Subject: FW: Docket No. CWA-03-2022-0038DW: Temporary Stabilization Plan and Restoration Plan
Date: Monday, March 14, 2022 10:47:58 AM

Dear Bevin,

Can you please file the email chain below in the Goodwin file, Docket No. CWA-03-2022-0038DW?
We want the Docket to reflect that we have granted an extension of the deadline for submission of the Restoration Plan.

Thank you.

Sincerely,
Natalie Katz
EPA, Senior Assistant Regional Counsel

Subject: RE: Docket No. CWA-03-2022-0038DW: Temporary Stabilization Plan and Restoration Plan

Good morning,

EPA has received your request for a 90-day extension for the submittal of the restoration plan. EPA is in agreement that discussions regarding the elements in the Temporary Stabilization Plan relative to the elements that are in the Restoration Plan would be beneficial. Your proposal for an extension provides for focus on and timely implementation of the Temporary Stabilization Plan. Therefore, EPA approves the requested extension. The deadline for the restoration plan has been extended to **June 6, 2022**. EPA looks forward to continuing to work with you on the stabilization and restoration of this site.

Should you have any questions or concerns, please don't hesitate to reach out to me at this email or at 215-814-2797.

Sincerely,
Katelyn

Subject: RE: Docket No. CWA-03-2022-0038DW: Temporary Stabilization Plan and Restoration Plan

Katelyn,

I owe you and Mr. Goodwin a huge apology as I had misread the order. I was under the impression that the Restoration Plan was due 60 days after the Temporary Stabilization Plan is approved by EPA (as that has been the scenario for other projects I have worked on).

We are in the process of preparing a proposal for Mr. Goodwin to approve us to prepare the Restoration Plan. We were waiting on comments from you on the temp Stabilization Plan to ensure that nothing else needed to be included in our Restoration Plan.

Can we formally request a 90-day extension to submit the Restoration Plan?

Once again, I apologize for my misunderstanding.

Thanks for your consideration,
Rebecca

Subject: Docket No. CWA-03-2022-0038DW: Temporary Stabilization Plan and Restoration Plan

Good afternoon,

Thank you for submitting the Temporary Stabilization Plan. EPA is currently reviewing the document and in the process of preparing our response. In that Temporary Stabilization Plan, EPA has identified a couple of items that are considered to be restoration plan elements and don't fall within the purview of what EPA would consider or approve for temporary stabilization work. We will be documenting these in our upcoming letter, however, as we are aware that you are currently working on the restoration plan, we wanted to provide the opportunity to set up a time to discuss these items with you. Please let Natalie and I know should you wish to set up a call to discuss these matters and we can identify a time that works to set up a meeting.

As you are aware, the Restoration Plan was due on **March 7, 2022** and that deliverable is now considered late. Please provide us an update on the status of the restoration plan and your anticipated submittal date.

Thank you for your attention to this matter.

Sincerely,
Katelyn
