Statutory and Regulatory Background

9. Section 113(a)(3)(B) of the Act, 42 U.S.C. § 7413(a)(3)(B), authorizes the Administrator of EPA to issue an order requiring compliance with Subchapter VI of the Act to any person who has violated or is violating any requirement of Subchapter VI. The Administrator of EPA has delegated her order authority to the Regional Administrator of EPA, Region 5 pursuant to EPA Headquarters Delegation 7-6-A. The Regional Administrator of EPA, Region 5, has delegated her order authority to the Director pursuant to EPA Region 5 Delegation 7-6-A.

10. The Administrator of EPA may require any person who owns or operates an emission source to make reports and provide information required by the Administrator under Section 114(a)(1) of the Act, 42 U.S.C. § 7414(a)(1). The Administrator of EPA has delegated her information gathering authority to the Regional Administrator of EPA, Region 5 pursuant to EPA Headquarters Delegation 7-8. The Regional Administrator of EPA, Region 5, has delegated his information gathering authority to the Director pursuant to EPA Region 5 Delegation 7-8.

11. Subchapter VI of the Act, 42 U.S.C. § 7671, *et seq.* provides for the protection of stratospheric ozone. Section 608(b) of the Act, 42 U.S.C. § 7671g(b) provides EPA with the authority to regulate the safe disposal of class I and II substances. Class I and II substances include refrigerants containing chlorofluorocarbons (CFCs) and hydrochlorofluorocarbons

(HCFCs). EPA promulgated such regulations covering the safe disposal of CFCs and HCFCs from small appliances and motor vehicle air conditioners at 58 Fed. Reg. 28660 (May 14, 1993). These regulations for protection of the stratospheric ozone, recycling and emissions reduction are found in 40 C.F.R. Part 82, Subpart F.

12. Effective July 13, 1993, persons who take the final step in the disposal process (including but not limited to scrap recyclers) of small appliances and motor vehicle air conditioners (MVACs) must either recover the refrigerant in accordance with specific procedures or verify with signed statements that the refrigerant was properly recovered prior to receipt of the small appliance or MVAC. See 40 C.F.R. § 82.156(f). If verification statements are used then the scrap recycler must notify the suppliers of the small appliance or MVAC of the need to properly recover the refrigerant. See 40 C.F.R. § 82.156(f)(3). The scrap recycler must keep verification statements on-site for a minimum of three years. See 40 C.F.R. § 82.166(i) and (m).

13. EPA's regulations for the protection of the stratospheric ozone, recycling and emissions reduction define a "small appliance" as any appliance that is fully manufactured, charged, and hermetically sealed in a factory with five pounds or less of a class I or class II substance used as a refrigerant, including, but not limited to, refrigerators and freezers (designed for home, commercial, or consumer use), medical or industrial research refrigeration equipment, room air conditioners (including window air conditioners and packaged terminal air heat pumps), dehumidifiers, under the counter ice makers, vending machines, and drinking water coolers. See 40 C.F.R. § 82.152.

14. EPA's regulations for the protection of stratospheric ozone, recycling and emissions reduction define motor vehicle air conditioners (MVACs) as mechanical vapor

compression refrigeration equipment used to cool the driver's or passenger's compartment of any motor vehicle. See 40 C.F.R. §§ 82.32 and 82.152.

Factual Allegations and Alleged Violations

15. MPMR owns and operates a scrap metal recycling facility at 1749 Freeburg Avenue, St. Clair County, Illinois.
16. MPMR is a sole proprietor doing business in Illinois.
17. MPMR is a "person," as defined by 40 C.F.R. § 82.152.
18. On August 23, 2012, EPA inspected the facility to assess MPMR's compliance with the CAA.
19. During the August 23, 2012 inspection, EPA observed many wrecked automobiles throughout the MPMR's property.
20. During the August 23, 2012 inspection, MPMR representatives told EPA that it stopped accepting air conditioners approximately one month prior to the inspection, and receives approximately 2 cars per week and 3 – 4 refrigerators per week. MPMR stated it removes compressors from refrigeration units.
21. During the August 23, 2012 inspection, MPMR representatives told EPA that it does not recover refrigerant onsite and does not take verification statements.
22. MPMR is a person who takes the final step in the disposal process of small appliances and is subject to the requirements of 40 C.F.R. Part 82, Subpart F.
23. MPMR has accepted small appliances and MVACs without recovering refrigerant. MPMR has not obtained verification statements that met the requirements of 40 C.F.R. § 82.156(f) for these small appliances and MVACs.

28. If Respondent does not timely pay any installment payment as set forth in paragraph 25, above, the entire unpaid balance of the civil penalty shall become due and owing upon written notice by EPA to Respondent of the delinquency. General Provisions

30. This CAFO resolves only Respondent's liability for federal civil penalties for the violations alleged in this CAFO.

31. The CAFO does not affect the rights of EPA or the United States to pursue appropriate injunctive or other equitable relief or criminal sanctions for any violation of law.

32. This CAFO does not affect Respondent's responsibility to comply with the CAA and other applicable federal, state and local laws. Except as provided in paragraph 30, above, compliance with this CAFO will not be a defense to any actions subsequently commenced pursuant to federal laws administered by EPA.

33. Respondent certifies that it is complying fully with 40 C.F.R. § 82.156(f).

34. This CAFO constitutes an "enforcement response" as that term is used in EPA's Clean Air Act Stationary Civil Penalty Policy to determine Respondent's "full compliance history" under Section 113(e) of the CAA, 42 U.S.C. § 7413(e).

35. The terms of this CAFO bind Respondent, its successors and assigns.

36. Each person signing this consent agreement certifies that he or she has the authority to sign for the party whom he or she represents and to bind that party to its terms.
