Commission Seeks Citizens For Advisory Committee

The new Basin Environmental Improvement Project Commission (Commission) is now seeking citizens to serve on its Citizens Coordinating Council (CCC). The CCC will be the primary way for citizens to give input on the work of the Commission.

Citizens are needed from all areas of the Basin (from Mullan, Idaho to Spokane, Washington) and with a variety of perspectives. If you are a property owner, a member of a business organization, environmental group, recreational group, service organization or are someone who would like to contribute to this important effort, the Commission wants to hear from you and wants you to participate.

If you or your organization wants to participate in the CCC, please contact the Idaho Department of Environmental Quality in Kellogg at 208-783-5781, to request an application form. You can also access the application form on the Commission's website at:

www.basincommission.com

Applications will also be available at the November 13th organizational meeting described below. **Note: If you have already submitted an application, you do not need to submit one now.**

The first organizing meeting of the CCC will be held on **November 13, 2002** from 6:30 to 9:00 p.m. at the Kootenai County Courthouse, Meeting Rooms 1A and 1B; located at 451 Government Way, Coeur d'Alene. At the meeting you will learn more about what tasks the CCC will perform and you can be a part of the formation of the group.

First organizing meeting scheduled for November 13 in Coeur d'Alene.

Mark your calendar and help make sure the voices of the public are heard during the cleanup in the Basin.

For more information about the Basin Commission's Citizens Coordinating Council, please contact:
