Respondent	§	

EXPEDITED SETTLEMENT AGREEMENT AND FINAL ORDER

1. The U.S. Environmental Protection Agency, Region 6 (“EPA”) is authorized to enter into this Expedited Settlement Agreement (“Agreement”) pursuant to Section 3008 of the Resource Conservation and Recovery Act (“RCRA”), 42 U.S.C. § 6928 and 40 C.F.R. § 22.13(b).

2. By copy of this letter, EPA is providing the state of Texas with notice of the referenced violations of Subtitle C of RCRA as required by Section 3008(a)(2), 42 U.S.C. § 6928(a)(2).

3. Titan Fuel, LLC (“Titan Fuel” or “Respondent”) is the owner or operator of the facility at 24581 E. Port Road, Harlingen, Texas 78550 (the “Facility”). EPA conducted a Compliance Inspection at the Facility on June 26, 2025. EPA alleges that Respondent violated the following requirements of the RCRA and the EPA approved and authorized Texas hazardous waste management programs:

I. Failure to Meet the Conditions for Exemption for a Large Quantity Generator That Accumulates Hazardous Waste

- a. Labeling and marking of containers

Pursuant to 30 TEX.ADMIN.CODE § 335.53(f), [40 C.F.R. § 262.17(a)(5)(i)(B)], A large quantity generator must mark or label its containers with the following: An indication of the hazards of the contents (examples include, but are not limited to, the applicable hazardous waste characteristic(s) (*i.e.*, ignitable, corrosive, reactive, toxic); hazard communication consistent with the Department of Transportation requirements at 49 CFR part 172 subpart E (labeling) or subpart F (placarding); a hazard statement or pictogram consistent with the Occupational Safety and Health Administration Hazard Communication Standard at 29 CFR 1910.1200; or a chemical hazard label consistent with the National Fire Protection Association code 704). During this inspection, Titan Fuel failed to indicate the hazards of the contents on three 55-gallon hazardous waste containers observed in a hazardous waste central accumulation area, in violation of 40 C.F.R. § 262.17(a)(5)(i)(B).

b. Special conditions for accumulation of ignitable and reactive wastes

Pursuant to 30 TEX.ADMIN.CODE § 335.53(f), [40 C.F.R. § 262.17(a)(1)(vi)(B)], The large quantity generator must take precautions to prevent accidental ignition or reaction of ignitable or reactive waste. This waste must be separated and protected from sources of ignition or reaction including but not limited to the following: Open flames, smoking, cutting and welding, hot surfaces, frictional heat, sparks (static, electrical, or mechanical), spontaneous ignition (*e.g.*, from heat-producing chemical reactions), and radiant heat. While ignitable or reactive waste is being handled, the large quantity generator must confine

smoking and open flame to specially designated locations. “No Smoking” signs must be conspicuously placed wherever there is a hazard from ignitable or reactive waste. During this inspection, it was observed that Titan Fuel had failed to conspicuously place “No Smoking” signs at the facility’s hazardous waste central accumulation area that held three 55-gallon containers of ignitable hazardous waste, in violation of 40 C.F.R. § 262.17(a)(1)(vi)(B).

4. EPA and Respondent agree that settlement of this matter for a civil penalty of \$1,250 is in the public interest.

5. In signing this Agreement, Respondent: (1) admits that Respondent is subject to RCRA and its implementing regulations; (2) admits that EPA has jurisdiction over Respondent and Respondent’s conduct as alleged herein; (3) neither admits nor denies the factual allegations contained herein; (4) consents to the assessment of this penalty; (5) waives the opportunity for a hearing to contest any issue of fact or law set forth herein; (6) waives its right to appeal the Final Order accompanying this Agreement pursuant to Section 3008(b) of RCRA, 42 U.S.C. § 6928(b); and (7) consents to electronic service of the filed ESA.

Such payment shall identify Respondent by name and include the docket number assigned to this Agreement by the Regional Hearing Clerk.

7. Within 24 hours of payment, email proof of payment (e.g., confirmation of credit card or debit card payment, or confirmation of wire or automated clearinghouse transfer, and any other information required to demonstrate that payment has

been made according to EPA requirements), including Respondent's name, complete address, and docket number to the following:
