In the matter of: Michael Poling Jr., d/b/a Poling Septic Tank Service

Docket No. CWA-05-2013-0008

EPA is providing this notice of its intent to file a Consent Agreement and Proposed Final Order (Proposed CAFO) against Michael Poling Jr., doing business as Poling Septic Tank Service (Respondent), for violations of the Clean Water Act

Posted: March 12, 2013

Comment period ends: April 22, 2013

This Proposed CAFO will settle U.S. EPA's allegations that the Respondent violated the Clean Water Act by failing to prepare and maintain records regarding the land application of domestic septage. The alleged violations are of environmental significance because improper land application of septage threatens public health and the environment, and compliance cannot be determined without adequate records. The U.S. EPA and Respondent

have agreed in principle that the Respondent will comply with the Clean Water Act and pay a civil penalty of \$0 to resolve these violations.
