CONSENT AGREEMENT

I. Statutory Authority

1. This is a civil penalty proceeding under Section 309(g)(2)(A) of the Clean Water Act (CWA), 33 U.S.C. § 1319(g)(2)(A), and the *Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties, Issuance of Compliance or Corrective Action Orders and the Revocation, Termination or Suspension of Permits*, published at 64 Fed. Reg. 40176 (July 23, 1999), codified at 40 Code of Federal Regulations (C.F.R.) Part 22 (Part 22).

2. The authority to take action under Section 309(g)(1) of the CWA, 33 U.S.C. § 1319(g)(1), is vested in the Administrator of the United States Environmental Protection Agency (EPA). The Administrator has delegated this authority to the Regional Administrator of the EPA, Region 4, who in turn has redelegated this authority to and through the Director of the Enforcement and Compliance Assurance Division of the EPA, Region 4, to the Chief of the Water Enforcement Branch of the EPA, Region 4 (Complainant).

II. Statutory and Regulatory Background

3. Section 309(g)(1) of the CWA, 33 U.S.C. § 1319(g)(1), states “[w]henever, on the basis of any information available - the Administrator finds that any person has violated [section 301 of the CWA, 33 U.S.C. § 1311], . . . the Administrator . . . may, after consultation with the State in which the violation occurs, assess a class I civil penalty or a class II civil penalty under [33 U.S.C. § 1319(g)(2)].”

4. Section 301(a) of the CWA, 33 U.S.C. § 1311(a), states “[e]xcept as in compliance with . . . [Section 404 of the CWA, 33 U.S.C. § 1314], the discharge of any [dredged or fill material] by any person shall be unlawful.” Section 404 of the CWA, 33 U.S.C. § 1344, authorizes the Secretary of the Army, acting through the Chief of Engineers, U.S. Army Corps of Engineers (COE), to issue permits for the discharge of dredged or fill material into navigable waters.

5. Section 502(12) of the CWA, 33 U.S.C. § 1362(12), defines a “discharge of pollutants” as “[a]ny addition of any pollutant to navigable waters from any point source....”

6. Section 502(14) of the CWA, 33 U.S.C. § 1362(14), defines “point source” as “[a]ny discernible, confined and discrete conveyance, including but not limited to any pipe, ditch, channel, tunnel, conduit [or] discrete fissure . . . from which pollutants are or may be discharged.”

7. Section 502(7) of the CWA, 33 U.S.C. § 1362(7), defines “navigable waters” as “[t]he waters of the United States, including the territorial seas.”

8. Federal regulations under 40 C.F.R. § 232.2 define the term “waters of the United States” to include “wetlands.”

9. Federal regulations under 40 C.F.R. § 232.2 and 33 C.F.R. § 328.3(b) define “wetlands” as “[t]hose areas that are inundated or saturated by surface or groundwater at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions.”

10. The term “Discharge Area” means the jurisdictional waters that have been impacted through the discharge of dredged and/or fill material as a result of the unauthorized activities that are the subject of this enforcement action. More specifically, the Discharge Area is approximately 1.67 acres of freshwater wetlands abutting Boggy Creek, a perennial tributary that flows to East Lake Tohopekaliga, a navigable-in-fact water of the United States.

11. The term “Site” means the parcel or parcels of land on which the Discharge Area is located. The Site is approximately 22 acres and is located on the north side of Myers Road, within Section 5, Township 25S, Range 30E; Osceola County, Florida, near latitude 28.3415° north and longitude 81.3404° west (See Exhibits A and B).

III. Allegations

12. Eagle Hammock, LLC (Respondent), at all times relevant to this Consent Agreement and Final Order, was the owner and operator of the Site, which contains the Discharge Area.

13. Respondent is a company duly organized under the laws of the State of Florida and is a person within the definition set forth under Section 502(5) of the CWA, 33 U.S.C. § 1362(5).

14. On July 29, 2015, Respondent applied for permit coverage under the Joint Application Process with the State of Florida and the U.S. Army Corps of Engineers, Jacksonville District (Corps). On September 8, 2015 the Corps sent a request for additional information to Respondent. On May 25, 2016, Respondent requested that the application be

withdrawn and the South Florida Water Management District (SFWMD) withdrew the application.

15. On or about May 30, 2017, Respondent submitted another application to SFWMD, but stated they were not seeking a permit from the Corps. On June 6, 2017, the Corps notified the applicant via letter that based on a previous evaluation and review of the recently submitted construction plans that a Corps permit was required.

16. On March 8, 2018, the Corps received an application for the project and on April 4, 2018, the Corps conducted a site inspection and discovered that the wetland impacts proposed had already been completed. On June 5, 2018, the Corps enforcement staff conducted another site inspection and documented current site conditions, noting continued earth moving activities.

17. On June 13, 2018, the Corps issued Respondent a Cease and Desist Order requiring Respondent to stop performing any further filling in areas that may be subject to the Corps' jurisdiction under Section 404 of the CWA, 33 U.S.C. § 1344.

18. On November 27, 2018, the Corps and the EPA conducted a joint inspection of the Site to further investigate the potential unauthorized discharges of dredged and/or fill material into waters of the United States and found that unauthorized discharges of dredged and/or fill material remained in waters of the United States.

19. Respondent has agreed to purchase mitigation credits and to apply for a Corps permit authorizing these discharges under a separate Administrative Compliance Order on Consent with the EPA.

20. Section 301(a) of the CWA, 33 U.S.C. § 1311(a), prohibits the discharge of pollutants by any person into waters of the United States except in compliance with a permit issued under, *inter alia*, Section 404 of the CWA, 33 U.S.C. § 1344.

21. Commencing on or about February 1, 2018, until on or about June 13, 2018, Respondent, or those acting on behalf of Respondent, discharged dredged and/or fill material into wetlands on the Site, without a permit, using earth moving machinery during unauthorized dredge and fill activities associated with mechanical land grading and back filling of freshwater wetlands for residential development.

22. Respondent's unauthorized activities impacted approximately 1.67 acres of freshwater wetlands abutting Boggy Creek, a perennial tributary that flows to East Lake Tohopekaliga, a navigable-in-fact water of the United States.

23. The discharged dredged and/or fill material, including earthen material deposited at the Discharge Area, are "pollutants" as defined under Section 502(6) of the CWA, 33 U.S.C. § 1362(6).

24. The earth moving machinery employed by Respondent to deposit the dredged and/or fill material at the Discharge Area are “point sources” as defined under Section 502(14) of the CWA, 33 U.S.C. § 1362(14).

25. Respondent’s placement of the dredged and/or fill material at the Discharge Area constitutes a “discharge of pollutants” as defined under Section 502(12) of the CWA, 33 U.S.C. § 1362(12).

26. At no time during the discharge of dredged and/or fill material at the Discharge Area from February 1, 2018 until June 13, 2018, did Respondent possess a permit under Section 404 of the CWA, 33 U.S.C. § 1344, authorizing the activities performed by Respondent. Each discharge by Respondent of pollutants into navigable waters without the required permit issued under Section 404 of the CWA, 33 U.S.C. § 1344, is a violation of Section 301(a) of the CWA, 33 U.S.C. § 1311(a).

27. Each day the material discharged by Respondent remains in waters of the United States without the required permit under Section 404 of the CWA, 33 U.S.C. § 1344, constitutes a day of violation of Section 301 of the CWA, 33 U.S.C. § 1311.

IV. Stipulations and Findings

28. Complainant and Respondent have conferred for the purpose of settlement under 40 C.F.R. Part 22.18 and desire to resolve this matter and settle the allegations described herein without a formal hearing. Therefore, without gathering any evidence or testimony, making of any argument, or adjudicating any issue in this matter, and in accordance with 40 C.F.R. Part 22.13(b), this Administrative Consent Agreement and Final Penalty Order (CAFO) will simultaneously commence and conclude this matter.

29. For the purposes of this CAFO, Respondent admits the jurisdictional allegations set out above and the factual allegations set out above.

30. Respondent hereby waives its right to contest the allegations set out above and its right to appeal the Final Order accompanying this Consent Agreement.

32. By signing this CAFO, Respondent certifies that the information it has supplied concerning this matter was at the time of submission, and is, truthful, accurate, and complete for each such submission, response and statement. Respondent realizes that there are significant penalties for submitting false or misleading information, including the possibility of fines and/or imprisonment for knowing submission of such information.

33. The Complainant reserves the right to assess and collect any and all civil penalties for any violation described in this Consent Agreement to the extent that any information or certification provided by Respondent was materially false or inaccurate at the time such information or certification was provided to the Complainant.

34. Complainant and Respondent agree to settle this matter by their execution of this CAFO. The parties agree that the settlement of this matter is in the public interest and that this CAFO is consistent with the applicable requirements of the CWA.

V. Payment

35. Under Section 309(g)(2)(A) of the CWA, 33 U.S.C. § 1319(g)(2)(A), and 40 C.F.R. § 19, and considering the nature of the violations and other relevant factors, the EPA has determined that twenty-one thousand dollars (\$21,000) is an appropriate civil penalty to settle this action.

36. Respondent shall submit payment of the penalty specified in the preceding paragraph within thirty (30) days of the effective date of this CAFO via a cashier's or certified check, payable to the order of "Treasurer, United States of America." 39. Under Section 309(g)(9) of the CWA, 33 U.S.C. § 1319(g)(9), failure by Respondent to pay the penalty assessed by the CAFO in full by its due date may subject Respondent to a civil action to collect the assessed penalty plus interest (at currently prevailing rates from the effective date of this CAFO), attorney's fees, costs for collection proceedings and a quarterly nonpayment penalty for each quarter during which such failure to pay persists. Such nonpayment penalty shall be in an amount equal to twenty percent (20%) of the aggregate amount of such penalty and nonpayment penalty which are unpaid as of the beginning of such quarter. Other than as expressed herein, compliance with this CAFO shall not be a defense to any actions subsequently commenced under federal laws and regulations administered by the EPA.

41. Nothing in this CAFO shall be construed as prohibiting, altering, or in any way limiting the ability of the United States to seek any other remedies or sanctions available by virtue of Respondent's violation of this CAFO or of the statutes and regulations upon which this agreement is based, or for Respondent's violation of any federal or state statute, regulation or permit.
