Re: *In the Matter of The United Illuminating Co.*; Docket No. TSCA-01-2026-0035

Dear Mr. Knapp:

In accordance with 40 C.F.R. §§ 22.13(b) and 22.18(b)(2), and simultaneously transmitted with this letter, please find a Consent Agreement and proposed Final Order ("CAFO") settling the above-referenced action. The Consent Agreement has been signed by the parties and is now being submitted to you for ratification. The CAFO will begin and resolve a Toxic Substances Control Act (TSCA) administrative penalty action brought by the U.S. Environmental Protection Agency, Region 1, against The United Illuminating Company.

The administrative penalty action involves alleged violations of Section 6 of TSCA, 15 U.S.C. 2605(e), and its implementing regulations at 40 C.F.R. Part 761 at United Illuminating's former power plant facility in New Haven, Connecticut. The CAFO requires United Illuminating to pay a penalty of \$57,728. The penalty amount is in accordance with EPA's penalty policy, Polychlorinated Biphenyls (PCB) Penalty Policy (April 9, 1990). This Consent Agreement does not have any public notice requirements.

Please note that the parties' consent to the use of digital signatures (as well as Respondent's consent to electronic service of the CAFO, once filed) is included in the CAFO.

If you have any questions regarding the proposed CAFO, please contact me at meeks.sarah@epa.gov or 617-918-1438, and Elizabeth Barton, counsel for The United Illuminating Company, at ecbarton@daypitney.com or 860-275-0371.

Sincerely,

Sarah Meeks
Senior Enforcement Counsel
