NOTICE OF VIOLATION

Docket No. **SDWA-08-2012-0004**

Woodland Mutual Water Company Public Water System  
PWS # UTAH02018

Dear Mr. Bousfield:

The public water supply system referenced above (the System) has violated certain provisions of the National Primary Drinking Water Regulations at 40 C.F.R. part 141 (the Drinking Water Regulations) according to records that the United States Environmental Protection Agency (EPA) has obtained from the Utah Department of Environmental Quality (DEQ).

The EPA promulgated the drinking water regulations under the authority of the Safe Drinking Water Act (the Act), 42 U.S.C. § 300g-3(g). The EPA is issuing this notice of violation pursuant to § 1414(a) of the Act, 42 U.S.C. § 300g-3(a), which authorizes the EPA to issue an administrative compliance order or file a lawsuit concerning the System if the State of Utah (the State) does not commence an appropriate enforcement action within 30 days of receiving this notice.

Violation Date	Violation
1 <sup>st</sup> quarter 2007 to present	Failure to monitor monthly for maximum residual disinfectant level and report results quarterly 40 C.F.R. § 141.132(c)(1)
2007, 2010, 2011	Failure to monitor for disinfection byproducts during the month of warmest water temperature 40 C.F.R. § 141.132(b)(1)(i)
3 <sup>rd</sup> quarter 2009 1 <sup>st</sup> quarter 2010	Failure to monitor for radium-228 40 C.F.R. § 141.26(a)
2008 and 2009	Failure to produce and distribute a consumer confidence report 40 C.F.R. §§ 141.151-141.155
June 2007	Total coliform maximum contaminant level exceedance 40 C.F.R. § 141.63(a)(2)
2007-2011	Failure to notify the State of violations 40 C.F.R. § 141.31(b)
2008-2011	Failure to provide public notice of the violations 40 C.F.R. §§ 141.201-141.211

The EPA is also sending a copy of this notice of violation to the System. Also enclosed for the benefit of the System is a copy of the EPA's Small Business Regulatory Enforcement and Fairness Act (SBREFA) fact sheet containing information on compliance assistance resources and tools available to small businesses and small governments, in case these resources apply to this situation. SBREFA does not eliminate the responsibility to comply with an Order or the Drinking Water Regulations. By providing this information sheet, EPA has not necessarily determined that the System is in fact a "small entity" as that term is defined in SBREFA.

If the State does not commence an appropriate enforcement action concerning this System within 30 days from your receipt of this notification, the EPA will likely issue an administrative order to the owner and/or operator of the System.

Please **have your staff notify Kathelene Brainich at (303) 312-6481 within 20 days** if your records show any discrepancies with the violations cited above, if your staff learns of any change in the System's compliance status, or if there are any questions or comments. Thank you for your assistance.

Sincerely,

Arturo Palomares, Director  
Water Technical Enforcement Program  
Office of Enforcement, Compliance
