Re: Administrative Order Addendum  
Docket No. SDWA-08-2007-0023  
Fort Lone Tree  
PWS ID #WY5601223

Dear Mr. Walton:

This letter serves as an addendum to the Administrative Order (AO) issued January 30, 2007 to Lone Tree Bible Ranch, Inc., and Wesley Walton, individually. In light of the seasonal operation of the Fort Lone Tree public water system, EPA is changing paragraph 3 of the AO to read as follows:

- 3. Within 30 days from the date Respondents commence operations at Fort Lone Tree in June 2007, Respondents must provide public notice of the violation(s) specified under the Findings of Violation items I and II in this Order, to return to compliance with 40 C.F.R. §§ 141.201, 141.204 and 141.205. Upon the effective date of this Order, Respondents shall comply with the public notification requirements at 40 C.F.R. § 141.201, et seq., following any future NPDR violation. Respondents shall submit a copy of the public notice to EPA within 10 days of completion of the public notice, as required by 40 C.F.R. § 141.31(d). This notice shall be given by (1) posting the notice in conspicuous location throughout the distribution system frequented by persons served by the**

System OR (2) by mail or direct delivery to each customer and service connection;  
AND (3) any other method reasonably calculated to reach other persons served by  
the System if they would not normally be reached by the notice required above,  
such as publication in a local newspaper or newsletter distributed to customers;  
use of E-mail to notify employees or students; or delivery of multiple copies in  
central locations. If the public notice is posted, the notice must remain in place  
for as long as the violation or situation persists, but for no less than seven days.  
The public water system must repeat the notice every three months as long as the  
violation or situation persists.

Please contact Kimberly Pardue Welch, at (303) 312-6983 if you have any questions  
concerning this Addendum.
