Re: Balfour Beatty Construction, Inc.  
Administrative Order on Consent  
CWA-03-2020-0052DN

Dear Mr. Tomasulo:

The United States Environmental Protection Agency (EPA) has reviewed the compliance of Balfour Beatty Construction, LLC (Balfour Beatty) with the Administrative Compliance Order on Consent (AOC), referenced above, which was issued to Balfour Beatty and filed on May 27, 2020. The AOC required enhanced oversight procedures and implementation of an inspection tracking system. Based on EPA's review, Balfour Beatty has complied with all actions required by the AOC, including Attachment A, and EPA is therefore terminating the AOC.

Please note that Respondents must still comply with any applicable Clean Water Act (CWA) requirements and applicable National Pollutant Discharge Elimination System (NPDES) permit(s). Any noncompliance with the CWA or a current or future NPDES permit could result in the initiation of an additional enforcement action pursuant to the Federal enforcement provisions set forth in Section 309 of the CWA, 33 U.S.C. Section 1319. You are therefore encouraged to pay close attention to all permit conditions at all times and to maintain any plans or Standard Operating Procedures (SOPs) to assure compliance.

Thank you for your cooperation in this matter. If you have any questions, please contact Mike Greenwald of my staff at 215-814-2398.

Sincerely,
