Subject: Requested action to be taken regarding the products in the shipment with entry number 916-54870210 FIFRA-08-2026-0017

By this memorandum, the U.S. Environmental Protection Agency, Region 8, is informing the Bureau of Customs and Border Protection of the U.S. Department of Homeland Security that the products in the import shipment described below (Shipment) should be **Denied Entry-Refused Delivery** into the United States pursuant to the authority of section 17(c) of the Federal Insecticide, Fungicide, and Rodenticide Act, 7 U.S.C. § 136o(c), and the implementing regulations at 19 C.F.R. section 12.114. Based on evidence gathered by Customs and Border Protection Officers, the Shipment was inspected on November 18<sup>th</sup> and refused entry on December 5, 2025.

The following information pertains to the Shipment:

- The importer and consignee is AgroFresh Inc. 530 Walnut Street, Philadelphia, Pennsylvania 19106-3645
- The arrival date was November 12, 2025.
- The bill Number is CNWY948842053.
- The quantity is 33 buckets of Harvista, weighing 1,091 pounds.
- The port of entry is Sweetgrass, Montana 3310.
- The country of origin, as entered in ACE, is United States.

**Reason for export recommendation:**

- **unregistered pesticide (7 U.S.C. § 136j(a)(1)(A))**
- **inaccurate notice of arrival (NOA) (7 U.S.C. §136j(a)(2)(N))**

The Shipment was in violation of FIFRA section 12(a)(1)(A), 7 U.S.C. § 136j(a)(1)(A), which states that it is unlawful for any person to distribute or sell any pesticide that is not registered under section 3 of FIFRA, 7 U.S.C. § 136a. The Shipment also failed to include the notice of arrival, required by 19 C.F.R.

§ 12.114, in violation of FIFRA section 12(a)(2)(N), 7 U.S.C. §136j(a)(2)(N).

## **Law and Regulation**

FIFRA section 12(a)(1)(A), 7 U.S.C. § 136j(a)(1)(A), states that it is unlawful for any person to distribute or sell any pesticide that is not registered under section 3 of FIFRA, 7 U.S.C. § 136a.

Under FIFRA section 2(u), 7 U.S.C. § 136(u), a pesticide is any substance (or mixture of substances) intended for a pesticidal purpose, i.e., use for the purpose of preventing, destroying, repelling, or mitigating any pest or use as a plant regulator, defoliant, or desiccant.

The implementing regulations found at 40 C.F.R. § 152.15 state:

A substance is considered to be intended for a pesticidal purpose, and thus to be a pesticide requiring registration, if:

- (a) The person who distributes or sells the substance claims, states, or implies (by labeling or otherwise):
  - (1) That the substance (either by itself or in combination with any other substance) can or should be used as a pesticide; or
  - (2) That the substance consists of or contains an active ingredient and that it can be used to manufacture a pesticide; or
- (b) The substance consists of or contains one or more active ingredients and has no significant commercially valuable use as distributed or sold other than
  - (1) use for pesticidal purpose (by itself or in combination with any other substance),
  - (2) use for manufacture of a pesticide; or
- (c) The person who distributes or sells the substance has actual or constructive knowledge that the substance will be used, or is intended to be used, for a pesticidal purpose.

Under section 2(t) of FIFRA, 7 U.S.C. § 136(t), a “pest” is any insect, rodent, nematode, fungus, weed, or any other form of terrestrial or aquatic plant or animal life or virus, bacteria, or other micro-organism (except those on or in living man or other living animals).

FIFRA section 12(a)(2)(N), 7 U.S.C. § 136j(a)(2)(N), provides that it is unlawful for a registrant, wholesaler, dealer, retailer, or other distributor to fail to correctly file reports required by the Act. As required by 19 C.F.R. § 12.114, a Notice of Arrival of Pesticides and Devices (NOA), EPA form 3540-1, and a copy of one product label must be submitted.

## **Facts and Violation**

The label of the Harvista included the following language:

- “Plant Growth Regulator”
- “1Methylcyclopropene.....1.3%”
- “Reg. No. 32752 P.C.P Act”

Harvista 1.3 SC, has an EPA registered version, the Section 3 label can be found here:

[https://ordspub.epa.gov/ords/pesticides/f?p=PPLS:8:12071562381656::NO::P8\\_PUID,P8\\_RINUM:513247,71297-17](https://ordspub.epa.gov/ords/pesticides/f?p=PPLS:8:12071562381656::NO::P8_PUID,P8_RINUM:513247,71297-17).

The EPA registered Harvista was not what was included in the Shipment.

The statements listed above, as well as the fact that there is a registered EPA pesticide with the name “Harvista 1.3 SC” demonstrate that the Harvista product in the Shipment has a pesticidal intent and is therefore a pesticide. The product that attempted import is considered unregistered because it does not have essential, required EPA Section 3 label information, such as EPA Registration Number.

This Shipment is in violation of FIFRA section 12(a)(1)(A), 7 U.S.C. § 136j(a)(1)(A), which states that it is unlawful for any person to distribute or sell any pesticide that is not registered under section 3 of FIFRA, 7 U.S.C. § 136a.

The Shipment was also in violation of FIFRA section 12(a)(2)(N), 7 U.S.C. § 136j(a)(2)(N), because a registrant, wholesaler, dealer, retailer, or other distributor failed to correctly file reports required by the Act. As required by 19 C.F.R. § 12.114, a Notice of Arrival of Pesticides and Devices (NOA), EPA form 3540-1, and a copy of one product label must be submitted.

### **Summary**

The EPA recommends that this Shipment be refused admission pursuant to the authority of FIFRA § 17(c), 7 U.S.C. § 136o(c), and the implementing regulations at 19 C.F.R. § 12.114. If the importer does not export or dispose of this merchandise, CBP may elect to seize the products as a prohibited importation pursuant to their authorities as set out at 19 U.S.C. § 1595a(c)(2)(A).
