Re: Notification of Termination
Administrative Order for Compliance on Consent
Docket No. CWA-03-2022-0123DW

Dear Mr. Costanzo:

The wetland restoration monitoring period has been completed for the wetland area at the Lackawanna College owned site located at 2390 State Route 848 in New Milford, Pennsylvania (the "Site"). The wetland restoration work was completed pursuant to the U.S. Environmental Protection Agency's ("EPA") Administrative Order for Compliance on Consent; Docket No. CWA-03-2022-0123DW ("Order"). The EPA completed an on-site inspection of the wetland restoration work on August 6, 2025, and reviewed the monitoring information provided on the status of the wetland restoration work, including the supplemental information provided by email on October 1, 2025. The information provided indicates that the wetland restoration activities are meeting the performance standards set forward in the approved restoration plan. Accordingly, the EPA agrees pursuant to CWA-03-2022-0123DW that the performance measures for restoration of the Site have been achieved, no further monitoring is required, and the Site is released from further review.

Furthermore, based upon this submission, the EPA has determined that Lackawanna College has met the requirements of the aforementioned Order and considers CWA-03-2022-0123DW to be closed. The EPA is terminating the Order as of the date of this letter.

Should you have any questions or concerns, please feel free to contact Katelyn Almeter, of my staff, at 215-814-2797 or by email at almeter.katelyn@epa.gov.

Sincerely,

Andrea Bain
Acting Director
Enforcement and Compliance Assurance Division
