders when there is need for a response? [68.90(b)(3)]		ΠY	۵N	XIN/A
2.	An	emergency response plan is maintained at the stationary source and contains the following? [68.95(a)(1)]	ΣŸ		□n/a
		Procedures for informing the public and local emergency response agencies about accidental releases? [68.95(a)(1)(i)]			
		Documentation of proper first-aid and emergency medical treatment necessary to treat accidental human exposures? [68.95(a)(1)(ii)]			
		Procedures and measures for emergency response after an accidental release of a regulated substance? [68.95(a)(1)(iii)]			
3.	The testi	The emergency response plan contains procedures for the use of emergency response equipment and for its inspection, testing, and maintenance? [68.95(a)(2)]			DN/A
4.	The emergency response plan requires, and there is documentation of, training for all employees in relevant procedures? [68.95(a)(3)]		ΣY	N	ŪN/A
5.	The owner or operator has developed and implemented procedures to review and update, as appropriate, the emergency response plan to reflect changes at the stationary source and ensure that employees are informed of changes? $[68.95(a)(4)]$		ΧY	 N	□n/A
6.	Did the owner or operator use a written plan that complies with other Federal contingency plan regulations or is consistent with the approach in the National Response Team's Integrated Contingency Plan Guidance ("One Plan")? If so, does the plan include the elements provided in paragraph (a) of 68.95, and also complies with paragraph (c) of 68.95? [68.95(b)]		Ωy	۵N	XN/A
7.	Has EPC	the emergency response plan been coordinated with the community emergency response plan developed under RA? [68.95(c)]	ΣY	۵N	DN/A
Se	ction	n H – Risk Management Plan [40 CFR 68.190 – 68.195]		<u> </u>	
1.	Does the single registration form include, for each covered process, the name and CAS number of each regulated substance held above the threshold quantity in the process, the maximum quantity of each regulated substance or mixture in the process (in pounds) to two significant digits, the five- or six-digit NAICS code that most closely corresponds to the process and the Program level of the process? [68.160(b)(7)]		ΣY	۵N	DN/A
2.	Did	the facility assign the correct program level(s) to its covered process(es)? [68.160(b)(7)]	ΣY	ΠN	DN/A
		Page 12 of 13			

3.	Ha Rea	s the owner or operator reviewed and updated the RMP and submitted it to EPA [68.190(a)]? ason for update:	ΣY	۵N	DN/A			
		Five-year update. [68.190(b)(1)]						
		Within three years of a newly regulated substance listing. [68.190(b)(2)]						
		At the time a new regulated substance is first present in an already regulated process above threshold quantities. [68.190(b)(3)]						
		At the time a regulated substance is first present in an new process above threshold quantities. [68.190(b)(4)]	ļ					
		Within six months of a change requiring revised PHA or hazard review. [68.190(b)(5)]						
		Within six months of a change requiring a revised OCA as provided in 68.36. [68.190(b)(6)]						
		Within six months of a change that alters the Program level that applies to any covered process. [68.190(b)(7)]						
4.	68.1	the owner or operator experienced an accidental release that met the five-year accident history reporting criteria (as cribed at 68.42) subsequent to April 9, 2004, did the owner or operator submit the information required at 68.168, 70(j) and 68.175(l) within six months of the release or by the time the RMP was updated as required at 68.190, chever was earlier. [68.195(a)]	ΣY	۵N	DN/A			
5.	If th oper	e emergency contact information required at 68.160(b)(6) has changed since June 21, 2004, did the owner or ator submit corrected information within thirty days of the change? [68.195(b)]	ΣY	ΠN	□N/A
