ADMINISTRATIVE
SETTLEMENT AGREEMENT
AND ORDER ON CONSENT FOR
PAYMENT OF PAST RESPONSE
COSTS

U.S. EPA Region 8
CERCLA Docket No.:
CERCLA-08-2016-0003
Proceeding Under Section 122(h)(1)
of the Comprehensive
Environmental Response,
Compensation, and Liability Act, 42
U.S.C. § 9622(h)(1).

**EPA Response to Public Comments
And Notice of Effective Date for
ADMINISTRATIVE SETTLEMENT AGREEMENT AND
ORDER ON CONSENT FOR PAYMENT OF PAST RESPONSE COSTS**

On May 26, 2016, an Administrative Settlement Agreement and Order on Consent for Payment of Past Response Costs (AOC), CERCLA Docket No. CERCLA-08-2016-0003, was filed in the Docket of the EPA Region 8 File Clerk. The AOC provided for payment by Cotter Corporation NSL (Cotter) of Past Response Costs incurred by EPA under the Environmental Response, Compensation and Liability Act (CERCLA), 42 U.S.C. § 9601, *et seq.*, for responding to the release or threat of release of hazardous substances at the Lincoln Park Superfund Site, located in Fremont County, Colorado. Payment by Cotter of Past Response Costs and resolution of Cotter's liability for those past costs were the principle objectives and requirements of the AOC.

Section XIV, paragraph 36 of the AOC provides:

This Settlement Agreement shall be subject to a public comment period of at least thirty (30) days pursuant to Section 122(i) of CERCLA, 42 U.S.C. § 9622(i). In accordance with Section 122(i)(3) of CERCLA, EPA may modify or withdraw its consent to this Settlement Agreement if comments received disclose facts or considerations that indicate that this Settlement Agreement is inappropriate, improper, or inadequate.

On Thursday, June 16, 2016, notice of the availability of the AOC for public comment was published in volume 81 of the Federal Register, page 39262. Thereafter, the thirty day public comment period closed on July 18, 2016.

On Sunday, July 17, 2016, EPA Region 8 received comments on the AOC by electronic mail from Ms. Kay Hawkle. Ms. Hawkle's email communication stated that the comments she transmitted were on behalf of the Lincoln Park Community Advisory Committee (CAG), which was established by EPA under the National Contingency Plan (NCP), Title 40, Code of Federal Regulations (C.F.R.) part 300, to facilitate communication with the public about site-related decisions, including site analysis and characterization, alternatives analysis, and selection of a remedy. See 40 C.F.R. §300.430(c) (community relations).

Comments were also received from Ms. Meghan Belaski on her own behalf. Ms. Belaski's communication of July 15, 2016, included additional comments on activities of the New York State Public Service Commission. These unrelated comments and documents will not be addressed by this Response to Public Comments.

This document summarizes and responds to the comments received regarding the AOC.

RESPONSE TO PUBLIC COMMENTS

For the purposes of responding, EPA has summarized the public comments it received. Comments submitted are grouped into the categories appearing below, together with EPA's response.

1. Comment: EPA should recover the full amount of all response costs from Cotter Corporation.

EPA Response: The EPA believes the settlement is in the government's best interest. EPA will immediately recover \$957,604.46 in past response costs that will be used to fund EPA's future work at the site and avoid potentially protracted and expensive litigation.

2. Comment: Cotter should not be relieved of any liability and should not be allowed to pay less than what it owes, as has happened in previous settlements.

EPA Response: Under section 107(a) of CERCLA, 42 U.S.C. § 9607(a), EPA is authorized to seek reimbursement from responsible parties for costs incurred by EPA in conducting response activities that are not inconsistent with the NCP, regulations, which are promulgated at 40 C.F.R. part 300. EPA response costs are not in the nature of penalties. Payment by Cotter of EPA's Past Response Costs under this AOC relieves the company only of liability associated with those Past Response Costs, not for any other cost or requirement the company may be subject to at the Site as a result of the release or threat of release of hazardous substances. Neither previous settlement cited by the commenter had any bearing on EPA's settlement of Past Response Costs in this AOC.

3. Comment: Commenters were unable to adequately evaluate the appropriateness of the AOC without obtaining complete billing and cost records from EPA.

EPA Response: Certain EPA billing records contain confidential business information and are protected from public disclosure under the Freedom of Information Act, 5 U.S.C. § 552, as set forth in 40 C.F.R. part 2.

4. Comment: An earlier agreement with Cotter should have provided for payment of past response costs.

EPA Response: EPA entered into an earlier, separate Administrative Settlement Agreement and Order on Consent for Remedial Investigation/Feasibility Study on July 15, 2014. That agreement initiated a review of remedial actions previously conducted by Cotter at the Site and current Site conditions, and will establish a basis for determining whether any additional remedial actions are necessary. Under that agreement, Cotter has agreed to pay EPA's costs going forward for overseeing work at the Site. In order to initiate the Remedial Investigation/Feasibility Study at the Site as quickly as possible, EPA entered into the 2014 agreement first, then addressed Past Response Costs in the current AOC.

SUMMARY AND DECISION

EPA does not believe the comments it received show that the AOC is inappropriate, improper, or inadequate, or that the Agency should modify or withdraw its consent to the AOC. EPA believes the AOC is in the best interests of the United States and, under section XVI of the AOC, the AOC is effective upon the date EPA issues this Response to Public Comments and Notice of Effective Date, as shown below.

I. JURISDICTION

1. This Administrative Settlement Agreement and Order on Consent for Payment of Past Response Costs (Settlement Agreement) is entered into voluntarily by the EPA and Respondent.

2. This Settlement Agreement is entered into pursuant to the authority vested in the Administrator of the EPA by Section 122(h)(1) of CERCLA, 42 U.S.C. § 9622(h)(1), which authority has been delegated to the Regional Administrators of the EPA by EPA Delegation No. 14-14-D (Cost Recovery Non-Judicial Agreements and Administrative Consent Orders) and re-delegated to the directors of the EPA Region 8 Superfund, Technical Enforcement, and Legal Enforcement Programs.

II. BACKGROUND

3. This Settlement Agreement concerns the Site. EPA alleges that the Site is a "facility" as defined by Section 109(9) of CERCLA, 42 U.S.C. § 9601(9).

4. In response to the release or threatened release of hazardous substances at or from the Site, EPA undertook response actions at the Site pursuant to Section 104 of CERCLA, 42 U.S.C. § 9604. In performing response actions, EPA has incurred response costs at or in connection with the Site.

5. Respondent is a New Mexico corporation with its headquarters in Denver, Colorado. Respondent has been the owner and operator of Respondent's uranium mill (Mill) since 1957.

6. EPA alleges that Respondent is a responsible party pursuant to Section 107(a) of CERCLA, 42 U.S.C. § 9607(a), and liable for response costs incurred by the United States at or in connection with the Site.

7. The Mill received its original license to operate in 1957 from the Atomic Energy Commission (AEC), now the United States Nuclear Regulatory Commission, pursuant to the Atomic Energy Act. In 1968, AEC withdrew certain federal licensing authorities for the Mill pursuant to an agreement with CDPHE, which was subsequently amended (1968 Agreement). After the 1968 Agreement, CDPHE issued Respondent a Radioactive Materials License (License) to replace the original AEC-issued license. Pursuant to the License, Respondent operated the Mill at the Site. As a result of these operations, hazardous substances including, but not limited to, uranium, thorium, radium, radon, molybdenum, polychlorinated biphenyls and trichloroethylene have been released or are threatened to be released into the environment.

8. In 1983, the State of Colorado brought a lawsuit under CERCLA against Respondent in United States District Court, District of Colorado. The suit alleged that operation of the Mill released contaminants into the soil and ground water at the Site.

9. In 1984, pursuant to Section 105 of CERCLA, 42 U.S.C. § 9605, EPA placed the Site on the National Priorities List (NPL), set forth at 40 C.F.R. Part 300, Appendix B, by publication in the Federal Register on September 21, 1984, Vol. 49, Fed. Reg. 37070.

10. On April 4, 1988, the United States District Court, District of Colorado, entered a consent decree (CD) between Respondent and the State of Colorado (Civil Action No. 83-C-2389), that settled the 1983 lawsuit by the State of Colorado against Respondent. The CD obligates Respondent to implement a Remedial Action Plan (RAP) to address contamination at the Site and to decommission, close, reclaim and monitor the Mill pursuant to the Radiation Control Act.

11. Pursuant to the RAP and the regulation of the Site by CDPHE under State and federal law, many investigations, studies and interim response actions have been performed at the Site since it was listed on the NPL. Additional information about environmental conditions at the Site is available at the offices of EPA Region 8 and at the information repository in Cañon City, located at: The Royal Gorge Regional Museum and History Center 612 Royal Gorge Boulevard, P.O. Box 1460, Cañon City, CO 81215, and 719-269-9036.

12. On July 15, 2014, Respondent, CDPHE and EPA entered into the AOC, the results of which will help EPA determine whether any additional remedial action is necessary before the Site can be removed from the NPL.

III. GENERAL PROVISIONS

13. The Parties recognize that this Settlement Agreement has been negotiated in good faith and that the actions undertaken by Respondent in accordance with this Settlement Agreement do not constitute an admission of liability. Respondent does not admit, and retains the right to controvert in any subsequent proceedings, other than proceedings to implement or enforce this Settlement Agreement, the validity of the findings of fact, conclusions of law and determinations set forth in this Settlement Agreement. Respondent agrees to comply with and be bound by the terms of this Settlement Agreement and further agrees not to contest the basis or validity of this Settlement Agreement.

IV. PARTIES BOUND

14. This Settlement Agreement applies to and is binding upon the EPA, the Respondent, and Respondent's successors and assigns. Any change in ownership or corporate status of Respondent including, but not limited to, any transfer of assets or real or personal property shall not alter the Respondent's responsibilities under this Settlement Agreement.

15. The undersigned representative of Respondent certifies that he or she is fully authorized to enter into the terms and conditions of this Settlement Agreement and to execute and legally bind the Respondent to this Settlement Agreement.

Nothing in this Settlement Agreement shall prevent the simultaneous accrual of separate penalties for separate violations of this Settlement Agreement.

22. In addition to the Interest and stipulated penalty payments required by this Section and any other remedies or sanctions available to EPA by virtue of Respondent's failure to comply with the requirements of this Settlement Agreement, if Respondent fails or refuses to comply with the requirements of this Settlement Agreement, Respondent shall be subject to enforcement action pursuant to Section 122(h)(3) of CERCLA, 42 U.S.C. § 9622(h)(3). 23. Notwithstanding any other provision of this Section, EPA may, in its unreviewable discretion, waive payment of any portion of any stipulated penalties that have accrued pursuant to this Settlement Agreement. Payment of stipulated penalties shall not excuse Respondent from payment as required by Section VI (Payment of Response Costs) or from performance of any other requirements of this Settlement Agreement.

VIII. COVENANTS BY EPA

24. Covenants for Respondent by EPA. Except as specifically provided in Section IX (Reservations of Rights by EPA), EPA covenants not to sue or take administrative action against Respondent pursuant to Section 107(a) of CERCLA, 42 U.S.C. § 9607(a), to recover Past Response Costs. These covenants shall take effect upon the Effective Date. These covenants are conditioned upon the satisfactory performance by Respondent of its obligations under this Settlement Agreement. These covenants extend only to Respondent and do not extend to any other person.

IX. RESERVATIONS OF RIGHTS BY EPA

25. EPA reserves, and this Settlement Agreement is without prejudice to, all rights against Respondent with respect to all matters not expressly included within Section VIII (Covenants by EPA). Notwithstanding any other provision of this Settlement Agreement, EPA reserves, and this Settlement Agreement is without prejudice to, all rights against Respondent with respect to:

- a. liability for failure of Respondent to meet a requirement of this Settlement Agreement;
- b. liability for costs incurred or to be incurred by the United States that are not within the definition of Past Response Costs;
- c. liability for injunctive relief or administrative order enforcement under Section 106 of CERCLA, 42 U.S.C. § 9606;
- d. criminal liability; and
- e. liability for damages for injury to, destruction of, or loss of natural resources, and for the costs of any natural resource damage assessments.

26. Nothing in this Settlement Agreement is intended to be nor shall it be construed as a release, covenant not to sue, or compromise of any claim or cause of action, administrative or judicial, civil or criminal, past or future, in law or in equity, that the United States may have against any person, firm, corporation or other entity not a signatory to this Settlement Agreement.

X. COVENANTS BY RESPONDENT

27. Covenants by Respondent. Respondent covenants not to sue and agrees not to assert any claims or causes of action against the United States, or its contractors or employees, with respect to Past Response Costs and this Settlement Agreement, including but not limited to:

- a. any direct or indirect claim for reimbursement for Past Response Costs from the EPA Hazardous Substance Superfund based on Sections 106(b)(2), 107, 111, 112, or 113 of CERCLA, 42 U.S.C. §§ 9606(b)(2), 9607, 9611, 9612, or 9613, or any other provision of law;
- b. any claims arising out of the response actions at the Site for which the Past Response Costs were incurred, including any claim under the United States Constitution, the Constitution of the State of Colorado, the Tucker Act, 28 U.S.C. § 1491, the Equal Access to Justice Act, 28 U.S.C. § 2412, or at common law; and
- c. any claim pursuant to Section 107 or 113 of CERCLA, 42 U.S.C. § 9607 or 9613, Section 7002(a) of RCRA, 42 U.S.C. § 6972(a), or State law for Past Response Costs.

28. Nothing in this Settlement Agreement shall be deemed to constitute approval or preauthorization of a claim within the meaning of Section 111 of CERCLA, 42 U.S.C. § 9611, or 40 C.F.R. § 300.700(d).

XI. EFFECT OF SETTLEMENT/CONTRIBUTION

29. Nothing in this Settlement Agreement shall be construed to create any rights in, or grant any cause of action to, any person not a Party to this Settlement Agreement. Except as provided in Section X (Covenants by Respondent), each of the Parties expressly reserves any and all rights (including, but not limited to, pursuant to Section 113 of CERCLA, 42 U.S.C. § 9613), defenses, claims, demands, and causes of action that it may have with respect to any matter, transaction, or occurrence relating in any way to the Site against any person not a Party hereto. Nothing in this Settlement Agreement diminishes the right of the United States, pursuant to Section 113(f)(2) and (3) of CERCLA, 42 U.S.C. § 9613 (f)(2)-(3), to pursue any such persons to obtain additional response costs or response action and to enter into settlements that give rise to contribution protection pursuant to Section 113(f)(2).

30. The Parties agree that this Settlement Agreement constitutes an administrative settlement pursuant to which Respondent has, as of the Effective Date, resolved liability to the United States within the meaning of Sections 113(f)(2) and 122(h)(4) of CERCLA, 42 U.S.C. §§ 9613(f)(2) and 9622(h)(4), and is entitled, as of the Effective Date, to protection from contribution actions or claims as provided by Sections 113(f)(2) and 122(h)(4) of CERCLA, or as may be otherwise provided by law, for the "matters addressed" in this Settlement Agreement. The "matters addressed" in this Settlement Agreement are Past Response Costs.

31. The Parties further agree that this Settlement Agreement constitutes an administrative settlement pursuant to which Respondent has, as of the Effective Date, resolved

liability to the United States within the meaning of Section 113(f)(3)(B) of CERCLA, 42 U.S.C. § 9613(f)(3)(B) for the "matters addressed" in this Settlement Agreement.

32. Respondent shall, with respect to any suit or claim brought by it for matters related to this Settlement Agreement, notify EPA in writing no later than sixty (60) days prior to the initiation of such suit or claim. Respondent also shall, with respect to any suit or claim brought against it for matters related to this Settlement Agreement, notify EPA in writing within 10 days after service of the complaint or claim upon it. In addition, Respondent shall notify EPA within ten (10) days after service or receipt of any Motion for Summary Judgment and within ten (10) days after receipt of any order from a court setting a case for trial, for matters related to this Settlement Agreement.

33. In any subsequent administrative or judicial proceeding initiated by EPA, or by the United States on behalf of EPA, for injunctive relief, recovery of response costs, or other relief relating to the Site, Respondent shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, *res judicata*, collateral estoppel, issue preclusion, claim-splitting, or other defenses based upon any contention that the claims raised in the subsequent proceeding were or should have been brought in the instant case; provided, however, that nothing in this Paragraph affects the enforceability of the Covenants by EPA set forth in Section VIII.

34. Effective upon signature of this Settlement Agreement by Respondent, Respondent agrees that the time period commencing on the date of its signature and ending on the date EPA receives from Respondent the payment required by Section VI (Payment of Past Response Costs) and, if any, Section VII (Failure to Comply with Settlement Agreement) shall not be included in computing the running of any statute of limitations potentially applicable to any action brought by the United States related to the "matters addressed" as defined in Paragraph 30, and that, in any action brought by the United States related to the "matters addressed," Respondent will not assert, and may not maintain, any defense or claim based upon principles of statute of limitations, waiver, laches, estoppel, or other defense based on the passage of time during such period.
