COMPLAINT

Jurisdiction

1. This Complaint and Notice of Opportunity for Hearing (Complaint) serves as notice that the United States Environmental Protection Agency (EPA), Region 7 has reason to believe that Respondent has violated Section 409 of the Toxic Substances Control Act (TSCA), 15 U.S.C. § 2689, by failing to comply with the regulatory requirements of 40 C.F.R. Part 745, Subpart F, *Disclosure of Known Lead-Based Paint and/or Lead-Based Paint Hazards Upon Sale or Lease of Residential Property*, promulgated pursuant to Section 1018 of the Residential Lead-Based Paint Hazard Reduction Act of 1992, 42 U.S.C. § 4852d.

2. This administrative action for the assessment of civil penalties is instituted pursuant to Section 16(a) of TSCA, 15 U.S.C. § 2615(a), and in accordance with the EPA's Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties, Issuance of Compliance or Corrective Action Orders, and the Revocation, Termination or Suspension of Permits, 40 C.F.R. Part 22, (Consolidated Rules) a copy of which is enclosed along with this Complaint.

Parties

3. The Complainant, by delegation from the Administrator of the EPA, is the Chief of the Toxics and Pesticides Branch at EPA, Region 7.

4. The Respondent is an individual, Betty Brown, currently residing at 2962 Twinkle Hill Road, Marshalltown, IA 50158.

Statutory and Regulatory Background

5. Congress passed the Residential Lead-Based Paint Hazard Reduction Act of 1992 (the

Act), 42 U.S.C. §§ 4851 to 4856, to address the need to control exposure to lead-based paint hazards. The Act amended TSCA by adding Sections 401 to 412, 15 U.S.C. §§ 2681 to 2692. Section 1018 of the Act required EPA and the Department of Housing and Urban Development to jointly issue regulations requiring the disclosure of known lead-based paint and/or lead-based paint hazards by persons selling or leasing housing constructed before the phase out of residential lead-based paint use in 1978. The regulations, issued March 6, 1996, and codified at 40 C.F.R. Part 745, Subpart F, require that sellers and lessors of most residential housing built before 1978: a) disclose the presence of known lead-based paint and/or lead-based paint hazards in the target housing; b) provide purchasers and lessees with any available records or reports pertaining to the presence of lead-based paint and/or lead-based paint hazards; c) provide purchasers and lessees with a federally approved lead hazard information pamphlet; d) provide purchasers with a 10-day opportunity to conduct a risk assessment or inspection for the presence of lead-based paint and/or lead-based paint hazards before the purchaser is obligated under any purchase contract; and e) include certain disclosure and acknowledgment language in the sales or leasing contract. The failure or refusal to comply with the regulations is a violation of Section 1018 of the Act and Section 409 of TSCA.

General Factual Allegations

6. Respondent is, and at all times referred to herein was a “person” within the meaning of TSCA.

7. Respondent is the “lessor” as defined by 40 C.F.R. § 745.103, for the lease of a residence located at 508 ½ East Main Street, Marshalltown, Iowa (the Property).

8. The Property was constructed before 1978 and is “target housing” as defined by 40 C.F.R. § 745.103.

9. On June 7, 2011, EPA conducted an evaluation of Respondent’s compliance with the lead-based paint disclosure requirements of TSCA and 40 C.F.R. Part 745, Subpart F, and collected records and information from Respondents as part of that evaluation. Based upon that evaluation, the Complainant hereby states and alleges that Respondent has violated TSCA and federal regulations promulgated thereunder, as set forth below.

Violations

10. The Complainant hereby states and alleges that Respondent has violated TSCA and federal regulations promulgated thereunder, as follows:

Count 1

11. The facts stated in Paragraphs 1 through 10 above are herein incorporated.

12. On or about October 12, 2009, Respondent entered into a contract to lease the Property located at 508 ½ East Main Street, Marshalltown, Iowa.

13. Despite the fact that the Property was built prior to 1978 and is defined as “Target

Housing” under 40 C.F.R. § 745.103, Respondent failed to provide the lessees of the Property described in this count with an EPA-approved lead hazard information pamphlet before the lessees became obligated under contract to lease the Property.

14. Respondent’s failure to perform the act indicated in paragraph 13 above is a violation of 40 C.F.R. §§ 745.107(a), and in accordance with 40 C.F.R. § 745.118(e), is a violation of Section 1018 of the Act, 42 U.S.C. § 4852d, and Section 409 of TSCA, 15 U.S.C. § 2689, and thus Respondent is subject to civil penalties under Section 16 of TSCA, 15 U.S.C. § 2615.

15. Pursuant to Section 16 of TSCA, 15 U.S.C. § 2615, and based upon the facts set forth above, it is proposed that a civil administrative penalty in the amount of \$8,500 be assessed against Respondent.

Relief

16. Section 16(a)(1) of TSCA, 15 U.S.C. § 2615(a)(1), provides that any person who violates Section 409 of TSCA, 15 U.S.C. § 2689, shall be liable to the United States for a civil penalty in an amount not to exceed \$25,000 for each such violation. This maximum penalty amount is limited by Section 1018(b)(5) of the Residential Lead-Based Paint Hazard Reduction Act of 1992, 42 U.S.C. § 4852d(b)(5), which limits penalties assessed for violations of Section 409 of TSCA to not more than \$10,000 per violation. The Debt Collection Improvement Act of 1996, as implemented by the Civil Monetary Penalty Inflation Adjustment Rule, 40 C.F.R. Part 19, authorizes penalties of up to \$16,000 for violations that occur after January 12, 2009.

17. The proposed penalty of \$8,500 is based upon the facts alleged in this Complaint and upon the factors set forth in Section 16(a)(2)(B) of TSCA, 15 U.S.C. § 2615(a)(2)(B), including the nature, circumstances, extent and gravity of the violations, and with respect to the Respondent: a) her ability to pay, b) the effect on her ability to continue to do business, c) any history of prior violations, d) the degree of culpability, and e) such other matters as justice may require. The proposed penalty is in accordance with EPA’s Section 1018 - Disclosure Rule Enforcement Response and Penalty Policy, dated December 2007, a copy of which is enclosed along with this Complaint.

18. The proposed penalty is based on the best information available to EPA at the time the Complaint is issued. The penalty may be adjusted if the Respondents establish bona fide issues of ability to pay or other defenses relevant to the appropriate amount of the proposed penalty.

Default

23. Default by a Respondent constitutes, for the purposes of this proceeding, an admission of all facts alleged in the

Complaint and a waiver of a Respondents' right to contest such factual allegations. A Default Order may thereafter be issued by the Presiding Officer and the civil penalty proposed in the Complaint shall be assessed unless the Presiding Officer finds that the proposed penalty is clearly inconsistent with the record of the proceeding or TSCA.
