RECEIVED
EPA REGION IV
2010 JUL 16 AM 11:56
HEARING CLERK

To whom it may Concern:

By this Letter I will like to request possible settlement of this matter, please keep in mind that these violations were committed unintentionally, The company hired a brokerage company to do all the importation paperwork, thinking they knew all the right steps to follow in order to comply properly with EPA, at the time that these violations were committed the company was in charge of former president of the company Mr. Warren E. Sharmat. The company was then sold to Mrs. Rosa Giatan which is now the current president and she was not aware of such violations at the time of purchase, So therefore I ask that you please keep this in mind and help us reach a good settlement arrangement.

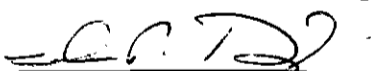

Ines Dominguez is still the authorized representative for the company which is now going thru very difficult times, because of the economy down fall in Central & South America, our company is doing very poorly and is not in a position to pay such fines, If you look at our yearly reports you'll see we are not importing not even half of what we use to in the past years.

I will like to request an extension or a payment plan on any proposed settlement you can offer us.

Please let me know what you can offer us as a proposed settlement and if you can provide a payment arrangement making it affordable for our company.

Sincerely,

Rosa Giatan
