AFFIRMATIVE DEFENSES

First Affirmative Defense

The complaint fails to state a claim upon which relief can be granted. The Clean Air Act imposes a general duty only “in the same manner and to the same extent as section 654 of Title 29,” Section 112(r), which requires that the alleged hazard has caused or is likely to cause death, serious injury, or substantial property damage.

Second Affirmative Defense

The private industry documents that EPA alleges have been violated by CSS-II are not requirements or prohibitions of the Clean Air Act for which penalties can be sought under Section 113 of the Clean Air Act, 42 U.S.C. § 7413.

Third Affirmative Defense

The private industry documents that EPA alleges have been violated by CSS-II have not been promulgated in accordance with the notice and comment requirements of the federal Administrative Procedures Act, 5 U.S.C. § 551 et seq., and, therefore, are not enforceable by the EPA.

Fourth Affirmative Defense

The private industry documents that EPA alleges have been violated by CSS-II on their face indicate that the use of such documents is voluntary and not binding.

Fifth Affirmative Defense

The EPA guidance document that EPA alleges has been violated by CSS-II is not a requirement or prohibition for which penalties can be sought under Section 113(d) of the Clean Air Act, 42 U.S.C. § 7413.

Sixth Affirmative Defense

The EPA guidance document that EPA alleges has been violated by CSS-II has not been promulgated in accordance with the notice and comment requirements of the federal Administrative Procedures Act, 5 U.S.C. § 551 et seq., and, therefore, is not enforceable by the EPA.

Seventh Affirmative Defense

The EPA guidance document that EPA alleges has been violated by CSS-II on its face states that it cannot be relied upon to create rights enforceable in litigation with United States.

Eighth Affirmative Defense

EPA's attempted use of private industry documents and guidance that have not been promulgated in accordance the notice and comment requirements of the Administrative Procedures Act, 5 U.S.C. § 551 et seq., violates the fair warning requirements of the due process clause.

Ninth Affirmative Defense

EPA's complaint is contrary to the requirements of Section 112(r)(7) of the Clean Air Act, 42 U.S.C. § 7412(r) that contemplates that EPA will duly promulgate regulations to enforce Section 112(r).

Tenth Affirmative Defense

CSS-II is exempt from the hazard assessment, operating procedures, and other such requirements applicable under Section 112(r) of the Clean Air Act, 42 U.S.C. § 7412(r) because EPA has determined that CSS-II does not store an amount of anhydrous ammonia which, as a result of an accidental release, is known to cause or may reasonably be anticipated to cause death, injury or serious adverse effects to human health.

Eleventh Affirmative Defense

EPA's attempts to impose enormous civil penalties without conforming to the requirements of the Clean Air Act, the Administrative Procedures Act and the requirements for fair warning are arbitrary and capricious and violate due process.

Twelfth Affirmative Defense

EPA's proposed civil penalties are illegal and CSS-II is entitled to judgment as a matter of law.

Thirteenth Affirmative Defense

CSS-II hereby gives notice that it intends to rely upon such other and further defenses as may become available during discovery proceedings in this matter and hereby reserves its right to amend this Answer and assert such defenses.

CSS-II'S REQUEST FOR HEARING

Pursuant to 40 C.F.R. § 22.15(c), CSS-II hereby requests a hearing of the issues raised by the Complaint.

CSS-II'S REQUEST FOR ATTORNEYS' FEES

Pursuant to 28 U.S.C. § 2412, CSS-II hereby requests that it be awarded the costs, attorneys' fees and other expenses it incurred as a result of this action.
