

## External Meetings Between EPA and Chlorpyrifos Stakeholders

On April 29, 2021, the United States Court of Appeals for the Ninth Circuit ordered EPA to issue a final rule in which the agency either modifies the chlorpyrifos tolerances and issues a finding that the modified tolerances are safe, or revokes the tolerances by August 20, 2021. EPA held virtual meetings with stakeholders of chlorpyrifos to discuss their interests and concerns as EPA prepared the final rule.

### External Meeting dates and Organizations:

Date and Time (EDT)	Organizations in Attendance
