EXPEDITED STORM WATER SETTLEMENT AGREEMENT
ALFA & OMEGA ELECTRIC, S.E.
Docket Number: CWA-02-2009-3351

Alfa & Omega Electric, S.E. (herein the "Respondent") is a "person," within the meaning of § 502(5) of the Clean Water Act ("the Act" or "CWA"), 33 U.S.C. § 1362(5), and 40 C.F.R. § 122.2.

Attached is an "Expedited Settlement Offer Deficiencies Form" (herein the "Form"), which is hereby incorporated by reference. By its signature, Complainant ("EPA") finds that Respondent is responsible for the deficiencies specified in the Form.

Respondent operated without a NPDES permit in violation of Section 301(a) of the Act, 33 U.S.C. § 1311, and failed to comply with its National Pollutant Discharge Elimination System ("NPDES") storm water permit authorized under Section 402 of the Act, 33 U.S.C. § 1342, as noted on the attached Form.

EPA finds, and Respondent admits, that Respondent is subject to Section 301(a) of the Act, 33 U.S.C. § 1311, and that EPA has jurisdiction over the allegations and any "person" who "discharges pollutants" from a "point source" to "waters of the United States". Respondent neither admits nor denies the allegation(s) specified in the Form.

EPA is authorized to enter into this Consent Agreement and Final Order ("Agreement") under the authority vested in the Administrator of EPA by Section 309(g)(2)(A) of the Act, 33 U.S.C. § 1319(g)(2)(A), and by 40 C.F.R. § 22.13(b). The parties enter into this Agreement in order to settle the civil violation(s) specified in the Form for a penalty of \$4,500. Respondent consents to the assessment of this penalty, and waives the right to: (1) contest the finding(s); (2) a hearing pursuant to Section 309(g)(2) of the Act, 33 U.S.C. § 1319(g)(2); and (3) appeal pursuant to Section 309(g)(8) of the Act, 33 U.S.C. § 1319(g)(8).

Additionally, Respondent certifies, subject to civil and criminal penalties for making a false statement to the United States Government, that it has corrected any deficiencies identified in the Form, and to the best of its knowledge, is in compliance with the NPDES permitting program.

Respondent certifies that within 10 days of receiving notice from EPA that the Agreement is effective ("SO ORDERED") it will send a bank, cashiers or certified check for the amount specified above, payable to the "Treasurer, United States of America" to:

If Respondent does not sign and return this Agreement as presented within 30 days of the date of its receipt, the proposed Agreement is withdrawn without prejudice to EPA's ability to issue any order or file any enforcement action for the violation(s) identified in the Form.

Attached for your review and concurrence is a copy of the Consent Agreement and Order Assessing Administrative Penalties in the above-referenced matter, which has been agreed upon by Alfa & Omega Electric, S.E. ("Respondent").

Highlights of the Order

The Order assesses a penalty of \$4,500.00.

Background

The Region applied the Expedited Settlement Offer ("ESO") criteria, in this case for sites that are ESO-eligible. Sites which meet all of the following criteria can be ESO-eligible: (1) construction sites up to fifty acres; (2) sites where the penalty calculated via the ESO worksheet is no more than \$15,000; (3) sites where there is no evidence of significant environmental impact (e.g., turbidity observed in receiving water); (4) sites where the operator is a first-time violator; and (5) sites where there is no evidence of non-allowable storm water discharges (e.g., process wastewater discharge, such as truck washing or discharge from a concrete batch plant operation).

On October 16, 2008, EPA Region 2 issued an Administrative Compliance Order to the Respondent, Docket No. EPA-CWA-02-2009-3104, which included formal findings of violation, and a schedule of compliance pursuant to Section 309 (a) of the CWA. EPA alleged that Respondent violated Section 301 of the Act, 33 U.S.C. §1342, by its failure to comply with the storm water construction general permit during active construction project of the Sanitary Sewer System Phase 2, an ESO assessing an Administrative

Penalty was mailed to Respondent, Docket No. EPA-CWA-02-2009-3351. On February 5, 2009, Respondent responded to the ESO, agreeing to terms. The ESO proposed the assessment of a \$4,500.00 penalty.

This ESO was public noticed on February 11, 2009. The public notice period closed on March 13, 2009. No comments were received.

Penalty Justification

The attached Order for Alfa & Omega Electric, S.E., imposes a penalty of \$4,500. This penalty was based upon the NPDES Industrial Storm Water Worksheet for Construction (ESO Worksheet).

Recommendation

The penalty addresses the violations under Section 301 of the Clean Water Act, 33 U.S.C. §1342. The violations have been remedied. The compliance schedule in the AO required the Respondent to, prepare and implement a satisfactory Storm Water Pollution Prevention Plan, and certify that it meets all federal requirements, along with final stabilization of the site. Since these requirements were satisfied after the 309 (a) Order was issued, the Agency is proceeding to use an expedited storm water settlement agreement to streamline the settlement for unpermitted facilities.
