In accordance with the Debt Collection Act of 1982 and U.S. Treasury directive (TFRM 6-8000), failure to send the penalty so that it is received by the due date will result in imposition of interest from the effective date of this CA/FO at the current interest rate published by the U.S. Treasury, as described at 40 CFR §13.11. In addition, a twelve percent (12%) per annum penalty will be applied on any principal amount not paid within ninety (90) days of the due date.

50. In the event Respondent fails to meet any requirement set forth in this CA/FO, Respondent shall pay stipulated penalties as set forth below. The decision of the Division Director, Superfund Division, EPA Region IX is not reviewable in any forum.

53. Payment of stipulated penalties shall be made in accordance with the procedure set forth

for payment of penalties in Paragraph 47.

54. If a stipulated penalty is not paid in full, interest shall begin to accrue on the unpaid balance fifteen days after it is due at the current rate published by the United States Treasury, as described at 40 CFR § 13.11. Complainant reserves the right to take any additional action, including but not limited to, the imposition of civil penalties, to enforce compliance with this CA/FO or with CERCLA or EPCRA and their implementing regulations.

56. The payment of stipulated penalties shall not alter in any way Respondent's obligation to complete the performance required hereunder.

This CA/FO shall not be construed as a covenant not to sue, release, waiver or limitation of any rights, remedies, powers or authorities, civil or

criminal, which EPA has under EPCRA or CERCLA or any other statutory, regulatory or common law enforcement authority of the United States, except as otherwise set forth herein.

61. Compliance by Respondent with the terms of this CA/FO shall not relieve Respondent of its obligations to comply with any applicable local, state or federal laws and regulations.

62. The entry of this CA/FO and Respondent's consent to comply shall not limit or otherwise preclude EPA from taking additional enforcement actions should EPA determine that such actions are warranted except as they relate to Respondent's liability for federal civil penalties for the specific alleged violations and facts as set forth in Section D of this CA/FO. Full payment of the penalty proposed herein shall resolve Respondent's liability for federal civil penalties for the violations and facts alleged herein.

63. This CA/FO is not intended to be nor shall it be construed as a permit. This CA/FO does not relieve Respondent of any obligation to obtain and comply with any local, State or federal permits.
