**Re: Notice of Final Action - Minor Title V Permit Modification  
District Facility # C-1121  
Project # C-1081255**

Dear Ms. Valenzuela:

The Air Pollution Control Officer has modified the Title V permit for Aera Energy LLC located at the Heavy Oil Western Stationary Source in Fresno County. This is a modification to permit C-1121-23 to remove references to the "Heat Crossover Line" and to remove the references and requirements pertaining to the permit-exempt 4.5 MMBtu/hr burner.

Enclosed is the modified Title V permit. The application and proposal were sent to US EPA Region IX on September 2, 2010. No comments were received following the District's preliminary decision on this project.

Thank you for your cooperation in this matter. If you have any questions, please contact Mr. Jim Swaney, Permit Services Manager, at (559) 230-5900.

Sincerely,

David Warner  
Director of Permit Services
