Re: Administrative Order issued to Bald Mountain Trailer Court Public Water System, PWS ID # WY5600258, Docket No. **SDWA-08-2014-0044** 

Dear Mr. and Ms. Gruntmeir:

Enclosed is an Administrative Order (Order) issued by the United States Environmental Protection Agency (EPA) under the authority of section 1414(g) of the Safe Drinking Water Act, 42 U.S.C. § 300g-3(g). Among other things, the Order alleges that you, as owners and/or operators of the Bald Mountain Trailer Court Public Water System (System), have violated the National Primary Drinking Water Regulations (Drinking Water Regulations) at 40 C.F.R. part 141.

The Order is effective upon the date received. Please review the Order and within 10 days provide the EPA with any pertinent information you believe the EPA may not have (e.g., any monitoring that may have been done but not submitted, etc.).

If you comply with the Order, the EPA may close the Order without further action. Failure to comply with the Order may lead to substantial civil penalties and/or a federal court injunction ordering compliance.

The Small Business Regulatory Enforcement and Fairness Act (SBREFA) may apply to this situation. Enclosed is a small business information sheet, outlining compliance assistance resources available to small businesses and small governments, in case these are relevant. SBREFA does not eliminate the responsibility to comply with the Order or the Drinking Water Regulations.

Please be aware that you may be required to submit to the EPA a plan and schedule for bringing the System into compliance with the Drinking Water Regulations. The EPA's approval of any plan and schedule does not substitute for state, local, or tribal approvals that may be required before any modification may be made to the System. The EPA encourages you to contact appropriate agencies (state, local, or tribal) to obtain any needed approvals.

To submit information, to request paper copies of public notice forms and instructions, or to request an informal conference with the EPA, please contact Mario Mérida at the above address (with the mailcode 8ENF-W) or by phone at (800) 227-8917, extension 6297, or (303) 312-6297. Any questions from your attorney should be directed to Mia Bearley, Enforcement Attorney, who may be reached at the above address (with the mailcode 8ENF-L) or by phone at (800) 227-8917, extension 6554, or (303) 312-6554.

We urge your prompt attention to this matter.

Sincerely,

Arturo Palomares, Director

Water Technical Enforcement Program

Office of Enforcement, Compliance

Johnson County Commissioners c/o Delbert Eitel, Chairman 76 N Main Street Buffalo, Wyoming 82834

Re: Notice of Safe Drinking Water Act Enforcement Action against the Bald Mountain Trailer Court Public Water System, PWS ID # WY5600258

### Dear Commissioners:

The Safe Drinking Water Act (Act) requires that the U.S. Environmental Protection Agency notify locally elected officials of certain enforcement actions taken in their area.

An Administrative Order (Order) is being issued to Scott and Suzie Gruntmeir, who own and/or operate the Bald Mountain Trailer Court Park Public Water System located in Johnson County, WY, directing them to comply with the National Primary Drinking Water Regulations. The violations alleged in the Order include: exceeding the maximum contaminant level for total coliform bacteria, failing to monitor for total coliform bacteria, failing to issue a timely Consumer Confidence Report, and failing to report certain violations to the EPA.

For more details, a copy of the Order is enclosed. The Order does not require any response or action by the County Commission. If you have any questions regarding this Order, please contact Mario Mérida at (303) 312-6297.

Sincerely,

Arturo Palomares, Director

Water Technical Enforcement Program

Office of Enforcement, Compliance

and Environmental Justice

Enclosure:

Administrative Order

2014 SEP 22 PM 3: 26

# UNITED STATES ENVIRONMENTAL PROTECTION AGENCY REGION 8

	HEARING IN FRH
IN THE MATTER OF:	)
	) Docket No. SDWA-08-2014-0044
Scott and Suzie Gruntmeir	) ADMINISTRATIVE ORDER
Respondents.	)

- 1. This Order is issued under the authority vested in the Administrator of the United States Environmental Protection Agency (EPA) by section 1414(g) of the Safe Drinking Water Act (Act), 42 U.S.C. § 300g-3(g), as properly delegated to the undersigned officials.
- 2. Scott and Suzie Gruntmeir (Respondents) are individuals who own and/or operate the Bald Mountain Trailer Court Public Water System (System), which provides piped water to the public in Johnson County, Wyoming, for human consumption.
- 3. The System is supplied by a groundwater source consisting of 3 wells. The water is not treated.
- 4. The System has approximately 52 service connections used by year-round residents and/or regularly serves an average of approximately 150 year-round residents. Therefore, the System is a "public water system" and a "community water system" as defined in 40 C.F.R. § 141.2 and section 1401 of the Act, 42 U.S.C. § 300f.
- 5. Respondents are subject to the Act and the National Primary Drinking Water Regulations (Drinking Water Regulations) at 40 C.F.R. part 141. The Drinking Water Regulations are "applicable requirements" as defined in section 1414(i) of the Act, 42 U.S.C. § 300g-3(i).
- 6. The Drinking Water Regulations include monitoring requirements. The EPA has sent Respondents annual notifications of the specific monitoring requirements that apply to the System.

### **VIOLATIONS**

- 7. If two or more samples collected in any month from the System's water are positive for total coliform, then the System has not complied with the maximum contaminant level (MCL) for total coliform bacteria. 40 C.F.R. § 141.63(a)(2). During the month of August 2013 two or more samples from the System were positive for total coliform, and, therefore, Respondents violated this requirement.
- 8. Respondents are required to report any coliform MCL violation to the EPA no later than the end of the next business day after learning of it. 40 C.F.R. § 141.21(g)(1). Respondents did not notify the EPA of the MCL violation cited in paragraph 7, above, and, therefore, violated this requirement.

Scott and Suzie Gruntmeir, Respondents Bald Mountain Trailer Court Public Water System Page 2 of 4

- 9. Respondents are required to monitor the System's water monthly for total coliform bacteria. 40 C.F.R. § 141.21(a). Respondents failed to monitor the System's water for total coliform bacteria during the months of May and June 2014 and, therefore, violated this requirement.
- 10. Respondents are required to report any failure to comply with any coliform monitoring requirement to the EPA within 10 days after discovering the violation. 40 C.F.R. § 141.21(g)(2). Respondents failed to report the violations cited in paragraph 9, above, to EPA and, therefore, violated this requirement.
- 11. Respondents are required to prepare and deliver an annual Consumer Confidence Report (CCR) to the System's customers by July 1st of each year and to certify to the EPA that they have done so. The CCR is to include information about the quality of the System's water using data collected during, or prior to, the previous calendar year. 40 C.F.R. §§ 141.151-141.155. Respondents failed to prepare and deliver an annual CCR for calendar year 2013 to the System's customers and to the EPA. Therefore, Respondents violated these requirements. (Respondents have until October 1, 2014, to provide certification to the EPA for the calendar year 2013 CCR.).
- 12. Respondents are required to report any failure to comply with any Drinking Water Regulation to the EPA within 48 hours (except where the Drinking Water Regulations specify a different time period). 40 C.F.R. § 141.31(b). Respondents failed to report the violations cited in paragraph 10, above, to the EPA and, therefore, violated this requirement.

### **ORDER**

Based on the above violations, Respondents are ordered to perform the following actions upon Respondents' receipt of this Order (unless a different deadline is specified below):

- 13. Respondents shall comply with the total coliform MCL, as required by 40 C.F.R. § 141.63(a). If the System's water does not comply with the total coliform MCL, Respondents shall report this violation to the EPA by the end of the next business day after learning of the violation, as required by 40 C.F.R. § 141.21(g)(1).
- 14. If Respondents' total coliform sample results exceed the MCL while this Order is in effect, Respondents shall, within 30 days after learning of this violation, provide the EPA with a compliance plan and schedule for the system to come into compliance with the MCL for total coliform as stated in 40 C.F.R. § 141.63(a). The plan shall include proposed modifications to the System and estimated costs of such modifications. The schedule shall include a project start date, interim milestone deadlines, and a final compliance deadline (which shall be within six months of the project start date). The Respondents shall not begin construction or modifications to the System before the EPA has approved Respondents' compliance schedule.

Scott and Suzie Gruntmeir, Respondents Bald Mountain Trailer Court Public Water System Page 3 of 4

- 15. The schedule required by paragraph 14, above, shall be incorporated into this Order as an enforceable requirement upon written approval by the EPA.
- 16. Within 10 days after completing all tasks included in the schedule required by paragraph 14, above, Respondents shall notify the EPA of the project's completion.
- 17. The System shall achieve compliance with the total coliform MCL by the final compliance deadline specified in the EPA-approved schedule. If the Respondents' plan fails to achieve permanent compliance, the EPA may order further steps and/or seek penalties for noncompliance.
- 18. Respondents shall monitor the System's water monthly for total coliform bacteria and, if any sample is positive for total coliform, conduct repeat and additional routine monitoring, as required by 40 C.F.R. § 141.21. Respondent shall report analytical results to the EPA within the first 10 days following the month in which Respondents receive sample results, as required by 40 C.F.R. § 141.31(a). Respondents shall report any violation of coliform monitoring requirements in 40 C.F.R. part 141 to the EPA within 10 days after discovering the violation, as required by 40 C.F.R. § 141.21(g)(2).
- 19. Within 14 days after receipt of this Order, Respondents shall prepare an annual CCR (to include all information required by 40 C.F.R. §§ 141.153 and 154) for the System for calendar year 2013 and distribute the report to the System's customers and the EPA. No later than 30 days thereafter, Respondents shall certify to the EPA that the CCR has been distributed to the System's customers and that its information is correct and consistent with monitoring data previously provided to the EPA. Thereafter, Respondents shall prepare and distribute annual CCRs by July 1st and provide certifications by October 1st as required by 40 C.F.R. §§ 141.151-141.155.
- 20. For any future violation of the Drinking Water Regulations for which this Order does not specify a reporting period, Respondents shall report the violation to the EPA within 48 hours of the violation occurring, as required by 40 C.F.R. § 141.31(b). However, if the Drinking Water Regulations specify a different time period for reporting the particular violation, Respondents shall report the violation to the EPA within that different period.
- 21. This Order shall be binding on Respondents, their successors and assigns, and any person (e.g., employee, contractor, or other agent) acting in concert with Respondents.
- 22. If Respondents (a) lease or sell the System to another person or entity, or (b) contract with or hires any other person or entity to operate the System, Respondents shall, no later than the date of such lease, sale, or other contract, provide a copy of this Order to the lessee, purchaser, or contractor. No later than 10 days thereafter, Respondents shall notify the EPA in writing of the lease, sale, or other contract, with such notification to include the name and contact information of the person who has leased, bought, or contracted to operate the System. Respondents shall remain obligated to comply with this Order even if Respondents lease the System to another person or entity or hires another person or entity to operate the System.

Scott and Suzie Gruntmeir, Respondents Bald Mountain Trailer Court Public Water System Page 4 of 4

Respondents shall send all reporting and notifications required by this Order in writing to: 23.

> U.S. EPA Region 8 (8P-W-DW) 1595 Wynkoop Denver, Colorado 80202-1129

### GENERAL PROVISIONS

- 24. This Order shall not constitute a waiver, suspension, or modification of any requirement of the Act or the Drinking Water Regulations. Issuance of this Order is not an election by the EPA to forgo any civil or criminal action.
- 25. Violation of any part of this Order or the Drinking Water Regulations may subject Respondents to a civil penalty of up to \$37,500 (as adjusted for inflation) per day of violation. 42 U.S.C. § 300g-3; 40 C.F.R. part 19.
- 26. Respondents may seek federal judicial review of this Order pursuant to section 1448(a) of the Safe Drinking Water Act, 42 U.S.C. § 300j-7(a).
- 27. This Order is effective upon receipt by Respondents and will continue to be in effect until closed by the EPA.

### U.S. EPA Small Business Resources Information Sheet

The United States Environmental Protection Agency provides an array of resources, including workshops, training sessions, hotlines, websites and guides, to help small businesses understand and comply with federal and state environmental laws. In addition to helping small businesses understand their environmental obligations and improve compliance, these resources will also help such businesses find cost-effective ways to comply through pollution prevention techniques and innovative technologies.

The Locators provide state-specific contacts, regulations and resources covering the major environmental laws.

## State Small Business Environmental Assistance Programs (SBEAPs)

www.smallbiz-enviroweb.org

State SBEAPs help small businesses and assistance providers understand environmental requirements and sustainable business practices through workshops, trainings and site visits. The website is a central point for sharing resources between EPA and states.

### EPA's Tribal Compliance Assistance Center

www.epa.gov/tribalcompliance/index.html

The Center provides material to Tribes on environmental stewardship and regulations that might apply to tribal government operations.

### **EPA's Tribal Portal**

www.epa.gov/tribalportal/

The Portal helps users locate tribal-related information within EPA and other federal agencies.

### **EPA Compliance Incentives**

EPA provides incentives for environmental compliance. By participating in compliance assistance programs or voluntarily disclosing and promptly correcting violations before an enforcement action has been initiated, businesses may be eligible for penalty waivers or reductions. EPA has two such policies that may apply to small businesses:

### **EPA's Small Business Compliance Policy**

www.epa.gov/compliance/incentives/smallbusiness/index.html

This Policy offers small businesses special incentives to come into compliance voluntarily.

#### **EPA's Audit Policy**

www.epa.gov/compliance/incentives/auditing/auditpolicy.html

The Policy provides incentives to all businesses that voluntarily discover, promptly disclose and expeditiously correct their noncompliance.

## Commenting on Federal Enforcement Actions and Compliance Activities

The Small Business Regulatory Enforcement Fairness Act (SBREFA) established a SBREFA Ombudsman and 10 Regional Fairness Boards to receive comments from small businesses about federal agency enforcement actions. If you believe that you fall within the Small Business Administration's definition of a small business (based on your North American Industry Classification System designation, number of employees or annual receipts, as defined at 13 C.F.R. 121.201; in most cases, this means a business with 500 or fewer employees), and wish to comment on federal enforcement and compliance activities, call the SBREFA Ombudsman's toll-free number at 1-888-REG-FAIR (1-888-734-3247), or go to their website at www. sba.gov/ombudsman.

Every small business that is the subject of an enforcement or compliance action is entitled to comment on the Agency's actions without fear of retaliation. EPA employees are prohibited from using enforcement or any other means of retaliation against any member of the regulated community in response to comments made under SBREFA.

### **Your Duty to Comply**

If you receive compliance assistance or submit a comment to the SBREFA Ombudsman or Regional Fairness Boards, you still have the duty to comply with the law, including providing timely responses to EPA information requests, administrative or civil complaints, other enforcement actions or communications. The assistance information and comment processes do not give you any new rights or defenses in any enforcement action. These processes also do not affect EPA's obligation to protect public health or the environment under any of the environmental statutes it enforces, including the right to take emergency remedial or emergency response actions when appropriate. Those decisions will be based on the facts in each situation. The SBREFA Ombudsman and Fairness Boards do not participate in resolving EPA's enforcement actions. Also, remember that to preserve your rights, you need to comply with all rules governing the enforcement process.

EPA is disseminating this information to you without making a determination that your business or organization is a small business as defined by Section 222 of the Small Business Regulatory Enforcement Fairness Act or related provisions.
