Re: Docket No. CWA-03-2018-0008 DN
Administrative Order for Compliance on Consent

Dear Mayor Simpson:

On November 2, 2017, the Borough of Camp Hill (Camp Hill) entered into the above-referenced Administrative Order for Compliance on Consent (AOCC) with the United States Environmental Protection Agency (EPA) regarding Camp Hill's implementation of its Municipal Separate Storm Sewer System (MS4) permit. Camp Hill submitted documents to EPA in 2018 documenting the changes it made to its MS4 program as agreed in the AOCC. Based upon EPA's review of these documents, Camp Hill has met the conditions of the AOCC; EPA is therefore administratively closing the above referenced docket.

Please note that any noncompliance with a National Pollutant Discharge Elimination System permit or the Clean Water Act (CWA) in the future could result in an action pursuant to the enforcement provisions set forth in Section 309 of the CWA, 33 U.S.C. Section 1319. All permittees are therefore encouraged to pay close attention to all permit conditions, at all times, including the stormwater management plan.

Thank you for your cooperation in this matter. If you have any questions, please contact Pete Gold of my staff at 215-814-5236.

Sincerely,

A handwritten signature in black ink, appearing to read "Andrew Dinsmore".
