Docket No.

EPCRA-09-2008-00 0 7

IN THE MATTER OF:

Splash Pool Chemicals of Arizona, Inc.,

Respondent.

CONSENT AGREEMENT
AND
FINAL ORDER PURSUANT TO
40 C.F.R. §§ 22.13 and 22.18

CONSENT AGREEMENT

A. PRELIMINARY STATEMENT

1. This is a civil administrative enforcement action initiated pursuant to Section 325 of the Emergency Planning and Community Right-to-Know Act of 1986 ("EPCRA"), 42 U.S.C. § 11045, and the Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation/Termination or Suspension of Permits ("Consolidated Rules"), 40 C.F.R. Part 22. Complainant is the United States Environmental Protection Agency, Region IX. Respondent is Splash Pool Chemicals of Arizona, Inc., a limited partnership organized under the laws of the state of Delaware.
2. This CA/FO, pursuant to 40 C.F.R. §§ 22.13 and 22.18, simultaneously commences and concludes this proceeding, wherein EPA alleges that Respondent violated Section 312 of EPCRA, 42 U.S.C. § 11022, and its implementing regulations.

B. STATUTORY AND REGULATORY FRAMEWORK

3. Section 312 of EPCRA, 42 U.S.C. § 11022, and 40 C.F.R. § 370.25, require the owner or operator of a facility that is required to prepare or have available a material safety data sheet ("MSDS") for a hazardous chemical under the Occupational Safety and Health Act

of 1970 ("OSHA"), 29 U.S.C. § 651 *et seq.*, to submit an annual emergency and hazardous chemical inventory form containing information on hazardous chemicals present at the facility during the preceding calendar year above the threshold levels established in 40 C.F.R. § 370.20(b). This inventory must be submitted by March 1 of each year to the State Emergency Response Commission ("SERC"), the Local Emergency Planning Committee ("LEPC"), and the fire department having jurisdiction over the facility. 40 C.F.R. § 370.25.

C. GENERAL ALLEGATIONS

4. Section 325(c) of EPCRA, 42 U.S.C. § 11045(c), authorizes the assessment of civil penalties for any violation Section 312 of EPCRA, 42 U.S.C. § 11022.
5. The Administrator of EPA has delegated enforcement authority under EPCRA to the Regional Administrators by EPA delegation 22-3-A, dated May 11, 1994.
6. The Regional Administrator, EPA Region IX, has delegated the authority to enforce Section 312 of EPCRA, 42 U.S.C. § 11022, to the Director of the Superfund Division with delegation R9 1290.18.
7. Respondent is, and at all times referred to herein was, a "person" as defined by Section 329(7) of EPCRA, 42 U.S.C. § 11049(7).
8. The real property, including improvements thereto, located at 3144 East 46th Street, in Tucson, Arizona 85713, within Pima County (the "Facility"), is a "facility" as defined by Section 329(4) of EPCRA, 42 U.S.C. § 11049(4).
9. At all times relevant to this CA/FO, the Facility used or stored Hazardous Chemicals.
10. Pursuant to Section 312(b) of EPCRA, a facility is exempt from the reporting requirements of Section 312(a) of EPCRA if the quantities of "Hazardous Chemicals" present are below the thresholds established by EPA. EPA has established a minimum

threshold level of 10,000 pounds, which applies to all Hazardous Chemicals except those listed as “Extremely Hazardous Substances,” as well as certain fuels stored underground. 40 C.F.R. § 370.20.

11. EPA, as required under Section 302 of EPCRA, 42 U.S.C. §11002, published a list of substances designated as “Extremely Hazardous Substances” which, when released into the environment, may present substantial danger to public health or welfare or the environment, and has promulgated regulations establishing the threshold planning quantity of each Extremely Hazardous Substance. This list, including the corresponding threshold planning quantities for the Extremely Hazardous Substances, is codified at 40 C.F.R. Part 355, Appendices A and B.
12. Sodium hypochlorite, cyanuric acid, and soda ash are Hazardous Chemicals as defined by OSHA and regulations promulgated thereunder. 29 C.F.R. § 1910.1200. However, none of these Hazardous Chemicals is an Extremely Hazardous Substance under EPCRA. 40 C.F.R. Part 355, Appendices A and B. Therefore, the minimum threshold level for each of these Hazardous Chemicals is ten thousand (10,000) pounds. 40 C.F.R. § 370.20.
13. Chlorine is a “Hazardous Chemical” as defined in Sections 311(e) and 312(c) of EPCRA, 42 U.S.C. §§ 11021(e) and 11022(c), and an “Extremely Hazardous Substance” as defined in Sections 302 of EPCRA, 42 U.S.C. §§ 11002, with a threshold planning quantity of 100 pounds. 40 C.F.R. Part 355, App. A & B.
14. At all times relevant to this CA/FO, Respondent has been the owner and operator of the Facility.
15. The Arizona Emergency Response Commission (“AERC”) was established as the SERC for the State of Arizona in accordance with Section 301 of EPCRA, 42 U.S.C. § 11001.
16. The Pima County LEPC was established as the LEPC for the county in which the facility is located, in accordance with Section 301 of EPCRA, 42 U.S.C. § 11001.

17. The Tucson Fire Department is the fire department having jurisdiction over the facility.
18. The Facility is and was subject to Section 312 of EPCRA, 42 U.S.C. § 11022, and had an Extremely Hazardous Chemical above the applicable thresholds established in 40 C.F.R. § 370.20(b).
19. EPA alleges that Respondent has violated Section 312 of EPCRA, 42 U.S.C. § 11022, and its implementing regulations.
20. Respondent is therefore subject to the powers vested in the EPA Administrator by Section 325 of EPCRA, 42 U.S.C. § 11045.

D. ALLEGED VIOLATIONS

COUNT I

(Failure to Timely Submit Annual Chemical Inventory Form for 2004, 2005 and 2006)

21. Paragraphs 1 through 20 above are incorporated herein by this reference as if they were set forth here in their entirety.
22. Respondent was required to submit an annual emergency and hazardous chemical inventory form containing information on Hazardous Chemicals, including any Extremely Hazardous Substances, present at the facility during calendar years 2004, 2005 and 2006 to the AERC, the Pima County LEPC, and the Tucson Fire Department on or before March 1 of the following years.
23. Respondent did not timely submit the annual emergency and hazardous chemical inventory form containing information on chlorine present at the Facility during calendar year 2006 to the AERC, the Pima County LEPC, or the Tucson Fire Department.
24. Respondent did not timely submit the annual emergency and hazardous chemical inventory form containing information on sodium hypochlorite, cyanuric acid, and soda ash present at the Facility during calendar years 2004 and 2005 to the AERC, the Pima

County LEPC, or the Tucson Fire Department.

25. Therefore, EPA alleges that Respondent failed to submit the completed emergency and hazardous chemical inventory forms to the SERC, the LEPC, and the fire department for reporting years 2004, 2005 and 2006 by March 1 of the following years, in violation of Section 312 of EPCRA, 42 U.S.C. § 11022.

E. CIVIL PENALTY

26. Section 325(c)(1) of EPCRA, 42 U.S.C. § 11045(c)(1), as adjusted by the Debt Collection Improvement Act of 1996, *see* 40 C.F.R. Part 19, authorizes a civil penalty of up to THIRTY-TWO THOUSAND FIVE HUNDRED DOLLARS (\$32,500) per day for each day a violation of EPCRA 312 occurs on or after March 15, 2004. *See* Table 1 of 40 C.F.R. § 19.4, 69 Fed. Reg. 7121, 7126 (Feb. 13, 2004).
27. Based on the facts alleged herein and upon all the factors which the Complainant considers pursuant to the Enforcement Response Policy for Sections 304, 311, and 312 of the Emergency Planning and Community Right-to-Know Act and Section 103 of the Comprehensive Environmental Response, Compensation and Liability Act (“ERP”), including the nature, extent, and gravity of the violations, the Respondent’s ability to pay, prior history of violations, degree of culpability, and any economic benefit, and such other matters as justice may require, and the EPA Supplemental Environmental Project Policy (“SEP Policy”), the Complainant proposes that the Respondent be assessed, and Respondent agrees to pay **FOUR THOUSAND DOLLARS (\$4,000)** as the civil penalty for the violations alleged herein. The proposed penalty was calculated in accordance with the ERP and the SEP Policy.

F. SUPPLEMENTAL ENVIRONMENTAL PROJECT

28. As part of the settlement of this enforcement action, Respondent shall perform a Supplemental Environmental Project ("SEP"). Performance of the tasks set forth in this Section shall constitute satisfactory performance of the SEP.
29. Within 180 days from the Effective Date, Respondent shall remove gas chlorine from its process and replace it with sodium hypochlorite, as an alternative for chlorination of its customers' swimming pools. To accomplish this conversion, Respondent shall expend at least SEVENTEEN THOUSAND DOLLARS (\$17,000) on performance of the SEP. Performance of the SEP shall include the following components, and only the costs of these components may be included as costs of the performance of the SEP:
- a. purchase of sodium hypochlorite containers;
 - b. purchase of a pump and pump motor to transfer sodium hypochlorite;
 - c. purchase and installation of aluminum racks in four trucks to carry sodium hypochlorite;
 - d. purchase and installation of helper springs in four trucks to support extra weight of sodium hypochlorite;
 - e. purchase of a muriatic acid stand and associated secondary containment;
 - f. purchase of an evaporative cooler to cool the area where sodium hypochlorite will be stored;
 - g. sheeting for building enclosure for storage of sodium hypochlorite; and
 - i. removal of existing concrete secondary containment for chlorine tank, as necessary to make room for the sodium hypochlorite tanks which will be installed.
30. Within ninety (90) days after the Effective Date of this CA/FO, Respondent shall certify to EPA in writing that it has completed performance of the SEP and removed gas

chlorine from its process. At the same time, Respondent shall provide EPA an accounting showing the amount Respondent expended for performance of the SEP, and submit to EPA substantiating documentation, including but not limited to invoices, purchase orders, checks or receipts. The signatory for Respondent shall certify under penalty of law that this certification is based upon true, accurate and complete information, which the signatory can verify personally or regarding which the signatory has inquired of the person or persons directly responsible for gathering the information.

31. In the event that Respondent publicizes the SEP, Respondent shall state in a prominent manner that the project is part of a settlement of an enforcement action by EPA.
32. For federal income tax purposes, Respondent agrees that it will neither capitalize into inventory or basis nor deduct any costs or expenditures incurred in performing the SEP.
33. In signing this CA/FO, Respondent hereby certifies that it is not required by any federal, state or local law or regulation to perform or develop the SEP described above; nor is Respondent required by agreement, grant or as injunctive relief in this or any other case (other than in this CA/FO) to perform or develop this SEP. Respondent further certifies that it has not received, and is not presently negotiating to receive, credit in any other enforcement action for this SEP; nor will Respondent realize any profit, credit or tax deduction attributable to or associated with this SEP.

G. ADMISSIONS AND WAIVERS

34. For purposes of this proceeding, Respondent admits and agrees that EPA has jurisdiction and authority over the subject matter of the action commenced in this CA/FO and over Respondent pursuant to Section 325 of EPCRA, 42 U.S.C. § 11045, and 40 C.F.R. §§ 22.4 and 22.37. Further, for the purposes of this proceeding, Respondent admits to the general allegations of facts and law set forth in Sections B and C of this CA/FO. Respondent consents to and agrees not to contest EPA's jurisdiction and authority to enter

into and issue this CA/FO and to enforce its terms. Further, Respondent will not contest EPA's jurisdiction and authority to compel compliance with this CA/FO in any enforcement proceedings, either administrative or judicial, or to impose sanctions for violations of this CA/FO.

35. Respondent neither admits nor denies any allegations of fact or law set forth in Section D of this CA/FO. Respondent hereby waives any rights Respondent may have to contest the allegations set forth in this CA/FO, waives any rights Respondent may have to a hearing on any issue relating to the factual allegations or legal conclusions set forth in this CA/FO, including without limitation a hearing pursuant to Section 325 of EPCRA, 42 U.S.C. § 11045, and hereby consents to the issuance of this CA/FO without adjudication. In addition, Respondent hereby waives any rights Respondent may have to appeal the Final Order attached to this Consent Agreement and made part of this CA/FO.

41. The signatory for Respondent certifies under penalty of law that this certification of compliance is based upon true, accurate and complete information, which the signatory can verify personally or regarding which the signatory has inquired of the person or persons directly responsible for gathering the information.

This CA/FO shall not be construed as a covenant not to sue, a release, waiver or limitation of any rights, remedies, powers or

authorities, civil or criminal, which EPA has under EPCRA, or any other statutory, regulatory or common law enforcement authority of the United States, except as otherwise set forth herein.

58. Compliance by Respondent with the terms of this CA/FO shall not relieve Respondent of its obligations to comply with any applicable local, state or federal laws and regulations.
59. The entry of this CA/FO and Respondent's consent to comply shall not limit or otherwise preclude EPA from taking additional enforcement actions should EPA determine that such actions are warranted except as they relate to Respondent's liability for federal civil penalties for the specific alleged violations and facts as set forth in Section D of this CA/FO. Full payment of the penalty proposed herein shall resolve Respondent's liability for federal civil penalties for the violations and facts alleged herein.
