IN THE MATTER OF CRESTWOOD PAINTING, LLC. Docket No. TSCA-07-2017 0002

> AGENCY-FEGICA 7 2017 FEB -7 AMII:02

4. Respondent is Crestwood Painting, LLC., a company doing business in the state of Missouri.

Statutory and Regulatory Background

5. Congress passed the Residential Lead-Based Paint Hazard Reduction Act of 1992 (the "Act"), 42 U.S.C. §§ 4851 to 4856, to address the need to control exposure to lead-based paint hazards. One of the stated purposes of the Act is to implement a broad program to reduce lead-based paint hazards in the Nation's housing stock. 42 U.S.C. § 4851a(2). The Act amended TSCA by adding *Title IV—Lead Exposure Reduction*, Sections 401 to 412, 15 U.S.C. §§ 2681 to 2692.

6. Section 402 of TSCA, 15 U.S.C. § 2682, requires that the Administrator of EPA promulgate regulations governing the training and certification of individuals and contractors engaged in lead-based paint activities, including renovation of target housing. Section 406 of TSCA, 15 U.S.C. § 2686, requires that the Administrator of EPA promulgate regulations requiring persons who perform for compensation a renovation of target housing to provide a lead hazard information pamphlet to the owner and occupant prior to commencing the renovation. Section 407 of TSCA, 15 U.S.C. § 2687, requires that the regulations promulgated pursuant to the TSCA include recordkeeping and reporting requirements to insure effective implementation.

7. Pursuant to Section 402(a) of TSCA, 15 U.S.C. § 2682(a), the EPA promulgated regulations at 40 C.F.R. Part 745, Subpart L, *Lead-Based Paint Activities*. *See* Lead; Requirements for Lead-Based Paint Activities in Target Housing and Child-Occupied Facilities, 61 Fed. Reg. 45778, 45813 (Aug. 29, 1996). Pursuant to Section 406(b) and Section 407 of TSCA, 15 U.S.C. § 2686(b) and 2687, the EPA promulgated regulations at 40 C.F.R. Part 745, Subpart E, *Residential Property Renovation. See* Lead; Requirements for Hazard Education Before Renovation of Target Housing, 63 Fed. Reg. 29908, 29919 (June 1, 1998). Finally, pursuant to Section 402(c)(3) of TSCA, 15 U.S.C. § 2682(c)(3), the EPA amended and recodified regulations at 40 C.F.R. Part 745, Subparts E and L, and added additional regulations at 40 C.F.R. Subpart L ("Renovation, Repair, and Painting Rule"). *See* Lead; Renovation, Repair, and Painting Program, 73 Fed. Reg. 21692, 21758 (Mar. 31, 2008).

8. The regulations set forth at 40 C.F.R. Subpart E, *Residential Property Renovation*, including the Renovation, Repair, and Painting Rule, require that owners and occupants of target housing and child-occupied facilities receive information on lead-based paint hazards before renovations begin, establish work practice standards for renovations that disturb lead-based paint in target housing and child-occupied facilities, and requires that firms and individuals performing, offering, or claiming to perform such renovations are properly trained and obtain EPA certification.

9. The requirements set forth in the regulations at 40 C.F.R. Subpart E, *Residential Property Renovation*, apply to all renovations performed for compensation in target housing and child-occupied facilities, unless otherwise excluded as set forth in 40 C.F.R. § 745.82. 40 C.F.R. §§ 745.80(a) and 745.82(a).

10. The regulation at 40 C.F.R. § 745.83 defines "renovation" as the modification of any existing structure, or portion thereof, that results in the disturbance of painted surfaces, unless that activity is performed as part of an abatement as defined by 40 C.F.R. § 745.223. The term renovation includes, but is not limited to, the removal, modification, or repair of painted surfaces or painted components (*e.g.*, modification of painted doors, surface restoration, window repair, surface preparation activity (such as sanding, scraping, or other such activities that may generate paint dust)); the removal of building components (*e.g.*, walls, ceilings, plumbing, windows); weatherization projects (*e.g.*, cutting holes in painted surfaces to install blown-in insulation or to gain access to attics, planing thresholds to install weather stripping); and interim controls that disturb painted surfaces.

11. Section 401(17) of TSCA, 15 U.S.C. § 2681(17), defines "target housing" as any housing constructed prior to 1978, except housing for the elderly or persons with disabilities (unless any child who is less than six (6) years of age resides or is expected to reside in such housing) or any zero-bedroom dwelling.

12. The regulation at 40 C.F.R. § 745.83 defines "firm" as a company, partnership, corporation, sole proprietorship or individual doing business, association, or other business entity; a Federal, State, Tribal, or local government agency; or a nonprofit organization.

13. The regulation at 40 C.F.R. § 745.83 defines "person" as any natural or judicial person including any individual, corporation, partnership, or association; any Indian Tribe, State, or political subdivision thereof; any interstate body; and any department, agency, or instrumentality of the Federal Government.

14. The regulation at 40 C.F.R. § 745.81(a)(4)(ii) states that all renovations must be performed in accordance with the work practice standards in 40 C.F.R. § 745.85. The "Work Practice Standards" that must be followed by firms performing renovations on target housing are set forth at 40 C.F.R. § 745.85. The Work Practice Standards include, but are not limited to:

(a) Pursuant to 40 C.F.R. § 745.85(a)(5), after a renovation has been completed, the firm must clean the work area until no dust, debris or residue remains.

15. The regulation at 40 C.F.R. § 745.86(a) provides that firms performing renovations must retain and, if requested, make available to EPA all records necessary to demonstrate compliance with this subpart for a period of three (3) years following completion of the renovation.

16. The regulation at 40 C.F.R. § 745.87(a) provides that failure or refusal to comply with any provision of 40 C.F.R. Part 745, Subpart E, is a violation of Section 409 of TSCA, 15 U.S.C. § 2689. Section 409 of TSCA, 15 U.S.C. § 2689, provides that it shall be unlawful for any person to fail to comply with, *inter alia*, any provision of 40 C.F.R. Part 745, Subpart E.

17. Section 16(a) of TSCA, 42 U.S.C. § 2615, and 40 C.F.R. § 745.87(d), authorize the EPA Administrator to assess a civil penalty of up to \$25,000 for each violation of Section 409 of TSCA, 15 U.S.C. § 2689. Each day that such a violation continues constitutes a separate

violation of Section 409. The Debt Collection Improvement Act of 1996, 31 U.S.C. § 3701, and its implementing regulations at 40 C.F.R. Part 19, increased these statutory maximum penalties to \$37,500 for violations that occurred after January 12, 2009.

General Factual Allegations

18. On or about March 18, 2016, and pursuant to Section 11 of TSCA, 15 U.S.C. § 2610, representatives of the EPA conducted a site visit at 3917 Scarritt Avenue in Kansas City, Missouri.
