Proceeding Pursuant §1414(g)(3)(B)
of the Safe Drinking Water Act, 42 U.S.C.
§300g-3(g)(3)(B)

CONSENT AGREEMENT
AND
FINAL ORDER

Docket No.
SDWA-02-2009-8407

I. Preliminary Statement

This administrative proceeding for the assessment of a civil penalty was instituted pursuant to Section 1414(g)(3)(B) of the Safe Drinking Water Act (the "Act"), 42 U.S.C. §300g-3(g)(3)(B).

The Complainant in this proceeding, the Director of the Division of Enforcement and Compliance Assistance, Region 2, United States Environmental Protection Agency ("EPA"), issued a "Complaint, Findings of Violation, Notice of Proposed Assessment of a Civil Penalty and Notice of Opportunity to Request a Hearing" ("Complaint") to the Puerto Rico Aqueduct and Sewer Authority ("Respondent") on **JUN 29**, 2009.

The Complaint charges Respondent with violating the Act and terms and conditions of an Administrative Order ("AO") issued to Respondent pursuant to Section 1414(g) of the Act, 42 U.S.C. §300g-3(g), requiring compliance with an applicable requirement of the Act at Respondent's Guzman Arriba public water system ("PWS"), located in Rio Grande, Puerto Rico.

II. Findings of Fact and Conclusions of Law

1. Respondent owns and/or operates the Guzman Arriba "public water system," within the meaning of Section 1401(4) of the SDWA, 42 U.S.C. §300f(4), and 40 C.F.R. §141.2, located in Rio Grande, Puerto Rico.
2. Respondent is a "supplier of water" within the meaning of Section 1401 (5) of the SDWA, 42 U.S.C. §300f(5), and 40 C.F.R. §141.2.

3. Respondent is a public corporation and an autonomous governmental instrumentality of the Commonwealth of Puerto Rico, organized and existing under the Laws of Puerto Rico, P.R. Laws Ann. Tit. 22, §§142, 144 (1987), is a "person" as defined in Section 1401(12) of the SDWA, 42 U.S.C. §300f(12), and 40 C.F.R. §141.2, and is subject to an AO issued under Section 1414(g)(1) of the SDWA, 42 U.S.C. §300g-3(g)(1).
4. The Guzman Arriba PWS is supplied by a surface water source, and provides piped water for human consumption and regularly serves at least 15 service connections used by year-round residents or regularly serves at least 25 individuals, and is therefore a "community water system" ("CWS") as defined by Section 1401(15) of the SDWA, 42 U.S.C. §300f(15) and 40 C.F.R. §141.2.
5. The Guzman Arriba PWS uses conventional filtration, as defined in 40 C.F.R. §141.2.
6. On January 14, 2002, EPA promulgated the Long Term I Enhanced Surface Water Treatment Rule ("LT1ESWTR"), 40 C.F.R. Part 141 Subpart T. LT1ESWTR increases public health protection from microbial pathogens, particularly *Cryptosporidium*. LT1ESWTR builds upon existing treatment technique requirements established by the 1989 Surface Water Treatment Rule by requiring systems using conventional or direct filtration to comply with strengthened turbidity standards and conduct continuous monitoring of individual filter effluent turbidity.
7. The Puerto Rico Department of Health ("PRDOH") administers the Public Water Supply Supervision Program in Puerto Rico pursuant to Section 1413 of the SDWA. The approval and delegation of primary enforcement responsibility from EPA to PRDOH was effective as of March 1, 1980. However, at the time the LT1ESWTR came into effect, the PRDOH had not obtained enforcement responsibility for this rule; therefore, EPA issued enforcement actions against PRASA for violations to the LT1ESWTR. On October 18, 2005, EPA granted enforcement primacy for the LT1ESWTR to the PRDOH; however, EPA retained enforcement responsibility for the LT1ESWTR in regard to the Guzman Arriba PWS.
8. Pursuant to 40 C.F.R. §§141.501 and 141.502, PWSs using a surface water or ground water under the direct influence ("GWUDI") of surface water as a source and serving fewer than 10,000 people are required to comply with the LT1ESWTR by January 1, 2005.
9. Pursuant to 40 C.F.R. §141.560, PWSs that provide conventional or direct filtration treatment and serve fewer than 10,000 people are required to conduct continuous monitoring of turbidity for each individual filter using an approved method in accordance with §141.74(a), and record the results of individual filter monitoring every 15 minutes. Whereas, PWSs consisting of 2 or fewer filters, may conduct continuous monitoring of combined filter effluent turbidity in lieu of individual filter effluent turbidity monitoring and record the results of combined filter effluent turbidity every 15 minutes. PWSs are required to comply with the reporting and recordkeeping requirements of 40 C.F.R. §141.570 and §141.571.

10. The Respondent's Guzman Arriba PWS utilizes a surface water source and serves fewer than 10,000 people, and, therefore, is required to comply with the LT1ESWTR by January 1, 2005.
11. On June 22, 2005, EPA issued a Section 1445 letter requesting information on the number of filters at each PWS serving less than 10,000 people to determine if individual filter requirements were applicable. Based on the information provided by the Respondent in its July 28, 2005, letter, EPA determined that the Guzman Arriba PWS was required to comply with the individual filter effluent turbidity monitoring requirements.
12. On August 17, 2005, EPA issued a Section 1445 letter, requesting information on the Respondent's compliance status regarding the installation and operation of turbidimeters for individual filters at the Guzman Arriba PWS. Based on Respondent's response, dated September 15, 2005; the Guzman Arriba PWS failed to comply with the requirements of the LT1ESWTR.
13. On September 30, 2005, EPA issued an AO, Docket No. SDWA-02-2005-8193 to Respondent, under authority of Section 1414 (g) of the SDWA, 42 U.S.C. §300g-3(g), for failure to comply with the requirements of the LT1ESWTR and the SDWA. The AO required the Guzman Arriba PWS to comply with the individual filter turbidity monitoring requirements by December 30, 2005. A copy of the AO is attached hereto and incorporated by reference.
14. Based on information available to EPA, Respondent has failed to demonstrate compliance with the requirements specified in 40 C.F.R. §141.560, §141.570 and §141.571 and violated Paragraphs 12 of the AO.

III. Consent Agreement
