COMPLAINANT'S MOTION TO WITHDRAW COMPLAINT WITHOUT PREJUDICE

The United States Environmental Protection Agency, Region 10 (“Complainant”), respectfully submits this Motion to Withdraw Complaint Without Prejudice, pursuant to 40 C.F.R. § 22.14(d), which states that a complainant may withdraw the complaint without prejudice one time before the answer has been filed. No answer has been filed in this matter.

Complainant previously submitted a Motion to Withdraw Complaint without Prejudice in this matter, which was filed by the Regional Hearing Clerk on May 6, 2021. Complainant attempted to send Respondent a true and correct copy of that motion via certified mail, but it was undeliverable at the address where delivery was attempted. Likewise, the Presiding Officer’s subsequent Order to Show Cause on Complainant’s Motion to Withdraw Complaint, filed on May 11, 2021, and Complainant’s Response to Order to Show Cause, filed on May 17, 2021, were sent to the same address via certified mail and were undeliverable.

Complainant now submits this Motion to Withdraw Complaint Without Prejudice and has attempted to send Respondent a true and correct copy of the motion at a different mailing

address. Otherwise, Complainant has not previously filed a motion for withdrawal in this matter, nor has any withdrawal been granted.

Complainant requests that the Regional Judicial Officer grant its Motion to Withdraw the Complaint Without Prejudice.

Respectfully submitted,

U.S. ENVIRONMENTAL PROTECTION AGENCY
