**In the Matter of:**

**Aeropres Corporation,**

**Respondent**

**CONSENT AGREEMENT AND FINAL ORDER**

**EPA Docket No. CAA-06-2016-3397**

**CONSENT AGREEMENT AND FINAL ORDER**

The Director of the Compliance Assurance and Enforcement Division of the United States Environmental Protection Agency ("EPA"), Region 6 ("Complainant") and Aeropres Corporation ("Respondent") in the above-referenced proceeding, hereby agree to resolve this matter through the issuance of this Consent Agreement and Final Order ("CAFO").

**I. PRELIMINARY STATEMENT**

1. This proceeding for the assessment of civil penalties is brought by EPA pursuant to sections 113(a)(3) and 113(d)(1)(B) of the Clean Air Act, as amended ("Act" or "CAA"), 42 U.S.C. §§ 7413(a)(3) and 7413(d)(1)(B), and is simultaneously commenced and concluded through the issuance of this CAFO pursuant to 40 C.F.R. §§ 22.13(b), 22.18(b)(2) and (3), and 22.34.

2. For purposes of this proceeding, Respondent admits the jurisdictional allegations contained herein; however, Respondent neither admits nor denies the specific factual allegations contained in this CAFO.

3. Respondent explicitly waives any right to contest the allegations and its right to appeal the proposed Final Order set forth herein, and waives all defenses, which have been raised or could have been raised to the claims set forth in this CAFO.

4. Compliance with all the terms and conditions of this CAFO shall only resolve Respondent's liability for federal civil monetary penalties for those violations and facts alleged in this CAFO.

5. Respondent consents to the issuance of this CAFO and to the assessment and payment of the stated civil penalty in the amount and by the method set forth in this CAFO.

## **II. ALLEGATIONS**

6. Respondent is a corporation authorized to do business in the State of Louisiana.

7. Respondent owns a chemical plant at 773 North Main Street, Sibley, Louisiana ("Facility") where regulated substances and other extremely hazardous substances are produced, processed, stored, and handled, and from which an accidental release could occur.

8. Within the Facility, the Respondent operates the facility to handle liquefied petroleum gases, pentanes, dimethyl ether, and 1,1-Difluoroethane. The products are stored at the facility in above ground storage tanks and processed and blended then transferred for shipment.

9. On August 31, 2015, the Facility experienced a release of various substances, including Dymel 152a (4,300 pounds), Cyclopentane (54 pounds) and N-Butane (5,708 pounds). These substances are extremely hazardous due to their flammable and toxic properties. The release resulted in a fire at the Facility.

10. Based on Respondent's analysis, the release was caused by an employee failing to follow the standard operating procedure, SIB 02-006, for rinsing cylinders. A fire ensued.

11. Several other factors contributed to the severity of the incident. These other factors include:

- a. a gate valve on the N-Butane load line was left in the open position on the Liquefied Petroleum Gas (LPG) manifold in the cylinder shed;
- b. the ball valve on the line from Tank 10 (N-Butane) was left in the open position;
- c. there was no emergency safety valve (ESV) installed on the LPG load line from Tank 10 or master ESV for the cylinder loading manifold;  
and
- d. The facility stored Cyclopentane in a drum, with other miscellaneous flammables, in the loading area, which contributed to the severity of the fire.

12. Respondent is a "person" as that term is defined by section 302(e) of the CAA, 42 U.S.C. § 7602(e).

13. The Facility is a "stationary source" as that term is defined by section 112(r)(2)(C) of the CAA, 42 U.S.C. § 7412(r)(2)(C).

14. Respondent is the "owner or operator" as those terms are defined by section 112(a)(9) of the CAA, 42 U.S.C. § 7412(a)(9), of a stationary source.

15. Dymel, cyclopentane, and Butane are extremely hazardous flammable substances that were released to the atmosphere during the release and subsequent fire.

16. The respondent did not design and maintain a safe facility on August 31, 2015 by failing to follow proper standard operating procedures related to the handling of extremely hazardous substances.

17. Pursuant to section 112(r)(1) of the CAA, 42 U.S.C. § 7412(r)(1), an owner/operator of a stationary source producing, processing, handling or storing substances listed pursuant to section 112(r)(3) of the CAA, 42 U.S.C. § 7412(r)(3), or any other extremely hazardous substance, has a general duty to: (1) identify hazards which may result from accidental releases of such substances using appropriate hazard assessment techniques; (2) design and maintain a safe facility, taking such steps as are necessary to prevent releases; and (3) minimize the consequences of accidental releases that do occur.

18. Respondent failed to design and maintain a safe facility and did not take such necessary steps to prevent accidental releases of Dymel 152a, Cyclopentane, and N-Butane to the ambient air.

19. Respondent's failure constitutes a violation of the general duty clause in section 112(r)(1) of the CAA, 42 U.S.C. § 7412(r)(1).

20. Respondent is therefore subject to the assessment of penalties pursuant to sections 113(a)(3) and 113(d)(1)(B) of the CAA, 42 U.S.C. §§ 7413(a)(3) and 7413(d)(1)(B), for at least one day of violation of the general duty clause of section 112(r)(1) of the CAA, 42 U.S.C. §7412(r)(1).

### **III. TERMS OF SETTLEMENT**

#### **A. CIVIL PENALTY**

21. Pursuant to the authority granted in sections 113(a)(3) and 113(d)(1)(B) of the CAA, 42 U.S.C. §§ 7413(a)(3) and 7413(d)(1)(B), and taking into consideration

the size of the Respondent's business, the economic impact of the penalty on the Respondent's business, the Respondent's full compliance history and good faith efforts to comply, the duration of the violation, payment by Respondent of penalties previously assessed for the same violation (if any), the economic benefit of noncompliance, and the seriousness of the violation, as well as other factors which justice may require, EPA and Respondent agree that an appropriate penalty to settle this matter is \$32,500.

22. Respondent shall pay the assessed penalty within thirty (30) days of the effective date of this CAFO. Respondent shall pay the assessed civil penalty by certified check, cashier's check, or wire transfer, made payable to "Treasurer, United States of America, EPA – Region 6." handling a delinquent claim. Interest on the civil penalty assessed in this CAFO will begin to accrue thirty (30) days after the effective date of the CAFO and will be recovered by EPA on any amount of the civil penalty that is not paid by the due date. Interest will be assessed at the rate of the United States Treasury tax and loan rate in accordance with 40 C.F.R. § 13.11(a). Moreover, the costs of the Agency's administrative handling of overdue debts will be charged and assessed monthly throughout the period the debt is overdue. *See* 40 C.F.R. § 13.11(b).

25. EPA will also assess a \$15.00 administrative handling charge for administrative costs on unpaid penalties for the first thirty (30) day period after the payment is due and an additional \$15.00 for each subsequent thirty (30) day period that the penalty remains unpaid. In addition, a penalty charge of up to six percent per year will be assessed monthly on any portion of the debt which remains delinquent more than ninety (90) days. *See* 40 C.F.R. § 13.11(c). Should a penalty charge on the debt be required, it shall accrue from the first day payment is delinquent. *See* 31 C.F.R. § 901.9(d). Other penalties for failure to make a payment may also apply.

29. Nothing in this CAFO shall limit the power and authority of EPA or the United States to take, direct, or order all actions to protect public health, welfare, or the environment, or prevent, abate, or minimize an actual or threatened release of hazardous substances, pollutants, or contaminants at or from the Facility. Furthermore, nothing in this CAFO shall be construed to prevent or limit EPA's civil and criminal authorities, or that of other federal, state, or local agencies or departments to obtain penalties or injunctive relief under federal, state, or local laws or regulations.

30. In any subsequent administrative or judicial proceeding initiated by the Complainant or the United States for injunctive relief, civil penalties, or other appropriate relief relating to the Facility, Respondent shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by the Complainant or the United States in the subsequent proceeding were or should have been brought in the instant case, except with respect to the claims that have been specifically resolved pursuant to this CAFO.
