Re: **Notice of Administrative Order on Consent Termination**
SDWA-07-2025-0136

Dear Mr. Jacobs:

The U.S. Environmental Protection Agency and Odin Store, L.L.C. entered into an Administrative Order on Consent (Docket No. SDWA-07-2025-0136) to address violations of the Safe Drinking Water Act at its public water system on October 9, 2025.

The EPA has reviewed the information submitted in response to the required activities outlined in paragraphs 51-57 of the Order. The Odin Store is no longer a public water system. It has been listed as inactive in the Kansas Drinking Water Watch database following connection to Russell County Rural Water District #3 for its water.

This letter serves as a notification that the EPA is terminating the referenced Order. The EPA's decision to terminate the Order is conditioned upon the accuracy of the System's representations to the EPA and the Kansas Drinking Water Watch database. The EPA reserves its authorities, both legal and equitable, under the SDWA and any other statutory, regulatory, or common law authorities of the United States.

If you have any questions regarding this termination letter or the referenced enforcement action, please contact Morgan Hartwig, of my staff, at 913-551-7392 or by email at hartwig.morgan@epa.gov,

or Samantha Pappas in the Office of Regional Counsel at 913-551-7924 or by email at pappas.samantha@epa.gov.

Sincerely,

Alyse Stoy
Acting Director
Enforcement and Compliance Assurance Division
