Title V Facility Permit, Revision No. 3

Dear Mr. Pack:

Enclosed please find the revised Title page, Table of Contents, Section D and Section H of your Title V Facility Permit. The revised sections reflect the approval of a Minor Permit Revision of the Title V permit. The South Coast Air Quality Management District (AQMD) issued a draft permit for Environmental Protection Agency (EPA) review on April 30, 2010, and no comments were received from the EPA. No Public Notice was required for the Revision.

The revision to Section H includes the revised permit as shown below:

## SECTION H, PERMIT TO CONSTRUCT

Appl. No.	Description
480859 & 480864	Two 520 HP Digester/Natural Gas fueled ICEs changed to allow a higher percent of natural gas on a monthly basis with no change in emissions.

Applications 486641 and 486644 in Section D and 373968 and 486643 in Section H have been re-issued to correct typographical errors under Administrative Permit Revision.

Please review the attached pages and then insert the enclosed sections in your Title V Facility Permit, and discard the earlier versions. If you have any questions concerning changes to your permit, or if you determine any administrative error, please contact Angela Shibata (909) 396-2737, within 30 days of the receipt of your permit.

Sincerely,

Jay Chen, P.E.
